dent of the Boston Advertiser writes from St. Albans that Colonel Contri's scouting party, having advanced about two miles and a half into Canada, picked up in a pasture a horse for their colonel, who at once mounted upon it. A skirmish happening mounted upon it. A skirmish happening to take place shortly after, the gallant officer galloped off with his newly acquired steed, and reported the result to General Mahon. The letter writer adds that the horse captured by Colonel Contri was a venerable animal of twenty-three years, worth not more than one dollar. He belonged to an American living just across the line.

of the Baptist Seminary a deal of trouble by peraistently making love, orally and by letter, to the young ladies under his charge. The other day the principal learned that some of his pupils had packages of letters from young gentlemen in the city—tender epistles. Exasperated beyond endurance he caused the young ladies to stand up before the entire school and read the letters in full, with the names of the writers. There was a fluttering in the school.

POPULATION OF ELIZABETH CITY, N. J.—Elizabeth city, with a population of about twelve thousand, employs in manufactures a capital of \$818.925, and the value of which is \$1.784,621, which gives her rank in the order of her produce of manufactures as the seventy-second city in the Union. For these productions 1,046 males and 38 females are employed. females are employed.

in the environs of Parls between two officers of the garrison. One of them was killed on the spot; the other had his breast pierced, it is believed, mortally. The doctor's horse, as he was leaving the field, took fright, threw him against a tree, and killed him on the spot.

Powell, who died in Covington, Kentucky, a few days ago, bequeathed his head to Mrs. F. H. Kinzie, of Cincinnati, to be used for scientific purposes; in accordance with this, a surgeon cut off the professor's head, and it is now in the possession of the lady.

(N. J.) State Gazette reports that about \$30, 000 have been subscribed for the establishment of a racing ground in the neighborhood of Trenton, to be laid out on the same plan as that at Paterson, and conducted in the same manner.

PILLS are the most perfect
purgative which are able to produce or which
we think has ever yet been
made by anybody. Their
effects have abundantly
shown to the community
shown much they excet the
ordinary medicines in use.
They are safe and pleasant
to take, but powerfull occure.
Their penetrating properties stimulate sluggish or disordierd organs into their natural action, and impart a
litealty tone with strength to the whole system. Not
only do they cure the every-day complaints of everybody, but also formidable and tangerous diseases.
While they produce powerful effects they are at the
same time, in diminished dress, the safest and besi
physic that can be employed for children. Being sugarcoated, they are pleasant to take-; and, being purely
vegetable, are tree from any rik of harm. Cures have
been made which surpass belief were they not substantisted by men of surh exalted p sition and character, as to forbid the suspiction of untruth. Many emirent clerg; men and physicians have lent their names
to certify to the public the reliability of our remedies,
while others have sent us the assurance of their conviction that our Preparations contribute immensely to
the relief of our afflicted, suffering feitow-men

The Agent below named is pleased to furnish gratis
our American Almanac, cantaluing directions for the
use and certificates of their cures, of the following
complaints:

Cositiveness, Ellions Complaints, Rhenmatism, Dropsy Hearthurn, Headache arising from foul stomach

use and certificates of their cures, of the following complaints:

Cosilveness, Billious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach. Nausea, Indigestion, Morbid Inaction of the Bowels and Fain arising therefrom. Fiatuleucy, Loss of Appetite all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Billodness, Neuralgia and Nervous Irritability, Derangements of the Liver and KI neys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions. Do not be put off by unprincipled dealers with other preparations which they make more profit on. Dematd Aven's and take no others. The sick want the best aid there is for them, and they should have it.

DRUGS.

THE GREAT AMERICAN DEODORIZER AND DISINFECTANT.

This article owes its peculiar value as a DEODORIZER to the fact that it decomposes and destroys all noxlous gases and vapors that are given off from putrifying animal or vegetable matter

DR. W. E. A. Alkin, Professor of Chemistry in the University of Maryland. says: "For an efficient and reliable Deodorizer and Disinfectant, always ready for use, and not liable to any change, equally valuable in the sick room and in the foul sink, it has, in my opinion, no equal. opinion, no equal.

This opinion is concurred in by Drs. Miltenberger, Johnson, Chew. McSherry, Butler, and Dr. Van Biber, who made the report to the National Sanitary and Quarantine Convention of 1859, 8398:

"It is the best deeddrant of which I have any know-

ledge:
"Arri. It evidently answers the purpose.
"Scond. It is odorless itself.
"Third. It is easily kept and managed.
"Fourth. It is comparatively cheap."
