#### Interesting News from Fortress Monroe

The Fenian Prisoners. New York Oct. 29 .- The Demograticand National Union State Central Committee have passed the following preamble and resolutions:

Whereas, Two citizens of the United States one the Rev. John McMahon, a Roman Catholic priest, engaged at the time in the discharge of his duties as a dergyman; the other Robert B. Lynch, understood to be a reporter of the public press, have been tried, convicted and sentenced to death in Canada for alleged Fenian movements.

Resolved, That the President of the United

States be requested to intervene for the safety and protection of these persons, and to represent in the most earnest manner that such an unnecessary rigor as a sentence of death is calculated to shock the common sense and justice of mankind.

BUFFALO, Oct. 28.—A meeting was held in St. James Hall to-night, in response to a call in yesterday's papers, to take into consideration what action should be taken in the cases of Colonel Lynch and Father Mc-Mahon, recently sentenced to death in Canada. The meeting was largely attended and great numbers were unable to gain admittance to the hall. The principal speaker was Senator A. L. Morrison, of the Fenian Brotherhood.

Resolutions were passed protesting against the results of the recent Fenian trials, in Toronto, and threatening retaliatory measures if the sentences should be carried inio effect. The American flag, with the Irish National flag, were borne through the hall, draped in mourning. The British Government and Canadian officials were earnestly denounced, and the greatest enthusiasm and excitement prevailed. Another indignation meeting will be held to-morrow evening.

Fenian Movements in Missouri. ST Louis, Oct. 28.—James Stephens has appointed ten prominent Fenians of this city as a committee of organization for Misare to h the Brotherhood of this State, and are authorized to establish Circles, commission officers to be military men in the interest of Ireland, collect money, war material for the use of the Irish Republic, and in all other ways compatible with the laws of the United States to revive the causeof Ireland The committee has called upon all friends of Ireland to immediately organize themselves, put themselves in communication with the committee, and from whom all necessary information and instruction may be obtained.

A meeting of the friends of Ireland is called for Tuesday night, to consider what action is necessary to be taken in the cases of Father McMahon and Coi. Lynch, sentenced to death by the British Government.

From Louisville. Louisville, Oct. 28.—Judge Craig of the City Court, was this afternoon assailed by Policeman Slater, and seriously injured, The accounts of the grounds for the assault are so conflicting that an examination must be had before the cause thereof can be as-

certained. W. C. Summerville, of Charlestown, W. Virginia, was found dead on Saturday morning, on the steamer Prima Donna, evi dently from cholera. A check drawn at Marietta, Ohio, for \$12,000 was found on his

It is rumored, but discredited in legal circles, that the Court of Appeals has decided that Gen. Palmer was guilty of felony for assisting in the escape of slaves while he was commander of this military district.

On the authority of Col. Starr, command ing the late Fenian expedition, now here. we state that the Col. Lynch convicted and sentenced to be hung at Toronto, was a book-keeper in a mercantile house in this city, and was sent with the Fenian expedition by his employers. He had no rank in the Fenian organization, and did not belong to the expedition. He accompanied it merely as an adventurer, to report to his employers. Col. Starr offered Lynch a com ission, which Lynch refused to accept,

From Fortress Monroe. FORTRESS MONROE, Oct. 27.—An order has been issued from the headquarters of

the Department of the Potomac, dated at Richmond, withdrawing the quarantine established in this Department by General Order No. 15, from Headquarters Department by Company of the Compan ment of Virginia, March 19th last. This order relieves from quarantine duty

the steamer city of Albany, Captain Ainsworth, which has been stationed at the capes of Virginia during the entire summer, with orders to intercept and examine all vessels bound into Chesapeake bay or the waters of Virginia. The quarantine officers have been Dr. J. J. Bruce and Dr. T. E. Wilcox, acting under the orders of Dr. Geo. E. Cooper, Post Surgeon and Physician to Jeff. Davis. The duties of the Albany have been manifold, and performed in the most stormy weather, and now that there is no further precipity for her continued. necessity for her services as a quarantine steamer, it is to be hoped she will be trans-

steamer, it is to be hoped she will be transferred to even a more useful sphere of duty.

Among the vessels which sailed from here last night and this morning were the British brig. J. B. S., from Rio, with coffee, to New York; schooner General Torbet, for Philastelphia, with a cargo of cedar wood.

ing. The object of his visit was not ascer-tained, nor, indeed, is there information as to the views of his associate counsel bearing

upon the Davis case.

Yesterday afternoon 129 baies of cotton, shipped from Memphis six days since, arrived at Norfolk by the Norfolk and Petersburg and the Southside Railroads. The cotton was shipped at Memphis on the 20th of October in a compressed state, and is destined for Boston. Had the Boston steamer been ready restarday for immediate tranbeen ready yesterday for immediate transhipment the cotton could have been in Boston in nine days, when by the ordinary winter route it would have required twenty days at least, thus showing a great saving

A report by the Board of Health of Portsmouth, Va., has recently been made with the view of correcting the exaggerated reports which have gone abroad respecting the prevalence of cholera and small-pox in the town. It states that the deaths from cholera and cholera diseases in the town from the first of the present month to the 25th, amount to twenty seven, and that not

one death had occurred since the 21st, and only one case reported.

With regard to the small-pox, they think it their duty to state that there has been a considerable number of cases in the last three months, some occurring among the whites, but the majority among the negroes, and urge, although the disease is declining, to take active measures to vaccinate the en

tire population.

Arrived at Norfolk yesterday, coal schooners Mabel, Martin, White Squall and Annie, from Philadelphia.

A DRUNKEN FREAK.-Michael Reardon got on a bender on Saturday night. About half-past eleven o'clock, he appeared at the Union Passenger Railway Depot at Twenty-third and Brown streets. A car came along and the driver got off to get some water for his horses. Michael then got on to the front platform and started the horses. The car was driven down the hill towards Fair was driven down the hill towards Fair-mount Park, at a fearful rate. The only wonder is that the car was not smashed and Michael and the horses killed. As it was, no damage was done. The car had gained such speed by the time it reached Fair-mount that it was driven entirely across the Reading Railroad track and brought up against the fence around the Park. Rear-don then fell into the hands of the police. He was fined for drunkenness and was also

held to ball to keep the peace. RAID ON CORNER LOUNGERS.—By order of the Mayor, Lieut Connelly sent out a squad of men yesterday to make a raid on the corner loungers in the Seventh and Eighth Wards. About thirty young fel-lows, aged from fifteen to twenty years, were captured. They were all held to bail by Alderman Swift for breach of the peace.

OVER AND TERMINER—Judges Allison

and Ludlow.—Francis James, a boy of 16 years of age, was put on trial charged with causing the death of Charles Steinmetz.

On the 16th of August last, James and a number of companions were at the base ball grounds, Moyamensing avenue and Cottage street, peeping through the cracks in the fence. While doing this, Steinmetz, a young man of about 22 years of age came to them and struck James, knocking him inte the mud. While James was down Steinmetz kicked him and then caugh him by the throat and was beating him until a man came and parted them. Steinmetz then appeared to be in ured and a man led him to his home in the neighborhood, where he died on the 30th of August. A post mortem examination dis-closed the fact that death was caused by a hemorrhage and inflammation, the result of a stab in the heart between the fifth and sixth ribs. According to the evidence of the witnesses, James had a small knife, whittling a small stick before Steinmetz came up, and he still held it when Steinmetz struck him. On trial.
