SAN FRANCISCO, June 3 .- A fire last evening in Sansom street, near Pacific, destroyed 20 buildings, chiefly frame, valued at \$20,000.

A serious affray occurred yesterday on the ship Seminole, about sailing for New York. The first mate was badly cut on the head; Nichols, second mate, dangerously stabbed in the abdomen, and Gardner, third mate, also seriously stabbed. Two sailors, named Peterson and Bell, charged with the cutting and stabbing, were badly bruised with belaying pins or slugs. An officer reports the affair a mutiny without any extenuation. The sailors assert that the stabbing was done in self defence. SAN FRANCISCO, June 4.--Rust has ap-

This closes the line of the defendants.

FENIANS IN TROUBLE. -- Yesterday afternoon some fifteen or twenty Fenians got into the down passenger train on the Philadel-phia and Reading Railroad. They entered the cars at Phcenixville, and when Mr. A. Wolfinger, the conductor, asked for their fare they refused to pay. They then be-came very disorderly, and drawing pistols, threatened to shoot Mr. Wolfinger, if he did by Throgsneck, Jr., who had just before won the mile dash, beating this time Silk-stone, Buchauldus, Aldebaran and Arlingnot let them alone. The passengers on the train were also greatly annoyed and some of them were also threatened. Upon the arrival of the train at Norristown the conductor telegraphed to ton Colt-time, 2.21. The Paterson Races-The Steeple Chase

[From To-day's N. Y. Tribune.]

The second day of the Paterson race meet ing yesterday was a brilliant success; the attendance of visitors attracted by the exciting spectacie of the Steeple Chase being enormous. The Erie Railroad Company with all their vast resources, could scarcely transport the thousands who crossed the river to the Pavonia depot to find means of transit to the scene of sport. Upwards of 40 cars, heavily laden with living freight, were conveyed by the two special trains at 11 A. M. and 11.45 A. M., while the road was more extensively patronized than in pre vious years. It was estimated that between 12,000 and 15,000 persons were on the track filling the stands and enclosure: the numbe of ladies present was also unprecedently large. The great source of attraction was of course, the Steeple Chase, and the interest felt in it was undoubtedly increased by the recollection of the serious accidents which occurred to two of the riders in the last year's

The steeple chase was the first race, no vehicles being admitted inside the course until the race was over. There were four entries, viz.: Denis Reedy's Zigzag, Mr. Pepper's Nannie Craddock, Mr. Tierney's Boscoe, and Mr. Wood's General Williams, Zigzag was the favorite, selling in the pools for \$150; Nannie Craddock, \$66; Williams

\$50; and Roscoe, \$20. THE RACE.—Nannie Craddock was first off, and cleared the hurdle just above the stand first, with Zigzag second, Roscoe third, and Williams last. At the second leap, a stone wall on the first quarter, Nan-nie still held the lead, Roscoe, full of running, being second, having passed Zigzag, and General Williams refusing the leap, falling a long way behind. The third jump was a sunk fence, and Nannie and Roscoe took it close together, the favorite full 20 lengths behind. Roscoe kept well up with the chestnut mare in the next two leaps. there not being a length between them. At the double rail fence, on the homestretch side of the enclosure, Namie was her length ahead of Roscoe, and they cleared the water jump in front of the grand stand in mag-nificent style, amid the applause and admiration of the countless lookers on; Zigzag some lengths behind, also taking it in fine style. At the sunk fence on the far aide, the rider of Roscoe came to grief, but was quickly in the saddle again, although not until Zigzag had passed him in hot pursuit of Nannie Craddock, who held a lead of 10 lengths, which she speedily increased to 20. Coming to the water jump the second time, the mare took it beautifully, 20 lengths before Zigzag, whose rider fell off as he cleared it, but retaining his hold of his horse he quickly remounted; but Nannie had by this time obtained a lead of over 100 yards. The interest of the race was now comparatively over, for the mare carried on the running with a commanding lead, and although Zigzag made a resolute effort to reach her, he was unable to do so, and Nannie Craddock, for the third time in succession, was declared the winner of the Paterson Steeple Chase; Zigzag, 20 lengths behind, second; General Williams, third, and Roscoe, who fell at the last hurdle,

the other day), roses, iris, syringas, from the different gardens and green-houses of this wealthy congregation, from the Keens and others, gave a kind of sort of fairyland enchantment to the scene. On the plat-form were arranged the different silken banners of the various classes, while wreaths of evergreen were suspended between every lofty window, or-namented with the "Stars and Stripes," that fluttered with every gush of air. Happily, the evening was comparatively cool, for the audience filled every available foot of room. The pews seat over seven hun-dred, without the galleries; but there was to moving anywhere. Every aisle was filled, and spectators were happy in gain-ing a glimpse of things within from the vestibules without.

At the Police Station this morning, Ald. Allen was without a case. "Othello's occupation was gone."

At the Almshouse yesterday there were 21 admissions---16 males to 5 females; 4 deaths --one in "Women's Surgical," one in "Men's Medical," and two in the Almshouse. Citizens generally do not understand that the different departments mentioned in our reports are exclusive of pauperdom proper. That the Philadelphia Hospital for all classes of cases, is not, unfortunately connected with a mass of subjects, who in eight cases out of ten, are simply subjects, who in the long deserved, long needed House of Correction. Philadelphia would reduce its pauper expenses more than two-thirds, had Conncils sense enough (time enough, we mean) to examine into the merits of the subjećt.

There were 5 elopements—all male: dis-charges, 11—3 males and 8 females. The census, to-day, was 2,923; last year, 2,492 ncrease, 431.

On going westward, yesterday afternoon, we were pained to see some dozen or so of half-grown boys bathing on the city side of Chestnut Street Bridge, and twenty River Police in the neighborhood. The whole river front, on the city side, thus offends decency, but the boys have no Smith's Island to go to, and such is the result. One day Philadelphia will be proud of its public baths, under the surveillance of authority.

STEALING BOOKS .- Jared Ingersoll, who was charged with stealing a book from the Mercantile Library, had a hearing at the Central Station yesterday afternoon, and was committed in default of \$1,500 bail for a further hearing. Nearly an entire set of works, of the same character as that found in the possession of the accused, have been carried off. Other rare and valuable books, difficult to obtain, are also missing. At the lodging room of the accused were found a lot of remnants of books, which had been stolen from the Mercantile Library, and it is supposed that the books have been sold as waste paper, after the marks showing that they belonged to the library had been torn out.

MAN STABBED,-Andrew Quinn was stabled, yesterday, at Twenty-fourth and Locust streets. It appears that a man who was selling potatoes stopped to take some into a house and while absent from his wagon his vest was taken by Quinn and another man. The owner of the vest asked for it, and a quarrel ensued between him and Quinn. The potato man finally drew a knife and plunged it into the stomach of Quinn, causing a dangerous wound, from which there is a probability of his dying. Quinn was taken to the Pennsylvania Hos-

Finance and Business-June 7, 1866. The report of a Bank defaisation in New York had a dampening effect at the opening of the Stock Board this morning, and all the speculative shares on the list were very heavy, but as the day advanced a firmer feeling prevailed, and there was more disposition to operate.
