From our Third Edition of Yesterday,

From Washington.

[Special Despatch to the Bulletin.] WASHINGTON, May 9.-It is given out today by one of the President's advisers that the veto on the Colorado bill is being prepared. The principal ground of objection is insufficiency of inhabitants.

There is no serious objection to Mr. McCulloch's new loan bill. It will be reported to the Senate in a few days.

To the surprise of everybody here, the Republican members from Philadelphia, with the exception of Judge Kelley, are working for the confirmation of Mr. Sloanaker. There is sufficient strength in the House

in favor of the League Island, so that as soon as it is reached it will pass that body. -Dr. Fuller to-day finished his argument on the merits of the case in the contest with General Dawson.

[Correspondence of the Associated Press] WASHINGTON, May 9.-An official decree from the government of Chile declares that neutral vessels which communicate with the ships of the Spanish squadron, or which furnish them with fuel, provisions, ammu-nition, or other supplies, will not be allowed to touch or land in any port of the Re-ruble public.

The Department of State has been officially informed by the Spanish govern-ment that fossil coal, the product of the mines of Chile, declared to be contraband of war by the commander of the Spanish squadron on the Pacific, shall only be con-sidered such contraband of war in case of its being despatched from Chilean ports destined to the enemy's ship. The Post Office Department has made a

contract for the conveyance of the mails from New Orleans to Mobile and back daily in suitable steamboats, also to carry the mails from New Orleans by way of Galves-ton to Indianola and back three times a week in suitable steamships. The President has approved the bill to

encourage telegraphic communication be-tween the United States and the West India Islands and the Bahamas. It provides that the International Ocean Telegraph Company incorporated under the laws of the State York, their successors and assigns ahall have the sole privilege for a period of fourteen years, to lay, construct land, main-tain and operate telegraphic or magnetic lines or cables in and over the waters, reefs, islands, shores, and lands over which the United States have jurisdiction from the shores of the State of Florida to the Island of Cuba and the Bahamas either or both, and other West India Islands.

The company shall at all times give the United States the free use of said cable or cables to a telegraphic operator of its own selection to transmit any messages to and from its military, naval and diplomatic or from its military, haval and diplomatic or consular agents, and the company shall keep all its lines open to the public for the transmission for daily publication of mar-ket and commercial reports and intelli-gence, and all messages, despatches and communications shall be forwarded in the order in which they shall be received, and the company shall not be permitted to charge and collect for messages transmitted through any of its submarine cables more through any of its submarine cables more than the rate of \$3 50 per message of ten words, subject, however, to the power of Congress to alter and determine said rates; *Provided*, That the Inter-mational. Ocean Telegraph Company shail within the period of three years from the passage of this act cause the said submarine cable or cables to be laid down, and that the said cable or cables shall be in successful operation for the transmission of messages within the said period of five years, other-wise this grant to be null and void, and

Congress reserves the power to, at any time, alter or repeal the above act. The President has also approved the bill ng the time fo shou han: Jacob Fellinger and Thos. Higgins, owners of the dogr. \$500 ball and David Hennick, James Mo sloy, Albert Crawford, James Slain and James O'Don-nell, \$400 ball for misdemeanor. This THE SCHUYLKILL HARBOR POLICE -The appointmentof a harbor police for the Schuylkill has already been announced. This morning the two boats for the use of the force were launched in the Delaw are from Pop ar street wharf. They are built in the most substantial manner. The presiding officer of the Conference in-troduced the delegates severally to the Pre-sident, remarking that they had, by a reso-lution unanimously adopted, come to pay their respects to him. Alluding to the fiery STEALING AT THE FIRE -A young man named F. McLaughlin, was arrested last evening at Fourth and Arch streets. He had in his pockets a lot of susperders, which he is alleged to have stolen from Mr. Cochran's stole during the fire ther. This morning McLaughlin had a hearing before Alderman Godbou, and was held in \$500 bail for trial. ordeal through which the Southern people had passed, he said he need not remind the RIOTOUS CONDUCT .- Henry Palmer, Michael Mackin, Fichard Gabla and Thomas Ball, mem-ters or adherents of different fire companies, were ar-rested at Fourth and Arch streets, last evening, during the fire at No. 22 North Fourth street, for riotous con-duct. They were held in $\sharp1,020$ ball by Aid, Godbou. President of the difficulties which environed them, and the poverty with which they were suffering. He, however, prayed that the blessing of Al-mighty God may rest upon the President, and that the Lord would give him the re-puisite wisdom and strength to perform his SUSPICIOUS .- Last night about 12 o'clock. a man, named David Conges, was found on a shed at the rear of a dwelling, No. 129 Green street, and it is supposed that his intention was to enter the premises, He bad left his shoes in an acjoining yard, This morn-ing Conges had a hearing before Alderman Toland and was committed in default of \$2,000 bail. The House proceeded to the consideration of the spe-cial order, being the Constitutional amendment re-ported from the Reconstruction Committee. Mr. Broomall (Pa.) addressed the House in support of the amendment proposed. He said it was to be expected that the joint resolution would receive opposition and denunciation from the "unrepentant thirry three." It was therefore useless to waste argument upon them. It was also to be ex-pected that the sit, Johnsonian new converts to Be-mocracy would vote against the measure, commencing with the gentlemen from New York, (Mr. Raymond), and ending with the gentlemen from Kentucky, (Mr. Smith), who had the discuss in its mildest and most amilable form.

WEST PHILADELPHIA.—The morning, over the river, opened a very grey pair of eyes, and wore something like a frown on her b.ow. The braze was quick, and came in gusts, with every promise of rain.
