### THE DAILY \_VENING BULLETIN : PHILADELPHIA, FRIDAY, APRIL 27, 1868.

### From our Third Edition of Yesterday.

From Washington. [Special Despatch to the Bulletin.] WASHINGTON, April 26.—The Navy De-partment have just received despatches from Commodore Rodgers, commanding our squadron off Valparaiso, in which he states that the Spanish Admiral had given notice to the City of Valparaiso, that he in-fended to bombard it without delay. Commodore Roogers at once notified him that he would resent it unless he gave am-

ple time for the removal of women and chil-

dren, and secure neutral property. The Senate Judiciary Committee have hung up the nomination of Stansberry, recently appointed United States Justice. The House Committee on Territories have before them the bill for the admission of Colorado, and its fate is extremely doubtful, No definite action was taken to-day by

the Senate Commerce Committee on the nomination of Smythe, Collector of New York.

The Vancouver Telegraph Line.

WASHINGTON, April 26.—The following despatch from Governor Kennedy has been received. VICTORIA, VANCOUVER'S ISLAND, April

24, 1866.—To the President and Secretary of State of the United States: I congratulate you on the completion of the Telegraph line connecting Vancouver's Island with the United States, effected by American enterprise. It is my earnest hope that it may prove an enduring link to bind the United States of America and Great Britain in the

# bonds of peace and progression. A. E. KENNEDY, Governor of Vancouver's Island.

EXECUTIVE MANSION, WASHINGTON, D. C., April 25th, 1866.—To Governor A. E. Kennedy, Vancouver's Island—We thank You for your bird you for your kind greeting and join with you in the hope that the enterprise, the successful prosecution of which is thus signalized, may be continued until it shall speedily unite the two continents and open to both a common and complete civilization.

ANDREW JOHNSON, WM. H. SEWARD.

Additional by the Nova Scotian. The London Times city article says the panic in the stock exchange became more general vesterday, and nearly all descrip foreign speculation securities at a further disastrous tions of closed at a further disastrous fall. The extent to which shares of a great majority of modern companies have been in the hands of weak holders is evi-dently much greater than was supposed.

and it now appears as if the market could not settle into a healthy condition until a general change in this respect shall have been effected. After business hours there was a great

renewal of heaviness. The discount demand at the Bank re-

mains moderate, the supply of money in the open market being ample at a fraction below 6 per cent. On the stock exchange loans are offered at 4@4½ per cent.

Three failures have already occurred in the stock exchange in connection with the approaching half-monthly settlement. There was a little more business in the

Cotton market yesterday, but the decline since last Friday has been equal to 2d, per pound. The last price of cotton from Paris shows a relapse of  $\frac{1}{2}$ .

From Paris it is reported that the Credit Mobilier Company has again been large sell-ers in all the principal securities. On this account the apprehensions of war are greatly increased.

The Fenians. EASTFORT, Me., April 26.—The steamer De Soto, the fiagship of the Eastern Squadron, arrived here to day. Gen. Killian and a number of other Fe-

Datans are in town. Some artillery arrived to-day from Treat's Island, and is being stored in French & Son's storehouses.
