tion requesting the President to inform the House whether any steps have been taken by the Executive Department to interpose its good offices with the Government of Great Britain or that of Canada, directly, for the release of those persons arrested in Canada during the late troubles along the border.

Mr. Banks stated he had reason to believe that steps had been taken on the subject, and he therefore thought that the inquiry should be deferred a few days longer.

Mr. Schenck (Ohio) introduced a joint resolution amendatory of that approved June 15, 1866, respecting bounties to colored sol-diers, by striking out the words, "at the time of his enlistment." referring to the freedom of the colored soldier. Heexplained how these words, which got into the joint resolution through mistake, defeated its object. He also availed himself of the oppor tunity to insert sections to protect the ered soldiers from the extortions of claim agents.

The joint resolution was read three times and pa

The Speaker presented a message from President in answer to the House resolution of June 18th, calling for information in relato the arrest and imprisonment, in Ireland, of American citizens, with a report from Secretary Stanton on the same.

The message and accompanying docureferred to the Committee on ments were Foreign Affairs.

Mr. Stevens (Pa.), from the Committee on Appropriation, reported back the Senate dments to the army appropriation bill. The first amendment reducing the appropriation for contingencies of the army from \$250,000 to \$100,000, was concurred in.

The second amendment, striking from the bill the proviso that no money should be paid to the Illinois Central Railroad Company for transportation of troops, was non-

ncurred in. The third amendment, appropriating \$146,000 for the erection of fire-proof build-ings at Schuylkill Arsenal, Philadelphia, as storehouses for Government property, was non-concurred in.

The fourth amendment, appropriating \$6,926,450 for the Freedmen's Bureau, for next fiscal year, was concurred in, with an amendment, adding on \$18,000 for telegraphing. The fifth amendment, requiring the quar-

termaster to give preference, in contracting for supplies, to articles of American produc nd on the Pacific coast to articles protion. : -duced there, was concurred in, with an -amendment striking out that part which -requires the Quartermaster General to accept the lowest responsible bids under advertise-

ment. The sixth amendment, appropriating \$45, 4000 for the purchase of 58 acres of land near Nashville, Tenn., taken by the government as thesite of Ft. Morton, was non-concurred in. The seventh amendment, repeating the 17th section of the ast of July 17, 1862, to define the pay and emoluments of certain officers of the army, and repealing a resolution of April 4,1862, to authorize the President to assign command of troops in the same field or de partment to officers of the same grade, was non-concurred in.
