OITY BULLETIN.

THE SHOOTING IN THE FIRST WARD. Hugh Mooney, Wm. Cook and James Bunfin, charged with riotous conduct, on Sunday last, at Ninth and Moore streets, had a further hearing before Ald. Lutz yesterday afternoon. Cook, it will be remembered, fired a gun, the ball of which took effect in the arm of a boy named Joseph Steele. The evidence showed that the rioting was begun by a gang of young men, and that the gun was not discharged by Cook until after he was attacked. The intention was to shoot one of the rioters, but the load took effect in the arm of the boy Steele, shattering it badly. Busfin was discharged, as the evidence did not connect him with the affair. Mooney and Cook were held for their appearance at Court.

MEAN ROBBERY.-A man named Matlan O'Brien was arrested last evening for the larceny of a gold watch and chain, belong-ing to a Mrs. Murray. It seems that Mrs. Murray had taken chloroform during the afternoon to ease the pain of the extraction of a tooth. Subsequently she went to Fairmount, and stepped into the Rialto House to get some refreshments. While there she inted, and a number of persons rushed to her assistance. O'Brien was among them and he was observed by Officer Westcott, of the Park Police, to take the watch and chain from her pocket and transfer it to his own. The accused will have a hearing at the Central Station this afternoon. He is reported as a notoriously bad fellow.

ACCIDENT AT FAIRMOUNT.—Last evening about six o'clock while the workmen were engaged in placing the stop in the new 48-inch main at Fairmount, the water was suddenly let in, and the pressure being too heavy, an immense joint was forced out. The ditch was instantly filled with water. At the time, Mr. H. P. M. Birkinbine, Chief Engineer, one of his assistants, and six men were in the ditch. They all mades men were in the ditch. They all made a narrow escape. Mr. Birkinbine was thrown against the iron pipe with such force as to bend almost double a penknife which was in his pocket. He was also much injured by

HANDSOME TESTIMONIAL.—The last Board of Controllers of the Public Schools, at its closing meeting, passed a complimentary resolution to Mr. Henry W. Halliwell, the faithful and accomplished Secretary. The resolution has been beautifully engrossed by Prof. Geo. J. Becker, of Girard College. The penmanship and ornamentation accompanying it consumed several weeks of labor, and were done with steel pens, made of watch springs. At the top of the piece is an eagle and American shield, of a fineness fully equal to the same figure on the national bank notes. On each side is an appropriate design, emblematical of educa-

ROBBERY AND ARSON.—Before Ald. Beitler, yesterday afternoon, Charles Mathers was charged with larceny and attempted arson. In the BULLETIN, of yesterday, it was stated that the dwelling of Henry Mathers, No. 1424 Brinton street, had been robbed and then set on fire, but the flames had been extinguished before any damage had been done. The defendant had been left in charge of the house while Mrs. Mathers was absent, but left before she returned. He was seen up stairs by a niece who called in the meantime. The accused was committed for trial.

ATTEMPTED ROBBERIES.—The paper box manufactory of Norman & Kerr was entered sometime during last night. The thieves ransacked the place, turned the drawers upside down but got nothing of any value. They then made an unsuccessful attempt to bore through the entry partition into a wooden ware establishment on the first floor. They left behind a brace and bit.
An attempt was made last night to enter a

grocery store on Vanhorn street, near Peel, in the Sixteenth Ward. The burglars were disturbed by one of the inmates of the house, while engaged in prying open the front door.

A FEW WORDS ABOUT CONFECTIONERY.

A FEW WORDS ABOUT CONFECTIONERY.

We have seen it asserted by sclentific authority, that sugar is the most nourishing substance in nature. How then can pure confectionery, which is composed entirely of sugar, be otherwise than wholesome? We will admit, however, that there are many dealers who use deleterious compounds in their preparations, but there are exceptions. Mr. George W. Jenkins, the popular confectioner at No. 1037 Spring Garden street, uses only pure sugar in his manufactures, and that fact is well known to his many patrons. He has at all times a most inviting stock not only of sweetments, but also of foreign fruits, such as oranges, lemons, Ra, nanas, figs, prunes, raisins, etc., etc. His store has become a popular resortfor our citzens at all seasons.

IN THE YOUNG AND RISING Generation, the vegetative powers of life are strong; but, in a few years, how often the pallid hue, the lacklustre eye, and emacaisted form, and the impossibility of application to mental effort, show its baneful influence? It soon becomes evident to the obsavver that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps, the yenth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the eyer-changing scenes of the city, the powers of the body too much enfeebled to give sest to healthful and rural exercise, thoughts are turned inwards upon themselves; the parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

Alasi increase of appetite has grown by what it fed on—the energies of the system are prostrated, and the whole economy is deranged.

Helmbold's Fluid Extract Buchu FOR WEAKNESS ARISING FROM EXCESSES OR INDISCRETION.

Attended with the following symptoms: Indisposition to Exertion, Loss of Power, Loss of Memery, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerves, Trembling, Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dirnness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic -ymptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Exputions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness with Horror of Society, Nothing is more desirable to such Patients than Solitude, and nothing they more dread for Fear of Themselves, no Repose of Manner, no Earnestness, no Speculation, but a hurrled Transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariable removes—soon follow Loss of Power, Fluxuity and Epiteptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson, at the

Fituity and Epileptic Fits, in one of which the passent may expire.

During the Superintendence of Dr. Wilson, at the Bloomingdale Asylum, this sad result occurred in two patients; reason had for a time left them, and both died of epilepsy.

Who cansay that these excesses are not frequently followed by those direful diseases, INSANITY and CONSUMPTION? The records of the Insanc Asylums, and the melancholy deaths by Onsumption, bear ample witness to the truth of these assertions. In Lunatickay lums the most melancholy exhibitions appear. The countenance is actually sodden and quite destitute—neither mirth nor grief ever visits it, Should a sound of the voice occur, it is rarely articulate.

"With world measures, wan deepair "With world measures, wan despair Low sullen sounds his grief beguiled."

Whilst we regret the existence of the above diseases and symptoms we are prepared to offer an invaluable gift of chemistry for the removal of the consequence, HELMBOLD'S HIGHLY CONCESTRATED FLUID EXTRACT OF BUCHU.

HELM-BOLDS FLUID RXTRACT BUCHU is composed of Buchu, Cubebs and Juniper Berries, selected with great care, and prepared in vacue by H. T. HELM-BOLD. [Dr. KEYSEE is a physician of over twenty years' experience, and a graduate of the Jefferson Medical to liege, and of the University of Medicine and Surgery of Philadelphia.]

MB. H. T. HELLEBOLD.—Lear Sir:—In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used in the various diseases where such medicate agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired in my judgment is warranted by the facts.

I have seen and used, as before stated, every form of Ruchu-the powdered leaves, the simple decoction, tincture, fluid extracts—and I am net cognizant of any preparation of that plant at all equal to yours. Twelve years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality I give yours precedence over all others, I do not value a thing according to its bulk; if I did other Buchus would out-do yours; but I hold to the doctrine that bulk and quantity did not make up value—if they did, a copper cent would be worth more than a gold dollar. dollar.

I value your Buchu for its effect on patients. I have cured with it and seen cared with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietory compound of whatever name. Respectfully yours, etc.,

NEW PUBLICATIONS. THERR'S NO SUCH A GIRL AS BALLY !"

A NEW SONG! Three Thousand sold in One Week In the standard sold in One Week [From the "Great Organ."]
This most popular and "taking" humorous song published combines cases and sentiment, love, life and laughter. The leading vocalists throughout the country are placing it in their budgets of good things, and delighting their sudiences with it nightly. Our homes are ringing with its melody. It is sung everywhere—in fact sung, whistled, hummed, drummed, Brass-Banded and Hand Organized, as no song has been since the days of the venerable Tucker. The song, the dance melody, and that unique echo, ab 1th, of "Sally, Sally, Selly," are making a most successful raid upon the popular taste.

[From the Stream Whitele 23]

[From the 'Steam Whistle,'']
Did you ever see such a song? Did you ever hear
one? Did you ever — well, to say that everybody
likes it, is only to echo the general opinion about Saily. [From the "Brazen Trumpet."]

A song that is irresisably funny must be irrepressibly popular. Here is one that possesses the former merit and has consequently secured the latter desideratum. Sally is bound to shine.

[From a Private Letter.]

**** Every man, woman and child in our neighborhood, who has a voice to sing, is sounding in our ears their positive assurance that "There's no such girl as Sally." We go to sleep at night and wake up in the morning only to hear that assertion a dozen times repeated ——."
