Lancashire cotton manufacturers is making progress, and indicated a large decrease in production.

The situation of the Lyons workmen was grave enough to require the presence of the Prefect of that city in Paris, whither he was summoned by telegraph. The state of Lyons was discussed at length in a Cabinet council, and it was rumored that the Emperor insisted on a large sum being raised to mitigate the emergency, and that owing to ministerial objections, changes in the Cabinet were not unlikely.

The French Government had adopted the system of night signals, invented by Mrs. Martha Coston, of Washington, and large quantities were being manufactured at Toulon.

The Patrie denies that there is any question of the French Government contracting a loan of 1,000,000 francs.

The Standard and La France also assert there is no question of any loan, great or small.

The Bourse, on the morning of the 27th, was firm. Rentes, 69f.
