Later from Mexico. New Orleans, Oct. 24.—Brownsville advices of October 19th have been received.

Escobedo still remains there, Trevino has gone towards San Louis Potosi, with two thousand men, to look after Mejia, who is reported at Matahula. The latter place is surrounded by the Liberals. Tapeco is on his way to Matamoras with one thousand men. A private letter, received in Brownsville, announces a severe battle near Saltillo, routing and defeating the Liberals under Narango and Martinez. This victory literally placed Saltillo in the hands of the Imperialists, who were daily expected in Monterey.

A long despatch is said to have been recently received from Napoleon, which had the effect of halting some French troops about embarking, and others were ordered to prepare for active service. Confidence in Canales' ability to hold Matamoras is in-

Canales' ability to hold Matamoras is increasing. His force is said to be fifteen hundred strong, most of whom were boys. HAVANA, Oct. 20.—Advices from Vera Cruz to October 13th, and Mexico to October 9th are received. The situation of the Empire is daily growing worse. It has lat-terly lost Guaymas, Hermosello, Ures Sla-ner, Zongolica and other places of less im-portance. The Era Nouvelle announces that on the 6th an important conference took place at the palace at Chepultepec, upon the most expeditious means to obtain funds for the Treasury, and a committee was appointed to draw up a report, which was all that was accomplished.

The Estafette says: A Council of Ministers met on the 6th, at which Maximilian presided. Questions of the gravest impor-tance were submitted to the Council. It

Letters from Tampico assert that the Liberals have formally taken possession of the lands of Manuel Onotre Parados, and Were selling the cattle at \$82 per head, and yokes of oxen at \$85, and offering the lands for sale at analagous prices, and for the latter object had sent agents to the United States soliciting purchasers. Tulancingo was being put into a state of defence. The Liberal chief at Adam, Antonio

three hundred muskets, and had raised and

equipped two hundred men.

A communication had been in circulation, says La Patrida, directed by the representations of Marshal O. Roberts, of New York, and Don Ramon Clarke, of the Somorana Company, to the Minister of Public Works, setting forth, among other things, that a new impulse was about to be given to the labors of the inter-oceanic road at Tehuan-tepec, in order to finish them before April, 1869, and that the company had effected pe-cuniary arrangements with Marshal O. Roberts, and in consequence of this arrangement, and for the better service of the undertaking, the residence of the directing board had been changed from New Orleans dertaking, the residence of the discussion of the board had been changed from New Orleans to New York, changing the name to the Louisiana Steamship and Railroad Company of Tehuantepec; but as the consent of the Emperor was necessary, J. The Belgian officers whose term of service was up, had left for Europe. On the 12th, about 900 soldiers of different French corps d'armee, arrived at Vera Cruz. The Sist corps was also expected from the interior. This body would be the first to return to France.

The yellow and typhoid fevers, with chills and ague, were raging at Cordova, and caused such a panic that many families had emigrated.

In Yucatan the war between the castes still continues, and from what may be gathered from the meagre reports, the Indians have thus far obtained the advantage. At the capture of Ures by the Liberals, the Imperial Tranberg was called. It is said this Government has purchased of the United States two monitors, at an expense of \$2,000,000, and as the Government has no available funds, two wealthy merchants of this city have become security for the

Both parties are making energetic prepara-tions for the coming conflict.

Business is almost entirely suspended there; the gunboat Chenoco is still in the hands of the United States authorities.

Canales, Cortinas and Escobedo have asked for her. Colonel Sedgwick responded that he would await the decision of superior authority. Escobedo is still in Monterey.
