THE BULLETIN'S BIG GRANITE SLAB,-After considerable delay in getting the large slabs of granite for the sidewalk in front of the New Bulletin Building, they have at length arrived, and Messrs. Dolan, Shields & Co. are now engaged in putting them in their appropriate place. The largest of the two that are needed to replace the portion of the sidewalk destroyed at the time of the conflagration of January last, weighs twelve tons, and it is said to be the largest slab ever brought to Philadelphia. When it is borne in mind that this huge mass of stone was brought from the extremest verge of the State of Maine, and immediately upon the Canadian border, the trouble, labor and expense involved in pro-curing it will be the better appreciated. The BULLETIN can now boast the most complete newspaper office in the city, and the biggest slab of stone in its sidewalk.

THE ROXBOROUGH WATER WORKS.-Messrs. D. Cramer & Son have received the contract for the construction of the engine and boiler house for the new water works at Roxborough. The bids were as follows: S. I. Givin, \$19,500; H. Phillips, \$24,781; D. Cramer & Son, \$17,900. The building to be constructed will consist of an engine house, boiler house and stack, and to be situated at Green Tree Run Station, 8½ miles from the present works. When completed the whole will form one building, 39 by 127½ feet, the stack to be 100 feet high. The building will be of gneiss stone, quarried near by, with brown stone dressing and French roof. The stack to be constructed of brick. The water way and the foundations for the pump and engine are to be constructed by the Water Department.

IF PEOPLE would, for a moment, look at the state of their skin, and ask themselves how often they have given it a thorough cleansing, and inquire of reason the consequences of such dire neglect, they would soon be convinced, and fly to the ablutions of the Bath. Many a dashing belle applies to a physician for a recipe to procure a blooming complexion. The apothecary is laid under contribution to the man of fashion for beautifying powders and cosmetics to give freshness to his pale features; both are mistaken in their applications, and, would find their searches requited in the water and watery vapor, that is, in the baths, of cold cascades, under the douche, the shower, or, in the still waters of the hot, tepid, and cold bething records. bathing vessels. Water, soap and flesh

brushes are the servants of health. MILITARY MEETING.-The officers and men of the 71st Regiment, P. V., known as Baker's California Regiment, held a meeting last evening. Col. R. Penn Smith presided. A preamble and resolutions were adopted, setting forth that the regiment will parade on the coming Fourth of July, in dark dress, white gloves and fatigue cap, unless the colored troops be allowed to participate in the celebration, in which event the colors of the regiment will be sent to Harrisburg by special messenger.

ARRIVAL OF A RECEIVING SHIP .- The U. S. steamer Miles Standish, acting Master Joseph Baker, from Norfolk, having in tow the U. S. ship Constellation, arrived off the Navy Yard last evening. The Constella-tion is to take the place of the receiving ship Princeton, so long stationed off our Navy Yard, which has been condemned as unfit for use and is to be sold.

THE SCOTT LEGION.—In the notice of the funeral of Lieut.-Colonel C. M. Berry, published on Monday, the mention of the Scott Legion was accidentally omitted. The military arrangements for the funeral were made by that organization, of which Col. Berry was a prominent member, and the members of the Legion attended the funeral in a body.

ALARM OF FIRE.—The alarm of fire, as reported in the morning papers at Hen-kel's Furniture Store, at Thirteenth and Chestnut streets, was incorrect. Some evildesigning persons scaled the wall of the yard in the rear of Mr. Henkel's store, and set fire to some pieces of board. There was no damage done whatever.

Base Ball.—The Olympic and Camden Base Ball clubs played a match yesterday afternoon on the grounds of the last named club. Three hours and forty-five minutes were occupied in playing the game. The score stood as follows:—Camden, 47; Olympin. 26.

STABLE BURNED.—A stable at Wolbert & Bro's. coal yard, in Twenty-first street, above Callowhill, was destroyed by fire about five o'clock yesterday afternoon. The loss was estimated at \$1,500.

A petition to the Directors of the Camden and Atlantic Railroad Company to withdraw the Sunday train, was unani-mously adopted, and will be circulated

mously adopted, and will be circulated through the county for signatures.

A number of persons present stated that the theatres, dance houses, and bowling alleys are kept open at Egg Harbor City every Sunday, drawing young people from different villages of the neighborhood to attend them, to the injury of their morals. After some discussion a resolution was educated to this effect.

adopted to this effect:
"That we sincerely regret to hear of the desecration of the Sabbath in the county of Atlantic, by various persons keeping open theatres and other places of amusement, to attract the young thither, and request the various authorities in the towns, city and ity, to see that the laws of the State on the observance of Sunday as a day of ces-sation from work and amusement are put in force."

It was also stated that not many weeks before, an exhibition of the public school at what is called the Farmers' Schoolhouse, was held on Sunday, at which a great deal of lager beer was drunk, and other improper performances took place. In consequence of this, one of the trustees resigned his position.
