ATLANTIC SQUADRON.

Frem Washington Special Despatch to the Bulletin.

Washington, Oct. 24.-I am authorized to announce that the statement that Secretary Stanton contemplates retiring from the Cabinet is without a shadow of foundation. He will not leave the Cabinet unless removed, and there is not much danger of that while Secretary Seward remains in the State Department.

Several well-known Pennsylvanians, headed by Senator Cowan, called on Secretary McCulloch yesterday, and requested him to make some more changes.

The Secretary informed them that he was disposed to make no more changes. An appeal was then made to the President, who assured the delegation that the matter should be attended to immediately.

The Trouble in Baltimore-Affairs in Louisiana-Our Mexican Relations. BALTIMORE, Oct. 24.—The special correspondent of the Baltimore Sun says:-The proclamation of Governor Swann is fully approved by the President, and should it be necessary for him to call for aid in maintaining peace and order, and enforcing the legal authority, it will be promptly

the removal of the sheriffs, the same course will be pursued, but it is hoped that in both cases the necessity may not arise.

The same correspondent also says, in regard to Mexican affairs, that our Government has refused to grant the extension of time to the French Government, for the removal of troops, and insists that it shall commence at once, and proceed as rapidly as possible. In view of the anarchy prevalent in Mexico, our Government will be prepared to protect the Juarez Government prepared to protect the Juarez Government and finally establish it. In consideration of and many establish it. In consideration of this, Lower California and and the Northern part of Sinola and Chihuahua are to be ceded to the United States. No agreement has been made by our Government to guarantee the French claims against Mexico, but should it appear expedient, it will not

hesitate to do so The enforcement of the Monroe doctrine and the establishment of a stable Republican Government in Mexico, are considered of paramount importance. The matter has been fully discussed in the Cabinet, and unanimously agreed upon.

OFFY BULLETIN.

[See Second and Last pages for additional Locals.] NICE AMUSEMENT.—Three young men of NICE AMUSEMENT.—Three young men of respectable appearances drove down Chestnut street, yest-rday afternoon, is a dilapidated wagon. They attracted considerable attention by loud cries of stone cal for sale. At a saloon below Fourth street the party stopped to take a drink, and the liquor was paid for in coal. A policement arrested the nice young men and took them to the Central Station. At the hearing before Aiderman Beiller, last evening, the owner of the wagon appeared. The wagos, filled with coal, had been clet standing on Third street, near German, and had been driven away by the defendants. They had stopped at several places for drinks, and had been dealing out the coal. The owner of the team refused to prefer the charge of larceny, as he said he was astasfied "it was done for a lark." and the "jokers" were held in \$500 ball for breach of the peace.

A SERIOUS MISTAKE,-A young man was arriagned before Ald. Jones, this morning upon the charge of picking pockets. The complainant had been in company with the man and mi-sed his watch. He charred the other with having st-len it. Both were intoxicated and had been riding about in a carriage. After the hearing the prosecutor discovered his watch in his cost tail pocket and then recollected that he had placed it there himself. The prisoner, who had been greatly annoyed by the charge, was then released.

SMUGGLING WHISKY.—About one o'clock this morning James Morrison and John Tracey were arrested by the Schuylkil River Police, on Ashbutton street, in the neighborhood of Twenty-fifth and Pine streets, on suspicion of being engaged in carrying on an illegal whisky traffic. They had two buckets filled with whisky and when hailed, set down the buckets and acted suspiciously. One ran was pursued and raptured. The other was also taken into custody. Both were held for a hearing before the United States Commissioner.

ROBBING A FELLOW-BOARDER.—Charles McMane was before Alderman Hutchiason this morning upon the charge of larceny. It seems that about three months ago he boarded at a house on Vine street. near Twenty-fourth. One morning another hoarder missed his watch and about \$50 in money. The man disappeared about the same time, and was not seen again until observed on the street yesterday. He was held in \$500 ball for trial.

MARKET THIEVES .- This morning early three men made a raid among the market wagons along North Second street. Coats, horse blankets, bags and other articles were stolen One of the alleged thieves was arrested at Second and Wood streets. He had in his possession two of the stolen bags. He gave his name as John Johnson, and was committed in default of \$1,000 bail by Ald. Toland.

ROBBING MIS PARENTS. - Alderman Hutchinson had before him this morning John Young, charged with taking clothing from the bouse of his father and pawning it. He was committed. He resides in the Fincenth Ward, and some time since was arrested for having beaten his sister and kicked his father out of the house.
