Williamsport, Pa., Election. WILLIAMSPORT, May 16.—Major James M. Wood, Republican, was elected Mayor to-day, by 129 majority, being a Republican gain of 200, the Democrats having elected the city officials for several years past. The Union men celebrated their victory to-night with fireworks, music, &c. The Democrats had a majority of 176 in East and Centre Wards, but the Republicans obtained a ma-Jority of 383 in West and Lycoming Wards.

SUICIDE.—Dr. B. L. Slago, assistant editor of the Atlanta Era, committed suicide at the Southern Hotel, St. Louis, Sunday last. It appears that he reached that city about one week previous to his death in a very melancholy mood. He was decidedly reticent and seemed to labor under some deep affliction. No money was found upon his person, but significant bottles labeled morphine and chloroform were found upon a table in his room. Several letters were also discovered showing that Dr. Slago meditated self-destruction, and indicate the cause for the rash act. One to his uncle A. R. Slago, of Atlanta, Georgia, contains a brief reference to his extreme poverty; another to Col. J. S. Prother, editor of the *Era*, requests that person to do justice to his memory; a third, without any address, says "misfortune has ever been my lot in life, and the culmination in the loss of that which is not my own, is unendurable;" letter, to the Southern Hotel proprietor, gives orders to allow the Masons to bury him, and a fifth letter, without date or su-perscription, indicates disappointed love, which was probably the primary cause of his misanthrophy, which resulted in his privided doubt. suicidal death.

SINGULAR CASE OF HANGING.—A singular case of death from hanging occurred near Mahanoy city, Pa., recently. An infant, a few months old, was sleeping with its parents in bed. Awaking some time in the night, the mother missed her child. Raising herself to search for the babe, she discovered it hanging outside of the bed suspended by the neck by the string of its night-slip caught on one of the pegs of the bed rail. Life was extinct. It seems that the child was accidentally sliding out of bed; and, as it passed over the bed-rail, its clothing caught on one of the oegs by which the bed-cord is attached, and thus suspended it could give no cry by which the parents might have been awakened.

FIRES IN THE WOODS.—Eastern Massa-chusetts has lately had several destructive fires in its woodlands. The one near Taunton, reported by telegraph, originated in an attempt made by some boys to smoke a squirrel out of a hollow chestaut tree. More than a thousand acres were burnt More than a thousand acres were burnt over. In Newton, also a terrible fire raged, threatening the beautiful villas of that sub-urban town, blazing along the whole circuit of the Cochituate aqueduct, and building up "a front of some two thousand feet of fierce flame" on Walnut avenue. One of the principal losses by this conflagration is the Newton Theological Seminary.

INTENSE HEAT FROM GAS.—M. Schlosing, a German chemist, has succeeded it is said, is discovering an arrangement by which an intense heat, sufficient to melt iron can be obtained from ordinary gas. The principle of his contrivance is the complete combustion of proportionate amounts of gas and air within a confined space. A copper tube, carefully pierced, is the chief instrument in securing these results. M. Schlosing was able to melt a piece of iron, weighing four hundred grammes in twenty

AFFAIRS AT YORK, PA .- The York papers note a number of handsome building improvements going on in that thriving town, among them the completion of the spire of the First Reformed Church. This spire is 225 feet high, and the difficult and perilous task of slating it has just been finished by Mr. C. F. Bailey, of Baltimore. Prof. S. B. Heiges has been re-elected superintendant of common schools for York county, and his salary increased from \$1,000 to \$1,500. The authorities are actively at work in putting

the town in a good sanitary condition. THE oldest church now existing in this country is situated near Smithfield, Isle of Wight county, Virginia. It was built in the reign of Charles I., between the years 1630 and 1635. The brick and lime were imported from England. The timber is English oak, and was framed in England. The structure is of brick, and erected in the most substantial manner. The mortar has become so hardened that it will strike fire in colli-

The Gazette will doubtless, under the new auspices, be more fresh and vigorous than ever, and realize its full share of success.

THE OHIO Statesman says: We learn that a gentleman, who was walking last even-ing rather leisurely along Third street, musing probably on the instability and vanity of all earthly things, accidentally had one foot caught in the expanded crinoline of a lady who was traveling in the same direc tion. A FATAL MISTAKE.—Two lads, one fourteen and the other seven years of age, sons of Mr. James Harmen, of Elmira, New York, went in search of sweet Sicily root in the woods near that city a few days ago. By mistake they dug up and ate a quantity of Indian poke or white hellebore, a virulent poison, from the effects of which they died

THE CHICAGO ABATTOIR. - A new city slaughter house has been erected at Bridge port, near Chicago, intended for the entire slaughter work of the latter city. It is two hundred and seventy feet long, one hundred and seventy-five wide, and three stories high. It has a daily capacity for working off twelve hundred head of cattle, two thousand hogs and one thousand sheep.

THE Jackson Clarion, a leading journal of Mississippi, sneers at the act of Congress in congratulating the Czar upon his escape from murder, as "the most ridiculous piece of sycophancy ever exhibited by a public body." ASSAULTING POLICEMEN-A MAN SHOT. — A young man named Charles Hart was shot last night, at Seventh and Bedford streets, by policeman James McCullen, Jr., of the Second District. On Saturday last, Officer McCullen arrested a party of va-grants in the neighborhood of Seventh, and Bedford streets. In the crowd were four stout, able bodied young men, who have been lounging about that vicinity for two or three years, and getting a living, as is supposed, by stealing. These fellows, by some means, got out of prison, and last night attacked Officer McCullen. They innight attacked Officer McCullen. They ininquired why they had been arrested, and
were told for vagrancy. One of them then
made a lunge at the officer, and the
latter seized two of the men. One man
broke away and picked up a brick. McCullen then discharged his pistol over the
head of the fellow to intimidate him, but
without avail. A second shot was then
fired and took effect in the heel of the man,
whose name is Hart, as stated above. Hart
was then taken to the station house, and this
morning was committed by Ald. Titterwas then taken to the station noise, and this morning was committed by Ald. Tittermary. Another of the party was afterwards arrested for assaulting Officer Dick. He was likewise sent to prison. He gave his name as John H. Manning.

SUSPICION OF ARSON.—Edward J. Godown was arrested yesterday by Lieut. Toldown was arrested yesterday by Lieut. Tol-bert, on suspicion of having set fire to his store, in the Twenty-fourth Ward, two or three weeks ago. It is alleged that the stock in the store was worth only about \$100, while it was insured for \$1,600; that the de-fendant had not paid much attention to bu-siness, lately, and had let the stock run down; and that he was seen about the pre-mises about time before the discovery of mises a short time before the discovery of the fire. He was taken before Alderman Allen and was held for a hearing at the Central Station this afternoon.

SLIGHT FIRES. - Yesterday afternoon about five o'clock a fire occurred at Hughes hay scales, at Jefferson Hall, Sixth and Christian streets. A ceuple of bales of hay, which were set fire by some children playing with matches, were burned. An early discovery of the flames prevented a serious

conflagration. This morning about four o'clock a building, No. 1022 Ridge avenue, occupied as a flour store and a fur renovating establishment, was slightly damaged by fire.

SUPPOSED LARCENY .- This morning, about 4 o'clock, a colored man named Ben jamin Dickson was arrested at Tenth and Shippen streets. He had in his possession two large-sized photographs in gilt frames, a basket containing something and a new pair of boots. These articles are supposed to have been stolen, although Dickson says that he bought them about six months ago and left them at his brothers house until last night. He was committed by Ald.

Suspicious.—A man named Charles Wilson, was found at an early hour this morning, lying or the porch of the house of Mrs. Carson, Bridge street, above Thirty-fifth. He had previously been observed by a policeman prowling about the neighborhood in a suspicious manner. Wilson was com-

mitted by Alderman Allen. SUDDEN DEATH .- Thomas Grant, employed in the plumber shop at the Navy Yard, died this morning at seven o'clock, while reading a newspaper in the shop. His death is attributed to disease of the heart. Coroner Taylor held in inquest in the case.
