CITY COUNCILS.

The stated meeting was held yesterday

afternoon. SELECT BRANCH.

A communication was received from Chief Engineer Birkinbine showing that to pur-chase the Germantown Water Works will require an appropriation of \$18,449 98. Referred.

A report was submitted from the Committee on City Property recommending the re-moval of the Dead House, and an appropriation of \$1,400 to erect a new Green House. Agreed to.

A resolution was adopted requesting the Chief Commissioner of Highways to put stone steps to the Chestnut Street Bridge, at Twenty-fourth street. The orpinance from Common Council

changing the boundaries of the First and Second Police Districts, and providing for the erection of a new station house, was concurred in.

The Committee on Law reported favorably to changing the place of voting in the Se-cond precinct of the Eleventh Ward.

The Committee on Law made a report in reference to the payment to two of the mem-bers of the Gas Trust-Messrs. Elliott and bers of the Gas trust-messrs, milliott and McCarthy-the sum of \$350 each, for ser-vices rendered in making a report and au-diting accounts. The majority of the com-mittee reported that the act was illegal, but that it had been customary for years to pay members for services rendered to the Trust.

Col. Page made a minority report, in which he stated that Benj. Gerhard, Wm. L. Hirst, Richard Ludlow, W. G. Flanagan, Anthony Miskey, Lewis Cooper and John F. Gilpin, former Trustees, had in the same manner received moneys from the Trust. The majority report reports on the trust.

The majority report reprehends the cus-tom, though the services were valuable and absolutely called for by the Trust. The centire clerical force of the Board was occupied in other ways, and the services could not have been done but by gentlemen con-versant with the details and the routine of the business. The report terminated in a resolution discharging the Committee on Law from all further consideration on the subject.

The minority report closes with a resolu-tion that the City Solicitor be instructed to take steps to recover from William Elliott and John McCarthy the sum of \$350 each, illegally paid them by the Board of Trus-tees of the public Gas Works.

After a piquant debate of some length, Mr. Pollock moved that the names of all the gentlemen named in the minority report be included in the resolution.

The Chairman said it was very clear that in law no member of a body like the Gas Trust has a right to receive payment for personal services. The whole subject was indefinitely post-

Colonel Page read, by permission, ex-tracts from the phonographic report of the sitting of the special committee on the Gas Trust relative to the charge against himself arbitrariness toward Mr. Manuel, in

which he vindicated his course of action. An ordinance authorizing the Controllers of the Public Schools to contract for certain

school buildings was passed. The bill to appoint a joint special commit-tee to investigate the affairs of the Gas

Trustees was called up. A motion was made indefinitely to post-

Mr. Chas. Thomson Jones opposed the postponement, because the present commit-tee had nearly concluded its labors, and had nothing to do now but to examine the finan-cial affairs of the Trust. In this respect he thought that he should displease some of his colleagues in the Trust. They felt ag-grieved against Col. Page, while the speaker thought that in the heat of debate, on both sides, words had been said that otherwise would not have been spoken. The Chief Engineer has been misunderstood

farmers on the outskirts, buy the country produce and then sell the marketing on the curbstone. These curbstone hucksters control the price of all produce. They pay no tax, buy no license, but by a combination control the market. The farmers should be compelled to purchase a stall and sell themselves. The pavements should be cleared of hucksters. Mr. Fox said that while the bill was in-

tended to abolish the shinners it permitted the farmers of other counties to sell in our streets. It strikes at our own citizens, but gives liberties to men from other counties, The shinners pay taxes, but the farmers do not. The bill originated in the market-houses, who desire high rents. men on Callowhill street and on Coates street feed the Ward. Mr. Harper said that the passage of the bill will add to the expenses of the people. The shinners pay no rent, and therefore can sell cheaply. If the bill be passed, and only six per cent, be added to the general ex-penses of the people, it will make an addi-tion of at least \$30,000 a week to the house-hold expenses of our citizens. If there are six thousand families in Philadelphia, and their average produce bill reach \$5 a week.

Six incusand families in Philadelphia, and their average produce bill reach \$5 a week, this will be \$30,000 a week, or \$1,500,000 a year. No one desires to add such a sum to the expenses of the people. Mr. Evans said that if the bill be passed the people of his Ward would be compelled to go to Market street or to the river fronts and ferries for their marketing. Mr. Schenck (Ohio) gave notice that the Committee on Military At airs had care-fully revised the bounty bill, and had made alterations in it; that a repa int would be made to-day, and that he would ask the House to morrow, after the new ning hour, to consider it. One very material change in the bill is that all local bounties 1 paid to soldiers are to be taken into consideration and deducted from the sum which might otherwise appear due.

The bill, as originally reported, provided only for the deduction of the United States bounty, also received. This change will cut out from the benefits of the bill almost all who had enlisted after the payment of liberal bounties had commenced

THE FOURTH OF JULY FLAG PRESENTA.

TIONS.—The committee of arrangements for the presentation of the State colors, on the 4th of July next, held a meeting yesterday afternoon The city armory was selected as the place

of deposit for the colors upon their arrival n the city. The committee on parade and route re-

ported the following :

ported the following : Form on Broad street, facing west, right resting on Arch, down Arch to Tweith, down Tweifth to Chestnut, Chestnut to Second, Second to Walnut, and up Walnut o Independence Square. The Committee on Transportation reports

that all the railroad companies have agreed to carry the color bearers and guards free

of charge. It was agreed to invite all military organizations of the State (including military

schools) to participate. A resolution requesting the citizens to illuminate their houses on the night of the Fourth was adopted.

It was agreed to request General Meade, in presenting the colors to the Governor to make such remarks as he may deem appropriate and that the services of an additional

orator are to be dispensed with. The arrangements of the committee contemplate a magnificent scene in Independence Square, in which a large number of ladies are expected to participate, and a magnificent display of fireworks on Broad

street, in the evening. Late regimental commanders, whose colors are dilapidated, are requested to have the number of the regiment and the names of the battles in which their regiments participated inscribed upon streamers, to be attached to the staffs of their regimental

colors. The following will be the order of the proession:

lst. Commanding officer and staff. 2d. Mounted officers, not on duty with troops. 3d. Band.

4th. Dismounted officers, not on duty with troops,

5th. Regiments and detachments, 6th. General Meade and staff in coaches. 7th. Band.
