ELECTED.—Last evening, Henry A. Cook, Esq., was elected to fill the vacancy as President of the Hibernia Fire Company, No. 1, caused by the resignation of Colonel James Page. Mr. Cook is an old and valuable member of the Company, having been connected with it more than twenty years. Previous to the war he held the position of Vice-President. At the outbreak of the rebellion he entered the Fire Zonave Regibellion he entered the Fire Zouave Regiment as a private, and served so gallantly that he returned as Lieutenant-Colonel. We congratulate the Hibernia on having elected so able and competent a fireman and so thorough a gentleman and patriot.

THE DELAWARE COUNTY FIRE.—The fire at the cotton and woolen mill of Simeon Lord, near Darby yesterday, originated in the picker room, which contained a large quantity of material. This portion of the mill, with its contents, was destroyed, but the main building was not reached by the fire. A structure contiguous to the picker room, and used for purposes connected with the mill, was destroyed. The engine and boiler house escaped, as did the other outbuildings, owing to the efforts of the firemen. The total loss is estimated at \$10,000, and is believed to be fully insured.

MITCHELL & FLETCHER,

MITCHELL & FLETCHER,

"THERE'S NO SUCH GIRL AS SALLY,"

Everybody in Love with Sally.

The popularity of this new Song is shown by the experience of Jenkins. Mind you—the song had been ont but three days. Jenkins started to come down town, and halling a car he inquired whether it passed near Third street. "There's no Such Girl as Sally," replied the Conductor, 'hop in," At the Post Office a clerk handed him his letters and said, "There's no Such Girl as Sally," replied the Conductor, 'hop in," At the Post Office as clerk handed him his letters and said, "There's no Such Girl as Sally." Asking a broker the price of Gold, the answer was, "135 12—There's no Such Girl as Sally." At his place of business he epaned his paper, and his eye fell upon a fisming advertisement,

"There's no Such Girl as Sally."

And everywhere it is just so. In a ball room, ask a lady to dance and the reply is, "There's no Such Girl as Sally." Even at a wedding, last evening, the delighted bridegroom astonished all by voeiferously shouting, "There's no Such Girl as Sally." Our daughters are rattling it on their pisnos; our boys are whittling it indoers and out; our bands are appropriating it; our hand organs are grinding it very fine, and every one is fully of the oppnion that "There's no. Such Girl as Sally." At every music store the clerks anticipate the wants of their castomers as they approach the counter, and hand out copies of "There's no Such Girl as Sally."

No song published has created such a sensation, or stained in so short a time such a wide-pread popularies.

Girl as bally."

No song published has created such a sensation, or stained in so short a time such a wide-spread popularity. It is, most decidedly, the Song of the Day.

During the first few days, music dealers were obliged to tell their customers that they had not a copy. To avoid a repetition of so unfortunate a state of affairs, we have effected arrangements by whith we can keep presses running night and day to supply the demand. The Song, with Piano Accompaniment, finely printed, is for sale at all the Music Stores. Price 30 cents, on receipt of which wayll sense it test.

IN THE YOUNG AND RISING

Generation, the vegetative powers of life are strong; but, in a few years, how often the pallid hue, the lack-lustre eye, and emaclated form, and the impossibility of application to mental effort, show its baneful influence! It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps, the yeuth is removed from school and sent into the country. This is one of the worst movements, Removed from ordinary diversions of the ever-tanging scenes of the city, the powers of the body too much enfeethed to give zest to be althur and rural exercise, though is are turned inwards upon themselves; the parent's beart bleeds in anxiety, and fances the grave but waiting for its victim.

Alast increase of appetite has grown by what it fed on—the energies of the system are prostrated, and the whole economy is deranged.

FOR WEAKNESS ARISING FROM EXCESSES OR INDISCRETION. Attended with the following symptoms: Indisposition to Exertion, Loss of Power, Loss of Memory Difficulty of Freathing, General Weakness, Horror of Distance, Weak Nerves, Trembling, Horror of Death, Night Sweats, Cold Feet, Wakeful sess, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Apprile with Dyspetic symptoms, Hot Hands, Flushing of the Bady, Dyrpuess of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots flying before the Eyes, with Temporary Suffassion and Loss of Sight. Want of Attention, Great Mobility, Restressess with Horror of Society. Nothing is more destrable to such Patients than Solitude, and nothing they more dread for Fear of Themselves, no Repose of Manner. no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed togo on—which this medicine invariable removes—soon follow Loss of Power, Fatuity and Epiteptic His, in one of which the patient may expire.

During the Superintendence of Dr. Wilson, at the Bloomingdale Asylum, this sad result occurred in two patients; reason had for a time left them, and both died of epilepsy.

Who can say that these excesses are not frequently followed by those direful diseases, INSANITY and CONSUMPTION? The records of the Insan Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In LinaticAsylums the most melancholy exhibitions appear. The countenance is actually sodden and quite destitute—neither mirth nor grief ever visitat, Should a sound of the voice occur, it is rarely articulate.

"With worst measures, wan despatr

Low sulles sounds his grief beguiled."

Whits twe regret the existence of the above diseases and symptoms we are prepared to offer an invaluable gift of chemistry for the removal of the consequences, the EXTRACT OF BUCHU.

EXTRACT OF BUCHU. THERE IS NO TONIC LIKE IT. It is an anchor of hope to the surgeon and patient; and this is the testimony of all who have used or prescribed it.

PHYSICIANS, PLEASE NOTICE!

We make no secret of the ingredients. HELMROLD'S FLUID EXTRACT BUCHU is composed of
Buchu, Cubets and Juniper Berries, selected with
great care, and prepared in vacuo by H. T. HELMROLD. Druggist and Chemist of sixteen years' experience in the City of Philadelphia and which is now
prescribed by the most eminent physicians, has been
admitted to use in the United States Army, and is also
in very general use in State Hospitals and public Sanitary Institutions throughent the land.

[Dr. Keyser is a physician of over twenty years'
experience, and a graduate of the Jefferson Medical
tollege, and of the University of Medicine and Surgery
of Philadelphia.]

Mr. H. T. Helmbold.—Lear Sir:—In regard to the
question asked me as to my opinion about Buchu, I
would say that I have used and sold the article in
various forms for the past thirty years. I do not think
there is any form or preparation of it I have not used
or known to be used in the various diseases where
such medicate agent would be indicated. You are
aware, as well as myself, that it has been extensively
employed in the various diseases of the bladder and
kidneys, and the reputation it has acquired in my
judgment is warranted by the facts.

I have seen and used, as before stated, every form of
Buchu—the powdered leaves, the simple decoction,
tincture, fluid extracts—and I am net cognizant of any
preparation of that plant at all equal to yours. Twelve
years' experience ought, I think, to give me the right
to judge of its merits, and without prejudice or partiality I give yours precedence over all others. I do not
value a hing according to its bulk: If I did other
Buchus would out-do yours; but I hold to the doct-ine
that bulk and quantity did not make up value—lift hey
did, a copper cent would be worth more than a gold
dollar. dollar.

I value your Buchu for its effect on patients. I have cured with it and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietory compound of whatever name. Respectfully yours, etc., GEORGE H. KEYSER, M. D.. GEORGE H. KEYSER, M. D.. August 11, 1885.
