From Washington.

[Special Despatch to the Bulletin.] WASHINGTON, Oct. 31.—Generals Grant and Sherman, and Secretary Stanton, are holding a long conference, at the War Department, this morning. The wiseacres having failed to get Sherman into the War Department, they have now fallen back on General Grant for that position. They will fail in that also.

Sir Frederick Bruce, the British Minister, expresses the belief that the Canadian authorities will accede to the request of our Government in the case of the Feniaus now under sentence of death.

The appointment of Surveyor of the Port of Philadelphia has again been postponed. From Central and South America.

NEW YORK, Oct. 31.—The steamship Arizona, from Aspinwall October 23d, arrived here to-day. She has \$1,250,000 in treasure. Since the change of rulers, affairs are progressing peaceably on the Isthmus.

Captain Tuthill, Harbor Master at Aspinwall, died on the 15th inst. He was a native of Utica, N. Y.

The French war steamer Talisman arrived at Panama, from Mexico, on the 14th inst. with a large number of sick and wounded soldiers. Some of them were placed in the foreign hospital there, and the Talisman sailed again for Mexico.

A serious conflagration o curred at Aspinwall October 19th, destroying the United States Hotel and adjoining buildings. The flames were arrested at the Howard House. through the exertions of Commodore Nogga and the United States ship of war De Soto.

sufferers. The river steamer Independence, bound up the Magdalena river, had exploded, with a number of passengers on board. No particulars of the disaster had been received.

The Central American States are all at peace. The Government of Honduras has decided to remain neutral in case the war between Spain and Peru and Chile is continued. This action is regarded as important, as it favors the Allies by keeping open the ports of Omoa and Trujillo, on the Atlantic, for privateering purposes-thus enabling them to prey on Spanish commerce.

Peru is engrossed with the Presidential election, and it was thought the present Dictator, Prado, would be elected. Another conspiracy against the Government has been discovered in Lima.

Advices from Buenos Ayres, to Oct. 8, and Resario, Oct. 11, state that another desperate battle had taken place between the Brazilians and Paraguayans, and though the Allies claim a victory, no details are given.

The Fenians. WASHINGTON, October 31st. - The National Irish Executive Committee of Irish citizens, at a meeting held last night, passed resolutions tendering thanks to the President of the United States and Secretary Seward for their prompt, enlightened and humane action in behalf of those American citizens who have been unjustly convicted and cruelly sentenced by the judicial authorities at Toronto, for alleged complicity in the Fenian invasion of that province, and inviting a public meeting on Saturday, of both native and adopted citizens, to give expression to their sentiments on the questions involved.

From Cincinnati.

CINCINNATI, Oct. 31.—The suit in the Superior Court of the Ohio and Mississippi Railroad Company to recover damages for a violation of contract, was yesterday dismissed, the parties having amicably adjusted all the matters in dispute.

Sheep for Virginia. WASHINGTON, Oct. 31.—Yesterday a drove of 1,000 sheep passed along Boundary street, north, to the Chain Bridge, and crossed into Virginia. They were driven from the West and will be sold in Virginia for the purpose of stocking the farms of those who were deprived of their stock during the were distributed. prived of their stock during the war of the rebellion.

To-morrow evening, at half-past seven, will commence the competition for those remarkably fine paintings at Messrs. Thomas Birch & Son's Art Gallery, 1110 Chestnut street. From the number of admirers this collection has had we argue a full attend-

Shayer, Midwood, Marohn, Calermole, Gilbert, Caron, Perry and Kennard; marines by Hammerton, Webb, Knell, Meadows and Burrell; animals and landscapes by Calame, Herring, Meadows, Harding, Morris, Notterman, Hoguet, Jacobi, Wilson and Carty; street scenes by Saurfelt, Frere and Feral; poultry by the celebrated Couturier, and a variety of other subjects bearing the stamp of genuine talent of no mean order. These works were selected with evident good taste in London and Paris by paries fully competent to judge, as an impartial inspection of them will fully carry out; the beauties of both Euglish and French color and handling are displayed in a variety of ways, tenderly or vigorously, strictly in keeping with the author's style and meaning, each vieing with the other for excellence. In this collection will be seen a number of Water Colors of surpassing excellence and beauty of finish; they arrest the attention of the educated eye at once, and are by artists of high standing.

From Canada. MONTREAL, Oct. 31.—At a public dinner to the Hon. G. E. Cartier, last night, Gen. Sir John Michel, Commander-in-Chief, made a speech recommending the fortifica-

tion of Montreal, Kingston, and points west, and also that the volunteer movement be extended over the entire British America. The Canadian papers are discussing Mr. Seward's letter and the tone of the American press on the Fenian trials, and generally say that the threats of many American papers who are morally Fenian accomplices will do the prisoners more harm than good. and quote the hanging of Captain Beale, Kennedy and others by the United States during the late war.

FROM BALTIMORE. LATER

THE POLICE COMMISSIONERS. The Rebels Getting Impatient.

The Reported Indian Troubles.

The Trial of the Baltimore Police Com-Annapolis, MD, Oct. 31.—The examination of the charges against the Police Commissioners was continued until 6 o'clock last night, and resumed again this morning at 10 o'clock. The defence expect to get through their evidence by noon, when there will probably be some rebutting evidence

introduced by the prosecution. Commissioner Hinds was called to the stand yesterday by the counsel for the defence, in order that the Governor might question him, but he declined doing so and said if he desired to examine the Commissioners he would do so at their office in

Baltimore. The same conversation took place last aight relative to the argument of the case. Mr. Alexander, for the Commissioners announced his intention to argue the case. Mr. Latrobe urged the importance of disposing of the case without delay. He said they represented 14,000 disfranchised people of Baltimore. Time pressed, and if the Commissioners were removed, as they hoped and believed they would be, there was much to be done; many changes to be

made before next Tuesday, the day of election. The counsel for the defence said they did not wish to delay unnecessarily. Mr. Alexander said they represented the Union men of Baltimore, and the Union

sentiments of the country. The Governor said that in order to accommodate the counsel, he would sit up to 12

to-night, if necessary. The Indians of the Plains. WASHINGTON, Oct. 31.—Commissioner Bogy, of the Indian Bureau, had a conference this morning with Gen. Sherman, at the headquarters of Gen. Grant, in relation to the temper and disposition of the Indians

of the great plains of the West. The new Commissioner appears to be anxious to investigate into the truth of the various rumors in relation to the Indian troubles. Gen. Sherman will make a written report

en this head through his superior officer, Fenian Meeting in St. Louis. St. Louis, Oct. 31.-A large meeting of Irishmen was held at the Court House last evening, at which resolutions were adopted strongly condemning the late action of the Canadian Courts, in the cases of Col. Lynch nd Father McMahon, and ch the infliction of the death penalty for political offences as barbarous, cruel, and in opposition to the spirit of the age and humane teachings of civilized nations, and expressing thanks and gratitude to President John-

action in behalf of Irish-American citizens. Washington, Oct. 31.—Despatches have been received by the Navy Department from Rear Admiral Palmer, commanding the North Atlantic Squadron, dated at Porto Rico, Oct. 22d, announcing his arrival and departure on that day for Hayana. departure on that day for Havana.

The Mackinaw and Florida were at Porto Rico, all well. On inquiry at the Navy Department, it is ascertained that no Monitors

son and Secretary Seward for their prompt

partment, it is ascertained that no Monitors have been sold to any foreign governments, nor have any foreign governments officially intimated a desire to make such investment. It is true, however, that private paties, all of them American citizens, have made a proposition, without stating for whom they wished to purchase, but the Government has decided not to sell any of that class of ships, whether they were built in the Government Navy Yards or outside by private parties. Georgia. Augusta, Oct. 31.—The cholera has disappeared from Savannah.
About 200 freedmen from Bibb and Han-About 200 freedmen from 5100 and man-cock condies are preparing to leave for Liberia on the ship Galconda. The Macon Telegraph says the city is fur-nishing from six to ten coffins per day for

colored paupers.

Parties engaged in sinking a well in Mc-Lemors Cave, Walker county, Georgia, struck a vein of flowing oil. The location is about fifteen miles from Chattanooga.
