The Convention then proceeded to an election for President. On motion of William Welsh, Esq., Rev. M. A. De W. Howe, D. D., of St. Luke's Church, Philadelphia, was nominated, and was unanimously elected viva voce.

On assuming the Chair, Dr. Howe said: My Brethren of the Convention:-Called to this position by your kind confidence, I cannot enter upon its duties without being solemnly conscious of the circumstances under which I am placed here; of the necessity which has been laid upon you to call some person to the Presidential chair. When you met a year ago, our dear and revered Bishop of many years was still living, though not with us; and our hopes and our ted towards him, imploring the Divine Goodness that he might be spared to return to us. He who gladly assisted him and who has

succeeded to his office, was then in this place and presided. He, alas, has gone on the same errand, in search of health; and our fears almost prevail over our hopes as we think of his absence. Assuredly these sad circumstances must exert a chastening influence upon our deliberations here. The absence of the father, one would think, would bind the children more closely together, and should argue for the Convention ask for your kind consideration. I shall endeavor to do my duty, to put the busi ness through with the utmost promptness, to exercise my best judgment in the discharge of the duties imposed, and to act with the kindliest feeling towards every in-

dividual member.

MEDICAL.

AYER'S CATHARTIC
PILLS are the most perfect
purgative which we are able to produce or which
we think has ever yet been
made by anybody. Their
effects have abundantly
shown to the community
how much they excel the
ordinary medicines in use.
They are safe and pleasant
to take, but powerful to cure.
Their penetrating properits slimu'ate the vital activules of the budy, remove
the dand grow distemper, simulate sluggish or disordered organs into their natural action, and impart a
healty tone with strength to the whole system. Not
only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases.
While they produce powerful effects, they are at the
same time, in diminished doses, the salest and best
physic that can be employed for children. Being suparcoated, they are pleasant to take; and, being purely
vegetable, are free from any risk of harm. Cures have
been made which surpass belief were they not substantiated by men of sur'h exalted pistion and character, as to forbid the suspicion of untruth. Many emineut clergy men and physici ans have lent their names
to certify to the public the reliability of our remedles,
while others have sent us the assurance of their conviction that our Preparations contribute immensely to
the relief of our afflicted, saffering fellow-men.

The Agent below named is pleased to furnish gratis
our American Almanac, containing directions for the
use and certificates of their cures, of the following
complaints:

They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Bilindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kineys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand Ayre and take no others. The sick want the best and there is for them, and they should have it.
