CITY COUNCILS.

The regular meeting was held yesterday

SELECT BRANCH. A communication was received from Chief Engineer Birkinbine, in response to official inquiry as to the amount of work done in the Water Department, under the loan to it of \$1,000,000. The Chief Engineer says that thus to the control of the contro of \$1,000,000. The Chief Engineer says that thus far a thirty-inch main has been laid in Poplar street; another thirty-inch main in Washington street, the crib work in front of Fairmount dam has been finished; the improvement of the Delaware Water Works; a forty-eight inch main from Fairmount to the Corinthian avenue basin; a thirty inch main from Corinthian avenue to the Kenington works; the Roxborough reservoir and the engine at Roxborough have been paid for out of the money. The work has mainly been done by contract, and in the strictest conformity with existing ordinan-ces. The total amount expended since the passage of the ordinance is \$273,238 77. Of this sum \$147,018 55 have been paid for work done under written contracts. The

balance was for wages and for the purchase of the necessary real estate.

A resolution was presented by the Committee on Water, authorizing the laying of water pipe on Bringhurst and Twenty-

second streets. Adopted.

An ordinance appropriating \$8,000 to carry on the Germantown Water Works, for the remainder of the year 1866, was also passed.

Mr. Bumm offered a resolution instructing the Board of Health to remove a nuisance at Thompson and North streets. sance at Thompson and Norris streets,

Mr. Shallcross presented a petition for the creation of a new police district, made up jointly from portions of the Nineteenth and Twenty-fifth Wards. Referred.

Mr. Barlow offered a resolution request-

ing the Mayor to return to the Chamber the ordinance forming the Seventeenth Police District, Adopted.

Mr. Hopkins offered a resolution permit-

ting the Germantown Passenger Raitroad to lay track on the Township Line road to Oakdale Park, a distance of 300 feet An ordinance from the Committee on Schools was now reported. It authorizes

the purchase of lots on the northwest corner of Dillwyn and Callowhill, and on Callowhill, west of Dillwyn, for school purposes.

The Committee on Prisons reported that it is necessary to have additional accommodations for prisoners in the county jail, and that another building with additionol corridors, is imperative. A lot, Dickerson street, south of the prison, can be had for \$12,500; one-third cash, the balance on zround rent. The ordinance accompanying the report provided for the purchase of the

Mr. King, Mr. Hodgdon and Mr. Barlow pronounced the terms proposed preposter-ous. The land was not worth more than a thousand dollars an acre. The close proximity of a prison did not give enhanced value to a property, and under no circumstances whatever was the lot worth anything like the sum asked for it for the purpose of a prison. oses of a prison. The subject was then laid over.

The resolutions relative to the death of the late Lieut.-Gen. Scott passed by Com-

mon Council was concurred in.

Mr. Freeman offered an additional resolution, requesting the citizens to close their places of business on the day of the obsequies of the deceased, and directing the Commissioners of City Property to have the State House bell tolled between the hours of 10 and 12 o'clock. Agreed to.

The Committee on Law reported relative to the resolution of inquiry, whether a mem-ber of Councils can act as trustee of the Gas Works, or hold office under the Gas Trust. The City Solicitor had been consulted on the subject, and had reported at length. From the various authorities he arrives at the conviction that there is no legal objection to the holding of such position by a Councilman, but a member of Councils cannot be legally elected trustee of the Gas Works. There is nothing to prevent a Trustee of the (Works being elected a member of Councils,

and thus serving in both positions. The same committee reported, covering a communication from the City Solicitor, pro-nouncing his opinion that the City Commissioners, in awarding a contract for stationery to the highest instead of the lowest bidder, are guilty of a misdemeanor in office, and

are liable to prosecution.

An election for Directors of Girard College was now entered into. Messrs. Robert M. Foust, Joseph R. Rhoads and Cyrus and Horn were the successful candidates.
For Trustees of the City Ice Boat, Messrs. W. S. Grant and W. J. Taylor were chosen.

Adjourned. COMMON BRANCH.
Mr. Harper offered the following:

Resolved, By the Select and Common Councils of the city of Philadelphia, That we have heard with profound sorrow and regret of the death of Brevet Lieutenant General Winfield Scott, the late illustrious commander of the army of the United States, whose name is indissolubly connected with the honor and glory of his country, and whose fame has proclaimed him the greatest captain of the age in which

his services were rendered,

Resolved, That we deeply sympathize
with the relatives and friends of the deceased, as well as with our fellow citizens generally, in their great loss; that we revere his many virtues, and console our-selves in the belief that his departed spirit

Resolved, That a copy of the above resolutions ba forwarded to the surviving members of the family of the lamented dead, and that the members of Councils wear the usual badge of mourning for thirty days. The resolutions were adopted unani-

mously,
Mayor McMichael returned, with his veto, the ordinance to tramway Owen, Taylor, Olive, Carlton and Bay streets. The reason offered was that the streets are unpaved. The first paving of a street must be done by property owners. The bill provides for the sum being taken from the annual appropriation to the Highway Dee Chamber sustained the veto.

Mr. Creswell offered a resolution instructing the Committee of Highways to remove the rails laid by the Schuylkill River Passenger Railroad Company on Twenty-fifth and other streets without the consent of

The resolution led to considerable discussion. It was stated in favor of the resolution that the company was pushing forward toward the completion of their road with-out sanction. It was on the other hand urged that the real mover of the resolution is the Hestonville Railroad Company, who desire to monopolize the street, and compel the Schuylkill River Railroad to buy off the Hestonville.

The resolution was finally referred to the Committee on Law.

Mr. Griffith presented a petition from the delegates appointed by a recent convention of firemen, asking Councils to appropriate money for the pay of two additional bell-ringers and have the State House bell rung. A motion to table was lost—yeas 14, nays 22. Mr. Griffith moved to refer to the Com-

mitte on Trust and Fire. Agreed to. Mr. Griffith offered a resolution requesting the Mayor to return the ordinance creating the Seventeenth Police district, in order that it be amended. Agreed to. John Devereaux was elected a Trustee of

On the preceding Thursday the Chamber adjourned while the clerk was calling the yeas and nays on the final passage of the resolution of Mr. Evans, appointing a special committee of Common Council to investigate the affairs of the Gas Trust. The clerk completed the call. The resolution was agreed to—yeas 36, nays 0.

The President named the committees

The President named the committee:

Chairman, Robert M. L. vans; Messrs, Derbyshire, Stanton, Bardsley and Wolbert, Select Council met the Chamber in Joint Convention, and elected the following:

Port Wardens: Richard Wildey. George W. Hacker, Samuel V. Merrick. George T. Parry, Samuel J. Christian, Thomas B. Beck, Oscar Thompson, Capt. E. A. Landell. For Trustees Northern Liberties Gas Works: Townsend Yearsley, Edwin H. Fitler.

The Select Council bill to purchase school lots in the Tenth Ward was called up.

Mr. Franciscus moved to recommit to the Committee on Law. Agreed to.

Resolutions were adopted to change the places of voting in the Third precinct of the Thirteenth Ward; in the Fourth precinct of the Fifth Ward, and in the Second precinct of the Eleveth Ward.

A number of Select Council bills were concurred in. The Select Council bill to purchase school

concurred in. The Select Council report of the Commit-

tee on Law was called up. By it it appears that John McCarthy and William Elliott, while Trustees of the Gas Works, received \$350 each for auditing the report. By the minority report of the same com-mittee it is shown that other trustees have received money for services done the Trust Mr. Benjamin Gerhard, \$750; Mr. Wm. L. Hirst, \$500; Mr. Gerhard at another time, \$500; Mr. Hirst at another time, \$500; Mr. Richard Ludlow, \$500; Mr. Wm. G. Flana-

gan, \$625. The reports came from Select Council with a resolution to discharge the committee from any further consideration.

Mr. Hetzel moved to strike out all after the word the strike out all after

the word "resolve," and insert "that the City Solicitor be instructed to proceed against Mesers, Elliott and McCarthy to recover the \$350 held by them properly be-longing to the City Treasury." Mr. Evans moved a re-amendment to include the names of Mr. Gerhard, Mr. Hirst,

Mr. Ludlow and Mr. Flanagan. The Chamber voted affirmatively on both amendments. When, however, the question came up on the resolution as amended. it was lost.

The Twelfth Ward school bill was con-Mr. Marcer moved that when the Chamber adjourn on the 12th of July it be to reassemble on the second Thursday of Septem-Agreed to.

Mr. Billington offered an ordinance that, as the progress of building improvement requires Ridge avenue, from Poplar to Montgomery streets, to be under exclusive municipal jurisdiction, a jury be appointed to assess the damages the Ridge avenue Turnpike Company will sustain in the

Mr. Stanton offered a resolution that per-mission be granted Messrs. Fitler and Weaver to place telegraph wire on the poles of the local telegraph north of Callowhill or Ninth street, with permission to erect such new poles as may be necessary to enable the firm to connect with their factory on Germantown road; provided, that Messrs. Fit-ler and Weaver will repair the lines before placing the extra wire, and will remove their wire at any time on thirty days' notice

from the Mayor. Agreed to.

Mr. Miller, Chairman of the Committee on Highways, reported that the committee had considered a resolution to grade Ninth street, from Montgomery avenue to Berks street, and found that, by the resolution of October 11, 1860, authorizing the paving of Ninth street from Berks to Oxford street, it it was provided that the city should not be charged for any grading to the street. They also find a contract dated Oct. 15,1860, uthorizing Benj. Dutton to pave this street They therefore reported negatively on the resolution, and introduced a new resolution to annul this contract, and relet it to a competent paver,
The report was accepted and the resolu-

tion adapted.

Mr. Billington offered a resolution that the arrangements, provided that the trip expense to the city. Agreed to.

Mr. Taylor offered a ordinance appropri-

ating \$125 to the Department of Markets, Wharves and Landings, to pay for furni-ture for the new building at Fifth and Messrs. Billington, Stanton, Fox, Franciscus and Nichols were named the committee on visiting the west. Adjourned.

The Impartial Suffrage League. Boston, May 31.—The Impartial Suffrage League held a meeting in Faneuil Hall, at noon, to-day, at which Governor Bullock presided. The meeting, though not large, was an weighting. presided. The meeting, though not large, was endusiastic.

A series of resolutions were presented

which declare that,

First—That the same spirit which caused the rebellion still threatens to posipone, and it may, unless conquered, prevent a benificent and permanent peace

Second—That the consummation of the work of National security and safety demands the earnest co-operation of the entire people.

Third—Returns thanks to Congress for its

courage, firmness and fidelity in resisting the admission of rebels to Congress. Fourth-The true doctrine of reconstruction is that the defeated rebels have no civil or political rights which loval men are bound to respect, and that all loyal men without regard to race or color, are entitled to equal rights as citizens of the Government which derives its just powers from the consent of the governed.

Fifth—The restoration of political power

to the authors of the rebellion would be an act of unparalleled political folly. Sixth—The exercise by Congress of the power to exclude the whole people of the rebel States from representation involves the power to exclude part and to admit part.

Seventh—The right of Congress to prescribe the qualifications of yoters for the election of President Vice President and election of President, Vice President and members of Congress, is essential to the harmonious working of a Republican sysem, and to the very existence of our Republican Government.

Eighth-Sectional animosities had their origin in denying equal, civil and political rights to all men before the law. Ninth-A call upon Congress to carry out the principles of the foregoing resolution is

Hon. Mr. McKee, of Kentucky, Colone. Stokes and ex-Governor Boutwell made speeches in support of the doctrines of the resolution, complimenting Congress and severely denouncing President Johnson. From Richmond - Rebel Honors to

Traitors.

RICHMOND, May 31.—The floral decoration of the graves of rebel soldiers buried at Hollywood Cemetery, for which extensive preparations had been made, took place to-day. Business was suspended in the city, and nearly the entire white popu-lation repaired to the Cemetery during the day to take part in, or witness the proceedings. There was no speaking or funeral ceremonies. The occasion passed of quietly, and without accident. The weather was clear and delightful.

CONFIRMATIONS.—The Senate, in executive session, has confirmed the nomination of James Wilson, of Indiana, as Minister Resident at Venezuela; William Faxon, of Connecticut, to be Assistant Secretary of the Navy, vice G. V. Fox, resigned, and the latter to be an addition Secretary of the Navy for six months, under the recent act of Congress. The Senate also confirmed Wm. Prescott Smith, so long and popularly known as Master of Transportation of the Baltimore and Ohio Railroad Company, as Collector of Internal Revenue for the Third District of Maryland, Edward Fox to be Judge of the United States District Court for the District of Maine, and Jas. L. Smith, of Iowa, to be agent of the O. T. O. T. and

From Washington [Special Despatch to the Enlletin.]
WASHINGTON, May 31.— The Mexican question was elaborately discussed again to day by the House Committee on Foreign Affairs, but no conclusion was reached.

A new tariff bill is being prepared in the Treasury Department which will be transmitted to the Ways and Means Committee

on Monday next. One of the President's organs in its issue rather ridicules the new constitutional amendment.

An army Surgeon, who arrived here to-day from Texas, where he has been stationed for some time, gives rather gloomy accounts of affairs in that State. Advices received by the Government from its agents in Germany indicate that our bonds will be returned in considerable quantities in the next few months, owing to the unsettled condition of affairs in Europe

Fatal Railread Accident. CLEVELAND (Ohio), May 31.—The train from Sandusky to-day was stopped on account of a broken engine, three miles west of here, and run into by the day express train from Toledo.

One lady, whose name has not been as-certained, was killed, and four or five other

persons were seriously and several slightly injured. Their names will be furnished as oon as obtained. President Newell, of the Toledo road, and Superintendents Flint and Rucher, are doing everything for the relief of the injured There will be no detention of travel, as the track is undisturbed.

Honors to General Scott at New York-General Suspension of Business.
New York, May 31.—The Produce Exchange, the Custom House, Stock Exchange and all ether public business will be suspended, to-morrow, in respect to the memory of Lieut.-General Scott.

XXXIXTH CONGRESS-FIRST SESSION. WASHINGTON, May 28, 1866. SENATE.—Mr. Ramsey (Minn.), from the Committee on Naval Affairs, reported a resolution for the relief of Paul S. Forbes, ontractor, for the building of the iron-clad

Mr. Wilson (Mass.), from the Committee on the two houses on the subject of the death of Lieutenant General Scott, reported a resolution of respect and veneration for the memory of the deceased, and that as a further mark of respect to the memory of the deceased, when the two houses adjourn to-day it be to meet on Monday next, and that a joint Committee of seven Senators and nine Representatives be appointed to represent Congress at the funeral of the late

General. The resolution was unanimously adopted. At one o'clock the Reconstruction resolutions were taken up. House.—On motion of Mr. Wilson (Iowa)

the Senate amendments to the House bill, to facilitate commercial, postal and military communication among the several States, were taken from the Speaker's table and

The bill has therefore passed both houses. The House resumed the consideration of the bill to promote the construction of a line of railroad from Pittsburgh, Pa., to Cleve-land, Ohio, which was under discussion when the morning hour expired, yesterday.

Mr. Le Blond (Ohio) made an argument against the principle of Congress assuming such authority as is proposed in this bili and that reported yesterday by Mr. Stevens to promote the construction of a line of railway between Washington and Northwest. He did not believe that Con-

Northwest. He did not believe that Congress possessed sovereign rights over each State in every essential particular.

Mr. Scofield (Pa.) opposed the bill, contending that the proper action to be taken by Congress would be the passage of a general bill instead of a special one.

Mr. Moorhead (Pa.) argued in favor of the bill, and expressed the hope that both it and the bill to construct a line between Washington and the Northwest would pass. ington and the Northwest would pass.

Mr. O'Neill (Pa.) opposed the bill, arguing that it was unnecessary as the

liberal to the neighboring States in regard o railroad facilities.

Mr. Eggleston (Ohio) spoke in support of the bill, and Mr. Coffroth (Pa.) followed on the same side.

The debate was closed by Mr. Garfield in advocacy of the bill. He concluded by the previous question, which was i by the House, and the bill was econded by then passed. Yeas 77, nays 41.

The morning hour having expired, the House proceeded to the consideration of the business on the Speaker's table.

TRINITY CHURCH PROPERTY. -The valuable leases, which have been so long held by Wm. B. Astor of the property called the Trinity Church estate, expire by limitation to-day, when the church will come into the management. The value of the numerous lots included in the leasehold is not far from six millions of dollars. There are three hundred and thirty-six lots, which were rented of the corporation in 1767, nearly one hundred years ago, the rental being quite a moderate interest upon the then estimated price of the lands. The value of the lots has gone through any number of gradations of advancement since that date, and some of them are worth now as much in cash as any parcels of real estate in the metropolis. The income from the houses which have been erected upon them alone has in a single twelve-month gone as high as one million three hundred thousand dollars. Whatever Trinty Church may determine to do with the lots it will besure to realize an enormous income from them. It is hardly probable that they will be leased for another long term of years, and they may be placed upon the market for sale. This is deemed an excellent opportunity for disposing of city real estate, and perhaps the church could not enter the market more opportunely.—N. Y.

SQUIRREL HUNT.—A party of twenty-four gentlemen, in Caldwell county, North Carolina, have just returned from a great squir-rel hunt.
