The tariff bill will be ready to report on Monday. It is not as protective in its features as the various interests desire. The duty on bituminous coal is reduced to fifty cents per ton. There is scarcely any change in the schedule of foreign wines and liquors.

The Rousseau and Grinnell special com mittee are in session to-day, taking evidence respecting the circumstances of that affair. There will be two reports, one for expulsion and the other for censure.

There is no longer any doubt where the President stands on the Constitutional amendment. Several Republican members who have all along maintained that there was no difference between the President and Congress, have now abandoned all hope.

(For additional locals, see Second and Last Pages.) RECOVERY OF STOLEN PROPERTY .- Detective Sommers yesterday afternoon arrested, on South street, two men who gave the names of Vincent and Ashton. He subsequently recovered, at different places, three trunks, containing valuable silk and satin dresses, and various other articles of female wearing apparel, a variety of fancy articles and a lot of silver ware, comprising a salver, goblets, castor and other things. The value of the property found, will reach nearly \$2,000. Some of these articles were stolen from the house of Mrs, Latelle, on Walnut street, above Tenth, and others, in-cluding the silver, from the residence of Mr. McGrath, No. 615 North Tenth street. Both families are absent from the city. The prisoners were locked up at the Central Station to await a hearing.

SUPPOSED ROBBERS ARRESTED. - This morning, about two o'clock, a farmer, while on his way to market, was stopped by two men at Bridge street and Lancaster avenue. The men asked permission to get into the wagon, but it was refused, and seeing two other men in the vicinity, they left. Officers Pritner and Clark were notified of the circumstance, and found the two men still in the neighborhood. The fellows were taken into custody, and a lot of burglars' tools were found upon them. The prisoners gave the names of George Snyder and George Marco, and say they belong to New York. They were committed for a further hearing by Alderman Allen. wagon, but it was refused, and seeing two

CHARGED WITH BURGLARY.-Alderman Clouds had before him this morning, Edward O'Donnell, charged with burglary. The accused was arrested about three o'clock yesterday morning, at Frankford Road and Deal streets, for being a suspicious charac-ter. He had in possession a billy, loaded cane, coat and other articles. At the hearing the coat and some of the other articles were identified by Mr. Stiles, whose house, on Lehigh avenue, was broken into and robbed, between twelve and two o'clock, yesterday morning. O'Donnell was committed in default of \$3,000 bail, to answer.

FATAL RAILROAD ACCIDENT. - A man named Neil Collins was run over by the express train on the Germantown railroad last evening, while walking on the track near Nicetown lane. He was seen by the engineer, who sounded the whistle, but Mr. Collins did not hear it as he was somewhat Me had one toot out off a leg broken. deaf. He had one foot cut off, a leg broken and was otherwise injured. He was taken to his home near Nicetown, and died at 9 o'clock last night. The deceased was a single man about 60 years of age.

ROBBING A CLERGYMAN'S HOUSE.-Jacob Snyder was before Alderman Shoe-maker this morning upon the charge of larceny. It is alleged that he entered the house of the Rev. Mr. Wood, on Hancock street, above Girard avenue, went up stairs and was engaged in ransacking the bureau drawers when discovered. He had already pocketed some small articles. Snyder was held in \$600 bail for trial.

THE DISAPPEARANCE OF MR. BATCH-ELOR.—The sudden disappearance of Mr. Henry J. Batchelor from the Eagle Hotel on the 29th of May, has already been noticed. Intelligence has been received at the Detective Office that Mr. Batchelor took passage for Liverpool, and when within two days of that place jumped overboard and was drowned. He gave his money and a number of letters to the purser of the vessel.

ATLANTIC CITY.-The present warm weather will drive many to cool places. The 4.15 train to Atlantic City this afternoon, will doubtless be filled with the can't getaways, and those who are left will take the Sunday train to-morrow morning. In either case there will be a fine chance to enjoy the

gea breeze. YOUTHFUL DEPREDATORS .- Two lads. named William Roberts and Samuel Brackett, were arrested yesterday and taken before Alderman Shoemaker, on the charge of larceny. It is alleged that they have been in the habit of pilfering from the doors of stores in the Seventeenth Ward. They were committed to answer.

NOTIFY THE POLICE.—Parties who are about leaving the city and closing up their houses, should notify the police of that fact in order that the premises may be more closely watched in order to prevent robbe-ries. The thieves always take advantage of the absence of citizens during the summer season, to commit depredations.

cars. The time-keeper was dropped in the car, and was found by the conductor who

restored it to the owner. THE DOG WAR.-The war upon the unmuzzled dogs in the city is being prosecuted vigorously. During last week 225 were captured. Of that number 38 were redeemed by their owners. The remaining 187 were killed.

A TRULY GREAT ENTERPRISE.—To chronicle great enterprises, in which the industrial arts are perfected, and goods in general use are unaufactured at a reduced cost by the aid of labor saving machinery, is at all times a pleasing task to the reporters of the press. We will, therefore, supposing our readers to be equally interested, devote a few lines to a notice of the extersive Boot and Shoe Fatablishment, known as Ballard's, which we consider an aptiliastration of what may be effected by American capital and enterprise. The Principal Depot of the establishment in question is located at No 33 Dey street. New York, and is, we believe, the most extensive of the kind of any outside of the New England States. It gives constant employment to between four and five hundred hands, and has an extensive trade with all the leading clites throughout the Un'on. All kinds of work are here manufactured. from the coarse kip skin brogan, to the finest Balmoral gaiters for ladies and children. In addition to this there are four large stores, which are styled National Emporiums, where goods may be purchased, either at wholesale or retail. They are located as foilews: The first at No. 661 Myrtle avenue Brooklyn NY: the second at No. 38 Mostgomery street. Jersey City; the third at No. 37 North 'ighth street above Zane Philadelphia and the fourth National Emporium. At either of the above stores, the Visitor Hondre of the above stores, the Visitor Hondre of the above stores, the Philadelphia. At either of the above are not to be had at Ballard's Stores. Their immense sales and unsurpassed facilities for manufacturing, enables that Philadelphia. At either of the above stores, the visitor for the above places at from twenty to thirty per cent. less than elsewhere. The high rates that have ruled for Boots and Shoes, during the past three or four years, makes this fact particularly lateresting to consomers, and we prake that statement at faratogs. QUARTER GESSIONS.—Judge Peirce.—A habeas corpus case was heard in which the defendants were charged with obtaining money under false pretences. The defendants organized the Monongolia Oil Company, and it was alleged that they repre-sented that they purchased ground in West Virginia, for \$60,000, when in fact they did own it having purchased it some time be-fore. The defendants were charged with obtaining subscriptions in order to make what they called the purchase. The case was continued until Saturday next, after

hearing two witnesses.

In the case of Rev. Mr. McElwee, charged with embezzlement, Mr. Mann stated that he had examined the testimony, and was satisfied the only offence that could be imputed to Mr. McElwee was an error of judgment in supposing that he had a right to exercise a discretion in the distribution of the fund. He believed that he was doing his duty to the public, and he acted conscientiously. Under these circumstances, Mr. Mann felt it to be his duty to abandon the

Mr. McElwee was discharged, and subsequently the balance of \$21 50—the cause of the dispute, was handed to Mrs. Dowell.

A LEGAL QUESTION.—For some days libel suit brought by Demos Strong, an al-leged legislative lobbyer, against George C. Bennett, of the Brooklyn *Times*, has been Bennett, of the Brooklyn. On Thursday the case went to the jury: On the first ballot they stood equally divided; half for giving the plaintiff six cents, and half for a verdict for the defendant. On the second ballot, ten voted for a verdict of six cents. After a discussion of two hours, they returned a ver-dict for the plaintiff for six cents damages, dict for the plaintiff for six cents damages, A curious legal mistake, which may cause some further proceedings in the case, is said to have occurred during the sitting of the jury. When they went out, as already stated, they were about equally divided between giving a verdict for the defendant or the plaintiff, but, after some discussion, they agreed to give a small verdict for the plaintiff. The officer who had been put in the absence of citizens during the summer season, to commit depredations.

Not A Robbery.—Mr. F. A. Van Cleve has recovered the gold watch which he supposed had been taken from his pocket in one of the Eighth Street Passenger Railway costs. He replied that it would, and on

this the verdict was rendered. The affair will probably create a lively time in the court on Monday.

THE SUICIDE OF MR. GEORGE B. JONES-CORONER'S INQUEST.—An inquest was held by Coroner Clawson on yesterday after-noon, upon the body of Mr. Geo. B Jones, whose mysterious disappearance on Wednesday morning last, excited considerable amazement, and whose body was found on the same evening, about eight o'clock, near Lock No. 1. The singular fact was de-veloped, upon the finding of the body, that it was in a standing position in the water, and the arms were folded across the breast. Taking the circumstances of the case into due consideration together with the presumed fact that Mr. Jones was mentally deranged at the time of the occurrence, his insanity being superintended by financial trouble, the jury concluded upon a verdict of suicide. His friends can scarcely believe that he had been in a healthy state of mind; his pecuniary embarrassments were not of a nature sufficiently critical to have led him, by the mental anxiety they might occasion, to this last desperate step of the hopeless. For several days previously, he was under severe mental depression although his illness was not considered seri ous, and there can be little doubt that he deliberately took his own life while afflicted with a species of insanity.—Pittsburgh Post, Friday.

PENSIONS.—The Commissioner of Pensions has just issued instructions and forms to be observed in applying for army and navy pensions under the act of June 6. 1866.
