THE ADAMS EXPRESS ROBBERY.

New Developments---Details by the Detectives. The great robbery of the Adams Expres Company's car in January last is fresh in the public mind. The recent trial of Tristam and Clark, at Bridgeport, resulted in their sentence to the State Prison, since when the detectives have been busily at

work, with the most favorable conse quences. The facts as developed and given by them, in connection with arrests made ast week, are as follows:

The originator of the entire scheme appears to be John Grady, a brakesman on the New York and New Haven train, who was captured at Bridgeport, Conn., while performing his usual duties, on the charge of robbing a passenger, for which he was lodged in jail. The facts in connection with the great robbery having previously been known to the Detectives, he was taken into custody on the lesser charge in order to keep him safe. Martin Allen, the engineer of the robbery, was arrested at No. 132 Carlton avenue, next door to the house of Engine Company No. 9, near Myrtle avenue, Brooklyn, on Saturday morning, at 5.30 o'clock. The Detectives having no legal authority make the arrest, procured the of Deputy Sheriff York

aid of Deputy Sheriff York, of Kings County, to accompany them. The party consisted of three Detectives, Deputy Sheriffs McGonigle and Moore, of New York, who watched Allen's house drains the entire party leads to the control of th house during the entire night until 5 o'clock in the morning. The officers observing that the occupants in the house were astir, called the servant girl to the basement door, and inquired for the accused. She denied he was within, and slammed the door in their face. It is suspected that the girl informed Allen of the state of affair, and he, withou further delay started down stairs and hid himself in the basement. The detectives made an entrance into the house through one of the front parlor windows and rushed up stairs in expectation of finding him, but failed. Subsequently he rushed into the back yard, and being there confronted by two of the officers in pursuit, returned; and bolting the door, came out of the front basement door, where he met another officer who demanded his surrender. Using some profane expressions, the prisoner boited back into the house, and bolting the front door he again took refuge in the basement. The officers who had en tered through the parlor window about this time came down stairs and secured him. The principal occupant of the house, on ascertaining the facts, and being convinced that the warrant for the arrest of Allen was legitimate, acted in a very marked and gentlemanly manner, in contrast with one of the brothers of the accused, also living on the premises. prisoner, on being captured, walked along quietly with his captors, causing no attention whatever while passing through the streets to the ferry. Gilbert McLane, alias Gilly McGlory, a well known sneak thief, usually hanging around the corner of How-ard and Crosby streets and neighborhood, was arrested in Howard street, near Broadway, at 8 o'clock on Friday night. James Wells, a brother-in-law of Martin Allen, was arrested at 9 o'clock the same night on Broadway, near the St. Nicholas hotel, having just come out of that place with two friends. He made no resistance whatever, but walked quietly along. The New York Deputies from Sheriff Kelly's office are entitled to credit for their efficient aid. The Police of this city, it is understood, knew who the robbers were immediately after the facts of the subbers become known but made your the robbery became known, but made very little or no effort to arrest them. The accused were taken to Bridgeport on Saturday and Sunday, and there brought before Judge Hall, of the Supreme Court, and committee

prison to await trial at the next term of

in default of \$8,000 bail each. The proo

against the accused is conclusive, and it is probable that they will be tried at the next term of the Criminal Court of Fairfield, Ct.

Fortress Monroe.

FORTRESS MONROE, May 8th.—A Military Commission has been convened by order of Lieutenant General Grant, and is now in session at Norfolk, for the purpose of ascer-taining and investigating the causes which led to the recent riot in that city during the negro procession celebrating the passage of the Civil Rights Bill. A number of witnesses have already been examined, and it is presumed the evidence will be quite volu-minous. The Commission met to-day and will prosecute without delay the various examinations of witnesses. The proceedings will be conducted with closed doors, and the evidence will be submitted directly to Lientenant General Grant. The following is his order under which the Commission

hog eggenhled. HEADQUARTERS DEPARTMENT OF VIB-GINIA, RICHMOND, April 28, 1866.—Special Order No. 94.—In obedience to instructions from Lieutenant-General Grant, commanding the armies of the United States, a Board of Officers is hereby ordered to convene at Norfolk, Virginia, on Monday, the 30th day of April, 1866, or as soon thereafter as prac-ticable, who will investigate the cause and progress of the recent riot in that place, and all the facts connected therewith. The evidence taken by the Board will be recorded in full and forwarded with their records to these headquarters. The Board is authorized to summon all persons whose testimony is desired. The post commander at Norfolk will render the Board such assistance as they may require. The junior member of the Board will record its proceeding. Detail for the Board:—Brigadier-General H. T. Burton, Colonel Fifth United States Artillery; Major Lyman Bissel, Eleventh United States. Infantry; Captain D. M. Vance, Eleventh United States Infantry.

By command of Brevet Major-General

E. W. SMITH, A. A. General.

FIRE IN NEW YORK,-At 6.30 o'clock yesterday afternoon a fire broke out in one of the upper floors of the five-story building, No. 198 Broadway. The flames gained good headway before the arrival of the firemen, but they went to work with so good a will that the flames were checked before they had extended below the fourth floor. The had extended below the fourth floor. The third, fourth and fifth floors were occupied by Alfred Reynolds, dealer in hats and caps. Loss by fire and water estimated at \$10,000. Probably insured. The second \$10,000. Probably insured. The second floor is occupied by Denison & Co., manufacturers of cloth labels and tags. Loss on stock and fixtures by water about \$3,000. The first floor is occupied by H. R. Hubbell, patent safe agent: Loss by water \$1,000. The basement is occupied by J. Beck & Stevens, barbers. Damage to fixtures \$500. Insured. The building belongs to J. E. Andrew, and is damaged to the extent of about \$5,000. Covered by insurance.—N.

STORM CLOUD.—The Richmond (Va.) Enquirer of May 8th says: "One of the heaviest and most remarkable storm-clouds which we have noticed for years passed over our city on Tuesday night. It was of inky blackness, circular in form, and seemed to revolve spirally upon an unseen axis, as it swept over the heavens from southeast to northwest. Its passage was accompanied by a furious wind and vivid and incessant lightning, but there was comparatively little thunder. As the cloud reached the zenith a furious hail-storm came up, which lasted nearly an hour. The wind prostrated seve-ral fences, and tore off large branches from trees in various portions of the city."

Coal Oil in the Southwest. Judge Swan, President of the Petroleum Company, showed us this morning a speci-men of the coal oil found in the parish of Calcasieu, and burned it before us. It is very pure, pure as any known, and we do not see why it should not be, nor why it

should not be found in Southern Louisiana in inexhaustible quantities. The extensive coal formations above in North Louisiana and Arkansas are ample guarantees of the presence of large quantities of the purest oil below. It is, indeed, found all through that country from Cal-casieu to the waters of the Quachita,

whence we have recently seen very handsome specimens. The coal beds and oil wells of Arkansas and Louisiana are, of course, geologically related to each other here as in any other country; but in their geographical and other relations they resembled the coal beds and oil wells of Southern Mexico most of all. In the great State of Oajaca are im-mense beds of the finest coal as in the State of Arkansas; while, below on the low Isthmus of Tehuantepec, are not only wells, but open ponds or lakes of petroleum whence all the ships of the world can be freighted, and all the people thereof supplied. It is not now, indeed, the question whether pe-troleum can, in sufficient quantities, be found; the practical questions are, its cheap transportation to market, and preparation for use. And therefore it is most gratifying to know that we have inexhaustible wells of coal oil so near the great city of New Orleans, where it can be prepared for use, and, by the facilities of navigation in the Mississippi Valley, transported, in its re-fined and purified state, direct to a large portion of the civilized world.-N. O. Pic

A MARYLAND GIPSY STORY.—The Newtown (Md.) Record has an account of an adroit transaction: "Two ing to the names of William and Mary Wallace, encamped about seven miles above Drummondtown, succeeded in persuading a Mr. Edward Wright, a merchant of the place, that if he would allow them to put any amount of his money in his trunk, the key and trunk both to be in his (Mr. Wright's) keeping, after it should remain a number of days undisturbed the amount number of days undisturbed the amount would be doubled, evidencing their faith in their prophecy and in him, by putting \$300 of their own money with \$5,000 of his, most of which was borrowed, which was done on the 5th instant. About nine days after this a gentleman from whom Mr. Wright had borrowed several hundred dollars called upon him for the amount. He (Mr. Wright) not being able to raise this without taking it from the amount in his trunk, went to it for that purpose, and found to his astonishment that no money was there, and upon inquiry learned that the Gipsies and money had gone together. He found in the trunk, however, a package similar to the bundle of money which he had supposed was placed there, and also a bundle of lead corresponding with a package containing three hundred dollars in gold, which he thought had also been placed

in the trunk. "We learn also that other parties, who do not wish their names known, lost two or three thousand dollars additional by the same transactions. It may be stated that they had before this performed some won-derful freaks of sleight-of-hand. Mr. Wright telegraphed immediately, offering \$1,000 reward for the apprehension and recovery of the money, which he has now increased to two thousand. William Wallace is of medium size, with dark hair and whis-kers. His wife Mary is a large woman with no complexion and with brown hair."

A WHALE IN THE CHESAPEAKE.-The schooner Clara Coward, Captain George White, of Tyaskin, Somerset county, en-countered a whale off Barren Island, in the Cheseapeake bay, on Monday, April 23d. The captain was at the wheel about sunrise Erm of the Criminal Court of Fairheld, Ct.
