faction ny his beloved and royal master. He hed now four hens a settin, each on four eggs and he boped in the course uv two years, ef there wuz no adverse circumstan-ces to hev fresh eggs for the royal table. It wuz a position uv great responsibility and one wich weighed upon him. Seward wuz privy counsier, Doolittle wuz steward ny the household, and Thurlow Weed wuz Keeper uv the King's revenue, and wuz a doin very well indeed.

By this time the company assembled. His Highness wuz in a merry mood and unbended hisself. Ther wuz a knot uv the nobility gathered in a corner, and after a earnest interview uv a minnit, Count Von Cowan advanced to the foot uv the throne, and on bendid knee demanded a boon.

"What, my faithful servitor, dost thou most desire?" sed His Highness. "We wood, Your Majesty, hev the prison-ers uy state brot into the presence, that we may make merry over 'em." "It shel be done," sed His Majesty, and

forthwith Baron von Steedman, who hed command uv the King's Household Body Guard, was sent for them. In a moment they wuz brot in. They wuz a mizable lookin set. Forney and Wendell Philipps wuz chained together, Fred. Douglass and Anna Dickinson, Dick. Yates and Gov. Morton, Ben Butler and Carl Shurz, Kelley and Covode, while Chase wuz tied to Horis Greely, onto whose back wuz a placard in-scribed, "The last uv the Tribunes," at wich Raymond, who left the Radikels and declared for the empire precisely the rite time, and wuz now editor of the Court Journal, laffed immodritly. Some one ex-claimed, "Bring in Thad Stevens," at wich His Majesty turned pale and his knees smote together, "Don't, don't," sez he, "he's strength enuff left to wag his tongue. Keep him away!" and he wich Raymond, who left the Radikels and him away! keep him away!" and he showed ez much fear ez men do in delirium tremens when they see snakes. Methawt I made inquiries and found that

things wuz workin satisfactory. General Grant wuz in exile, and General Sheridan hed bin decapitatid for refoosin to acquiesce in the new arrangement. The country hed bin àivided into dookdoms and earldoms, and sich, over wich the nobility rolled with undispotted authority. The principal men-uv the North hed bin capchered and sub-dued, and wuz a fillin menial positions in the automatic terminal positions in the palaces uv the nobility. No Lord or Dook or Earl considered himself well served, onless he hed a half dozen Northern Congressmen in his house, while the higher grade uv nobility wuzn't content with anythin less than Guyners. The indebted is uv the South to the North hed bin adjusted. A decree hed bin ishood to the effect that Northern merchants who shood press a claim agin a Southern r shood be beheaded and his goods confisikated. The question uv slavery hed bin settled forever, for the Dimikratic ijee uv one class to rool and one class to serve wur fully establisht. There wuz now three classes uv society, the hereditary nobility, the untitled officials, and the people; the latter, black and white, wuz all serfs, and all attached to the soil. Biznis wuz all done by foreigners, the policy uv the government bein to make the native born people purely agricultural peasantry. The nobility de sirin to make it easy for em giv em one-sixth uv the produx uv the soil, reservin the
