Reported Capture of Fort Erie.

New York, June 1st.—It is reported that Fort Erie, in Canada, opposite Buffalo, was captured by Fenians, to-day. They are said to be 5,000 strong, and 2,000 of them are said to be marching upon into the interior, and have already cut one telegraph line.

The Fenian Advance.

Buffalo, June 1st, 2:30 A.M.—The reporters of the Express have just returned from a point one and a half miles below Lower Black Rock. The head of the Fenian column, 600 strong, had reached that point, with their army train of nine wagons, loaded with ammunition. They declare they will effect a crossing before daylight.

that at 11 o'clock this morning the troops there were mustered by the sound of the bugle, and that the Great Western Railroad were all ready for any emergency. It is believed that Gen. Sweeny has sent some men into the province with instructions to rise at night, and seize the arms in the government buildings on the frontier.

[The same despatch from Buffalo, stating that the Fenians were constantly receiving additions to their numbers, and that nothing could be learned of their intentions further than that they were bound for California, that was sent east, has also been received in Toronto.] Toronto, May 31, 10 P. M.—A Cabinet Council was held at Ottawa to-day. No additional news was received as to the nature of the deliberations. Troops are under orders to march to-morrow. Four hundred leave here in the morning for Fort Colborne. The Fenians are now congregating at the drill sheds and evince much enthusiasm at the prospects of a fight.

At 10 o'clock to-night I saw crowds of Fenians with canteens ready to march. They are expected to leave for Sandusky, Ohio, by the midnight train, from which place or Ogdensburg the real attack is expected to be made. It is said that they only await the arrival of artillery which has been shipped from Chicago.

The Fenians have accurate plans of the Canadian defenses, and know the full strength opposed to them.

of the chapel, was the General, and has his name on a silver plate. It is the only new thing in the building.

General Scott was known to have frequently expressed a wish that his coffin should be wrapped in a very fine silk flag, which was presented to him some years ago. His body servant informs me that he alluded to this recently, and as the flag was at the late General's residence, in Elizabeth-town, New Jersey, it is possible that he had intended to have it brought to the funeral, and will be used as the General's coffin cover.

The hour appointed for the obsequies is 1 o'clock this afternoon.

The detail of officers to attend the funeral made by the Secretary of War, is as follows:

Brevet Major General L. Thomas, adjutant-general.

Brevet Major General E. Schriver, inspector-general.

Brevet Major General J. Holt, judge advocate-general.

Brevet Major General M. O. Meigs, quartermaster-general.

Brevet Major General A. E. Eaton, commissary general of subsistence.

Brevet Major General J. K. Barnes, surgeon-general.

Brevet Major General B. W. Bruce, paymaster-general.

Brevet Major General R. Deland, chief engineer.

Brevet Major General A. B. Dyer, chief of ordnance.

Major General O. O. Howard, chief of the Bureau of Refugees, Freedmen and Abandoned Lands.

Major General E. A. Hitchcock, U. S. volunteers.

Brevet Major General A. P. Shiras, assistant commissary general.

Brevet Major General E. D. Townsend, assistant adjutant-general, late chief of staff to Lieutenant General Scott.

It is said that Major General Hitchcock will not be able to attend, owing to sickness in his family at Washington.

THE FENIAN MOVEMENT, FURTHER REPORTS. Despatches from Buffalo, Rochester, St. Albans, Toronto, &c.

Unfounded Rumor of the Capture of Windsor and Sarnia, Canada. LATER FROM WASHINGTON.

The Fenian Outbreak Not Considered Important.

Buffalo, June 1st.—It is reported here that the Fenians have captured Sarnia and Windsor.

Rochester, N. Y., June 1st.—About 200 men, said to be Fenians, left this city last night, with rations prepared by Fenian managers. They had tickets for Roma, and probably were destined for the St. Lawrence region.

The Fenian leaders in this city are very active, and more men will leave to-night for the Canadian frontier.

Toronto, June 1st.—There is no word of truth in the reported capture of Sarnia and Windsor. Everything is quiet in those places.

The military authorities here are on the alert and troops are moving to the exposed points.

St. Albans, Vt., June 1.—About two hundred Fenians arrived here this morning, from Boston. They were all in citizens' dress, and without arms or other equipments.

The British Minister regards it as a miserable fiasco. Orders have gone forth to our military officers to keep vigilant watch on the Fenian movements.

General Howard is in daily receipt of most satisfactory information from all parts of the South, in reference to the working of the Freedmen's Bureau, notwithstanding the report of the President's special commission.

From Boston.

Boston, June 1.—The anniversary meeting of the New England Branch of the Freedmen's Union Commission was held last night, and was largely attended.

The speaker claimed that the number ought to be ten times as large, and that every dollar given to the object should be ten times as much.

CITY BULLETIN. THE FENIAN HEAD CENTRE.—By an advertisement it is seen that a hearty invitation is extended to all who sympathize with the Fenian movement, to visit James Stephens, the C. O. I. R., at his rooms in the Continental Hotel.
