Capture of Rebei Property-To Whom it

By the acts of July and August, 1861, all property of citizens of insurrectionary States found therein or in transit, and all vessels belonging to insurgents were required, when captured, to be forfeited, and the proceeds of the sale paid into the Treasury for the use of the United States. The proceeds of large captures of such property, amounting to several millions of dollars, are claimed by military and naval officers, and they are accordingly taking measures through the Admiralty Court to tax the property condemned and adjudged to their own use and that of the Naval Pension Fund. The question is now pending, before the Supreme Court, whether such property so captured should be forfeited to the United States or

for the benefit of the captors.

In view of these facts the house of Representatives not long ago directed the Secretary of the Treasury to withhold a distribution of the proceeds under the judicial amestions shall be determined, and requested him to take such means as, in his indement, might seem proper, to have the aims of the United States in such cases fully heard.

The Secretary, in response, says it does not appear by the files of the Treasury Department that the receipts of any such property as is described in the House resolution have been claimed by officers of the army, nor does it distinctly appear how much, if any, has been claimed by officers of the navy. Six hundred and eighty-seven prize cases have been decreed, amounting to nearly twenty-three millions of dollars, which amount, deducting say one-half credited to the navy pension fund, has been paid as follows: Amount paid to officers of the

the navy, 5,341,000

\$10,103,000 The files of the department do not furnish satisfactory means of determining what propertion of these amounts consists of the proceeds of property comprehended in the scope of the acts of July and August, 1861, inasmuch as that fact is not distinctly shown by the certificates of distribution and can be ascertained only by examination of the records of the several cases on the files of the respective courts.

The law of June, 1864, expressly provides that the next amount decreed for distribution to the United States or to vessels of the navy, shall be ordered by the court to be paid into the treasury to be distributed ac-cording to the decree of the court, which, the Secretary says in this respect, seems to leave no discretion to the department. It further appears that thirty-two cases remain pending in the United States Suprem Court, and two hundred and sixty-eight cases in the Circuit or District Courts; in all, three hundred cases, all of them nominally cases of prize of war, but more or less of which may be cases of revenue forfeiture under the acts of July and August.

The amount in litigation is equal to nine and a half millions of dollars. The Secre tary has taken steps to investigate the character of these ca

Presbyterian Old School Assembly. ST Louis, May 21.—In the Old School Presbyterian Assembly to-day, the memorial of the Convention called by Dr. Breckinridge, which held its session here last week, was presented and referred to the

Committee on Bills and Overtures.

The memorial reviews the relations be tween the Presbyterian Church and the Confederate General Assembly, and asks that this assembly treat that body as entirely illegitimate, to receive all loyal church the South, and regard the Southern States simply as a field for missionary labor.

A memorial was received from the ex-A memorial was received from the ex-cluded commissioners of the Louisville Presbytery, protesting against the action of the Assembly in their case. Dr. Vandyke, of Brooklyn, also offered a memorial to the effect that the resolutions of the Assembly concerning loyalty not having been sent to the Presbytery and adopted by them, are not

upon the churches.
Dr.Boardman, of Philadelphia, consumed the remainder of the day in a speech mainly in reply to an address of Dr. Thomas, of Ohio, delivered on Saturday, taking strong Ono, delivered on Saturday, taking strong grounds against the action of the Louisville Presbytery, calling it unjust, uncharitable, and jeopardizing the best interests of the Church and the cause of civil and religious

liberty.
Hon. Samuel Galloway, of Ohio, will reply to-morrow. The following committee was appointed to investigate the Louisville Presbytery case: Doctors McLean, Thomas, Hines, Walter Elders, and Galloway Clark Davidson. The New School Assembly is progressing

rapidly in the transaction of its business, but nothing of special or general importance is

The Freedmen in Georgia.

Augusta, Ga., May 21.—Gens. Steadman
and Fullerton had an interview on Saturday, at Savannah, with the General Con-ference of the African Methodist Episcopal Church, composed of clergymen from Georgia, Florida and South Carolina. Three of the members declared that the interests of the freedmen demands the continuance of the Bureau for the present.

Three others testified to instances of mal-

feasance by the Bureau Agents in South Carolina—poor, ignorant blacks having been deprived of the fruits of their labors and cruelly punished.

General Steadman urged the importance

of their cultivating a kind feeling with their late masters, and assured them that the Government would see that justice was done to the freedmen. Generals Steadman and Fullerton left for

Florida on Sunday.

THE MIANTONOMAH.—Commander Beaumont, of the United States steamer Miantonomah, in a recent report to the Navy De partment, from Halifax, states that the conduct of the vessel in the rough weather experienced on the voyage confirm the opinion previously expressed by him, in communicating to the Department that she is an excellent sea-boat, as safe, and more comfortable than any vessel in which he had ever

performed service.
Since the arrival of the Miantanomah at Halifax, she has been visited by the naval and military authorities, all of whom have manifested, in strong terms, their admiration of the vessel.

All reports which have been received at the Navy Department testify to the seagoing qualities of the iron-clad vessels, the experiences being much easier than those encountered during rough weather in ves-sels of other descriptions;

General Howard has issued the following circular: WAR DEPARTMENT, BUREAU OF REFU-GEES AND FREEDMEN AND ABANDONEI LANDS, WASHINGTON, May 21, 1866.—Cir cular No. 4.—In order to answer numerous inquiries from officers, agents and others, and, if possible, prevent misunderstanding with regard to the change of organization in this Bureau this circular is issued.

The Freedmen's Bureau

First. The Commissioner recommended, some time since, that the functions of a military commander of a State and assisant commissioner be exercised by the same officer. Wherever practicable this is being effected, as in Virginia and Mississippi. It s not done in condemnation of the assistant commissioners, who have labored hard and successfully, but to secure more prompt and effective administration than can other-

wise be done.

Second—The Commissioner calls the attention of all officers, officially, to the reports in circulation, as to acts of severity and cruelty toward the freedmen on their part; as to carelessness in rendering their monthly accounts, and other offences. Every officer or agent already accused shall have the opportunity of a thorough vindication before a court-martial. But the occasion for such trials are to be deprecated, and they must be forestalled by a thorough system of inspection and a prompt removal of every

unfaithful officer.

Third—Special attention is again called to the difficult duty of caring for the indigent.

Where intense excitement prevails to get rid of the Bureau, surely State and county officers will make some arrangement to re-lieve the General Government of this heavy expense. If the county officers or overseers of the poor will adopt the proper measures, the industrial and Government farms, which are now so much complained of, can be dis-

pensed with. In order to meet an emergency, when the whole system of labor was deranged, the Commissioner urged the forming of joint companies, the encouragement of the emigration of those accustomed to free labor, so as to afford promptly as many examples as possible of the successful employment of negroes under a free system. Apparently in keeping with these regulations, a few officers have invested their own means ointly with citizens in the planting interest. I know of no law or regulation of the army or of this Bureau, against this, yet it will almost inevitably lead to corruption, as it has already to bitter accusations. Hereafter such investments, within their own jurisdiction, by officers on duty in this Bureau, are strictly prohibited.

O. O. HOWARD, Major-General, Commissioner.
