Last night the wires of the Western Union Telegraph Company were connected through from Sydney, Cape Breton, through Nova Scotia, New Brunswick and the va-Nova Scotia, New Brunswick and the various States of the Union to New Orleans, so that the operators at the former place conversed freely and rapidly with the latter. The night was one of peculiar atmospheric conditions favorable to such a direct telegraphic connection, and the conversation we licetoned to with great interest by the was listened to with great interest by the numerous intervening stations. Sydney to New Orleans: "You come good.

Glad to hear from sunny New Orleans. It's snowing hard here."

PUNCTILIOUS.—A letter from Stockholm PUNCTILIOUS.—A letter from Stockholm says that the Swedish corvette Naiad, during a late voyage on the Spanish coast, saved the crew of the English steamer Geelong, which was in distress. The captain, it is added, refused to follow his crew on board the Swedish vessel before he had shaved himself. "It would be ungentlemanly," he said, "to show myself on board as foreign vessel before I have shaved," and the Swedish captain was obliged to wait until this operation had been effected. Scarcely had the captain got on board the Naiad when his own steamer went down. his own steamer went down.

THE UPRIGHT PIANO.

THE UPRIGHT PIANOS.

The Upright Plano is, from its size, suited to hundreds of houses where a Grand or a equare would prove as incumbrance. It is suited not only for the Parlor but for the Boudoir and the Study.

The CHICE aring Upright Planos have quality of one and an amount of power, second only to the Grand Plano. They are small compact well adapted to moderate sized froma. Their action is light and elastic and in sweetness, purily of tone, richress and equality throughout the entire scale, and in refined beauty of tone elegance of design, and perfection of finish, are UNEQUALIED.
