MEETING OF FENIAN CENTRES,—A mass meeting of the Philadelphia Fenians was held at Fifth and Prune streets last evening Nearly all the Fenian Centres in the city were represented. The object of the meeting was to bring about a union of the different factions which now distract the organization. A series of resolutions were passed showing the sense of the meeting, and in

witing the several circles throughout the United States to join in aiding the C. O. I. R. in his efforts to achieve Irish nationality. Col. Dunn, of the 114th N. Y. V., made an address, in which he gaye a full description of the organization in Ireland. He stated that although femine, and persecution had that although famine and persecution had reduced the numbers on the island, there were 5,000,000 left; and it is a statistical fact that seven fighting men could be taken from each family, so, taking cowards, malcontents and men unable to bear arms, there were at least 200,000 fighting men who could at any time throw off the British yoke. The at any time throw on the British yoke. The organization was perfect, and a system of unity has been agreed upon, which, if supported by the Trish people, will result in the establishment of an Irish Republic.

Captain McDermott made a speech of half an hour, in which he described his visit to Ireland, and related the manner in which the British soldiers soluted him for being and related the manner.

the British soldiers saluted him for being a Fenian. He showed that the Fenian element was strong in Ireland, and not only strong but thoroughly disciplined. The only thing required was arms, and without arms they could never be able to cope with British soldiers. There were circles in every herony, there were true hearts heating any barony; there were true hearts heating un-der red coats in every regiment in the Eng-lish army. The organization was perfect in the Fenian army.

MOYAMENSING SOUP SOCIETY.-The annual meeting of the contributors to the Moyamensing Soup Society was held last evening, at the soup house, corner Eighth and Marriott streets. The treasurer's report shows that the soup house was opened on the 8th of January, 1866, and remained open until March 10. One hundred and nety gallons of soup were served out daily during that period. The managers have been enabled to issue four hundred tickets, been enabled to issue four hundred tickets, supplying five hundred and thirty adults and seven hundred and seventy-six children with the above article of food during the time specified. The committee purchased 4,723 pounds of beef, 52 bushels of potatoes, 5 barrels of flour, 50 bushels of carrots, 80 bushels of turnips, 200 pounds of barley, 3 sacks of salt, 3 barrels of onions, 117 bushels of peas and beans, and furnished of barley, 3 sacks of salt, 3 barrels of onions, 117 bushels of peas and beans, and furnished 4,454 pounds of bread, and 4,200 pounds of Indian meal. The following officers were elected: President, R. Graffen; Vice President, Hugh Stevenson; Secretary, T. E. Harper; Treasurer, Collins West; House Committee, Messrs. Pierce, Cooper and Stevens; Committee on Supplies, Pierce and Graffen.

RE-ARRANGING THE FIRE DISTRICTS.-A meeting of the Committee on Fires and Trusts of Councils was held last evening in the Council room. It is intended to redistrict the entire department, so that not more than four steamers can go to an ordinary fire. As at present organized, seventy-two companies, nearly all of which have a too in the Third Dissteamer. can go to a fire in the Third District. The Engineer of the Water Department says he is not able to supply water for such a number of steamers. The difficulty arises from the fact that the department has not been districted since the change from hand to steam engines, and the power o one steamer is equal to quite a number of the old hand engines. No definite action has been taken. Another meeting will be

held in a few days. HEARING OF AN ELECTION RIOTER. James Cardell had a hearing at the Central Station, yesterday, on the charge of being concerned in the violent assault and battery on Day-Sergeant Walsh, of the Fifth District, which was committed on election day, at Twenty-second and Catharine streets. The officer was unable to appear and testify before yesterday, and he is yet suffering from the effects of the beating he received. He testified that there was a party of eighter that the least of the did in the control of the contr teen or twenty at the election polls who did not belong there, and, a difficulty occurring, he made an arrest. He was then tripped down and struck with billies and steel knuckles. Defendant, he said, was the man who tripped him down. He was held in

\$2,500 bail for his appearance at Court. SLIGHT FIRE, -About 61 o'clock yesterday evening a fire occurred at the grocery store of Lewes & Bro., southwest corner of Eighteenth and Wallace streets. The fire originated in the third story, among some

The Mobile (Alabama) Register says the break-bene fever, a disease that is indigenous to the Southern clime, is undoubtedly an epidemic in that city at this time. It is caused from malarious or atmospheric influences. The pains in the bone of those affected with the disease are intense, and it is from this fact that it derives its name of break-bone favor. The disease first made break-bone fever. The disease first made its appearance there in 1847, and has prevailed more or less ever since. In Charleston, South Carolina, it has prevailed to an alarming extent at different seasons, and at this time it is prevailing to a fearful extent in that city.
