SAD CASE OF DROWNING.—In our obituary column will be found a notice of the death of William Hall Mercer. He was drowned while swimming with a companion, at Gloucester last evening. His age was 22 years, and he was the only son of Singleton A. Mercer, Esq., President of the Farmers and Mechanics' Bank. His sudden death, in the flush of youth, has cast a deep gloom over his friends and those of his family.

Mr. Mercer went to Gloucester with a gentleman named Price, a naval officer, for the purpose of bathing. At first it was thought warm to take a bath, but afterwards the gentlemen went to the Fish House, below Gloucester, and went into the water. They attempted to swim out to a schooner bound down, but gave out. A plank was thrown down the vessel to the drowning men, but did not reach them, and both Price and Mercer were rescued. Mercer sank before the boat could be got to him. His body was not recovered.

This morning about half past four o'clock a crate of machinery was at the auction store of C. J. Wolbert, on Sixth street below Market, was destroyed by fire. No further damage was done. The flames are supposed to have been caused by spontaneous combustion.

They have suffered much during the past winter, some of them actually starving to death, but notwithstanding this they have been very quiet, and have observed their treaty stipulations faithfully, which was certainly doing better.

Mr. Guernsey says, that white men would have done under the circumstances. The Commissioner of Indian Affairs, in a letter to the Secretary of the Interior, recommends the dismissal of Indian agent Bryson, of the Smith river reservation, California, for having inflicted capital punishment upon an Indian who had killed another in that locality, as there is no authority for an agent to act in capital offenses where the civil law is in force.

The Canadian Bridge. OTTAWA, C. W., June 27th.—The Finance Minister brought down the budget last night.
