The Police Commissioners.

BALTIMORE, November 1.-Governor Swann's decision on the Police Commissioners has not yet been received from Annapolis. Crowds of people are gathering around the newspaper offices awaiting the result and discussing the probabilities.

[SECOND DESPATCH.]

BALTIMORE, Nov. 1.—Governor Swann has removed the Police Commissioners. He says he will call on the President for troops, if necessary.

[THIRD DESPATCH.] BATLIMORE, Nov. 1.—The American has

received the following special despatch: ANNAPOLIS, Nov. 1.—The Governor has decided to remove the Police Commissioners. The decision is very bitter against them. He said the Registry lists of 1866 should have been used, and that the judges of the election have no right to go behind the Registry law. The police and judges were of the most partisan character and were guilty of official misconduct. He would call upon the United States, if ne-

new officers. Latrobe, counsel for the Governor, goes to Washington by the afternoon train.

It is rumored that the new force have already organized, and will make their appearance in the course of the day. The old Commissioners have their full

force out, and will resist the demand of the new force for the surrender of the stationhouses, the marshal's office, &c. It is reported that John F. Ford, of Fora's

There is considerable feeling manifested. some approving and others bitterly de-

nouncing the action of the Governor. Knots of people are gathering at the corners of the streets and near the newspaper offices discussing affairs, but otherwise all

is quiet. The new force have not as yet made their appearance, but it is supposed they will do so in the course of the day.

The names above given as the new Commissioners and Marshal are given on rumor, but are probably correct.

From Havana NEW YORK, November 1st.—The steamer Eagle brings Havana dates of October 27th Rumors were current the past week, which were pretty well authenticated, of the landing of a cargo of negroes near Jucara and Cardenas. The Governor General sent officers to investigate the matter.

Death of Senator Wright. NEWARK, Nov. 1.—The Hon. Wm. Wright, United States Senator, died this morning at 8 o'clock, aged 75 years. He was one of the earliest and most enterprising manufacturers of this city, to whom much of its remarkable prosperity is due. He has held many public positions of honor and trust, and was twice elected United State Senator. His death is deeply deplored by the entire community. His present term expires in 1869. The funeral will take place on Satur-

OYER AND TERMINER—Judges Allison and Ludlow.

—The case of Newton Champion charged with the murder of Mary Carney, was resumed this morning. Twenty-two of the twenty-five special jurors summoned appeared, and after considerable difficulty, the remaining five jurors needed to complete the number for the box were selected. Many of the jurors had formed opinion, but if they averred that notwithstanding the formation of this opinion they would be governed by the evidence submitted on the trial, they were not challenged by the Commonwealth. Champion appeared to give little heed to the proceedings. His mother was present and sitting in front of the dock. At times Champion would address her, but no Jergthy conversation was maintained between the parties.

Jeegify conversation was maintained delived a the parties.

William McMichael opened the case far the Commonwealth, setting forth the facis to be proven against the prisoner; his acquaintance with the deceased; his visit to the house of Mrs. Tyson, on Elsventh street, near Race, on the 19th of Angust, and the discovery of the dead body after his departure; his subsequent arrest, and the finding of bloody clothing.

The case is still on trial.

HEIRSHIP OF LEEDS.—The descendants of Solomon Ingraham, owner of the site of the flourishing British City of Leeds, met at the Astor House, yesterday, and bound themselves together in an association, with officers, whose duty it is to be to prosecute officers, whose duty it is to be to prosecute their claims. The property was devised to entail to the fourth generation, was originally deeded to Capt. Solomon Ingraham, by Joseph Wilson, of Yorkshire, and consisted of lands six miles by three in area, then the township, but now the city, of Leeds. It is believed that the sum involved —exclusive of rents which have been collected by English agents—is navyed of lected by English agents—is upward of \$100,000,000. As the heirs have not perfected their plans, we are not at present at liberty to disclose their proceedings.—N. Y. News, Nov. 1st.
