desire of the Imperial Government to keep Insuguration of the Soldiers' Home. The inaugural ceremonies of the Soldiers' Home, at Sixteenth and Filbert, last evening, drew together a large assemblage of ladies and gentlemen. The soldiers had a prominent place, and through the direction of the lady managers, the building was handsomely decorated with flags and the corps badges of the army. A fine band of music was in attendance, and varied the entertainment with some excellent musical lections. Mayor McMichael presided, and the ceremonies were opened with prayer by the Rev. Dr. E. R. Beadle.

Mayor McMichael then addressed the audience, and said that he thought it proper for him to be present, in order, as the Mayor of the city, he could give an official stamp to the proceedings and testify the public ap-preciation of the great work they inaugu-rated. He regretted the absence of a number of gentlemen who were announced to speak. Mr. Gibbons was to be present with a detailed statement of the operations of the organization. He was unavoid ably detained at home. But no detailed statement was necessary to show the value of this institution. Its object was sufficient to insure the attention and merit the approbation of the people. Since the opening of the Home one thousand and sixty men and been sheltered. It is to soothe the men who have been wounded and maimed in the cause of the country that this society has been organized. The speaker referred to the ladies of Philadelphia as exhibiting an amount of sympathy for the soldiers not equaled by that of any other community in the world. It is now the duty of our citizens to do all in our power to assist in maintaining this institution and increasing its usefulness.

A letter from General Geary was received expressing his regret at not being able to be present, and announcing his warmest sympathy for the institution. Mr. Joseph Thomas, the next speaker,

urged that there was no necessity for a speech in the presence of these wounded soldiers. Their sufferings and their losses in behalf of the Union were more eloquent in appeal than any words that could be used. Commodore Poor, James A Freeman and others addressed the audience, and the entire proceedings throughout were of the most interesting character. Towards the close Mr. N. K. Richardson recited Drake's Ode to the American Flag. To-day and to-morrow the Home will be open to visitors, and our citizens will have an opportunity to inspect the interior arrangements.

The Cricket Match.

Yesterday morning the match game of cricket between the Young America and St. George Clubs was resumed at Germantown. The game commenced shortly before 11 o'clock, with the Young America at the bats,

on the second innings. The Young America played well, and it was thought by the large concourse of per-sons present, that they would have suc-ceeded in winning the match had not the rain interfered with the play. It was finally concluded to draw the game, as the rain continued to fall. Appended is the score of the game as far as it proceeded :

XXXIXth Congress-First Session. WASHINGTON, June 14.

WASHINGTON, June 14. SENATE.—A bill was passed authorizing appointments in the pay department of the Navy to be selected from Acting Assistant Paymasters who have served two years.

Mr. Morgan (N. Y.) presented the memo-rial of the Chamber of Commerce, of New York, in favor of the passage of the Bank-rupt bill. Referred to the Judiciary Com-A bill to define the number and regulate

the appointment of officers in the Navy, was taken up. It provides that the officers of the Navy shall be one Admiral, one Vice Admiral, ten Rear Admirals, twenty-five Commodores, fifty Captains, ninety Com-manders, one hundred and eighty Lieutenant Commanders, one hundred and sixty Mas-ters, and in other grades the number now allowed by law. The pay of the Admiral shall be \$10,000 per annum. House. Mr. Lawrence (Pa.) introduced

a bill for the creation of a National Bureau of Insurance, and to provide for funding the indebtedness of the United States. Read twice and referred to the Committee on Ways and Means. Mr. Schenck (Ohio) from the Committee

on Military Affairs, reported back a substi-tute for the House bill for the reorganization of the army. Ordered to be printed and postponed till Tuesday next. Mr. Paine (Wis.) introduced a bill to

create the collection district of Corpus Christi. Read twice and referred to the Committee on Commerce. The Senate bill to authorize the Commis-

sioner of Patents to pay those employed as examiners and assistant examiners fixed by law for the duties performed by them, which was before the House at its adjourn-

which was before the House at its adjointh-ment yesterday, came up in order. Mr. Harding (Ky.) withdrew his motion to lay the bill on the table. After some discussion, in which Mr. Went-worth (Ill.) informed Mr. Jenckes, who had charge of the bill, that after getting a bankrupt law through the House he now wanted to bankrupt the treasury, the bill

was passed by a vote of yeas 65, to nays 41. Mr. Whaley (W. Va.) presented the cre-dentials of Lewis Hanes, claiming to be elected to Congress from the Fifth Con-gressional District of North Carolina. Re-

ferred to the Committee on Reconstruction. Mr. Eldridge (Wis.) made the objection that that Committee had made its final re-ports, and consequently was discharged. The Speaker overruled the objection, stat ing that the committee had not been dis

charged, that various matters had been re-ferred to it on which it had not reported; and that at all events the House had the right to refer a matter to it. The House resumed the consideration of

the bill which was up yesterday, to establish Assay offices at Portland, Oregon, and to discontinue the branch mints at Dallas City, Oregon, Charlotte, N. C. and Dahlonega, Georgia.

From Washington.

[Special Despatch to the Builetin.]

WASHINGTON, June 14 .- The Finance Committee nearly finished the Tax bill today. They expect to get it ready to report to the Senate to-morrow. They have thus far made very little alteration in it. They leave the tax on whisky and beer as it passed the House.

The Senate Naval Committee have taken no action yet on League Island. Senator Grimes will report it at the next meeting The friends of New London and other site, will endeavor to defeat it by postponement. Messrs. O'Conor and Pratt have left the city, having failed to induce the President to interfere in Jeff. Davis's behalf.

Our Relations with Austria.

WASHINGTON, June14.-Minister Motley. on the 6th of May, addressed a letter to the Austrian Government, in which he remarks that in the opinion of the United States, the time seems to have arrived when the position of the U.S. Government in relation to Mexico should frankly and distinctly be made known to the Imperial Government and to all others whom it may directly concern. He is accordingly instructed to state that the United States sincerely desire that Austria may find it just and expedient to come upon the ground of non-intervention in Mexico, which is maintained by the United States, and to which they have invited France. They could not but regard as a matter of serious concern the despatch of any troops from Austria for Mexico while the subject he was thus directed to present to the Austrian Government remains under consideration.

Forcible and armed interference by the European Powers with the established institutions on the Western Continent, was long ago proclaimed, on the highest official authority, as of necessity, to be considered a manifestation of an unfriendly disposition toward the United States. He repeats the earnest hope that it may not be found inexpedient to postpone the departure of fresh troops from Austria to Mexico until such answer to his communication as may be made, shall have been candidly and deliberately considered by the United States Government.

Count Mensdorff, on May 30th, says in the conclusion of his reply:

"The undersigned, although not sharing all the points of view developed in Mr. Motley's note, is nevertheless in a position to announce to him that that in consequence of the above-mentioned considerations, the necessary measures have been taken in or-
