Returns from Missouri and New Jersey

HOGAN'S DEFEAT CONFIRMED

Newell Not Elected

The Missouri Election St. Louis, Nov. 7.—Nearly complete re turns give the Republican ticket of this

county about 3,000 majority. In the First Congressional District the official return gives Gen. Pile (Rep.) 208 ma-

jerity over Hogan (Dem.) The returns from the interior are still meagre, but enough has been received to show that C. A. Newcombe (Rep.) has been elected in the Second Congressional District

by about 3,500 majority. In the Third District the returns favor the re-election of Noell (Conservative); in the Fourth. J. J. Gravelly (Rep.), will probably

have 3,000 majority. J.W. McClurg (Rep.) is re-elected from the Fifth District. The Sixth District is doubtful, but it is thought that R. T. Vanhorn (Rep.) is re-

elected. General B. F. Loan (Rep.) is re-elected in the Seventh District, by a large majority. There are not enough returns from the Eighth District to indicate the result.

In the Ninth District W. F. Swetzler (Dem.) is probably elected. in this city Frank Blair's majority for the Legislature has been reduced to 6, and his seat will be contested by Mr. Branscomb,

his Republican competitor. New Jersey. We understand that Hon. Wm. A. Newell (Rep.), candidate for Congress in the Second District, has been defeated by 500 majority,

by Mr. Haight, the Democratic candidate. Price of Gold in New York.

A QUEER CART-LOAD.—The St. Joseph (Mo.) Herald says: "Yesterday morning a party of emigrants passed through that city on the way to Kansas, and created some excitement, owing to the very novel conveyance made use of. In a 'dog cart,' leisurely reclining upon a matress, were an old woman and a young girl, both enjoying the luxury of a pipe; the old man and his youthful son being hard at work giving the necessary locomotion to the vehicle."

THE CHARLESTON News complains that while there are a score of billiard saloons and upwards of a hundred coffee houses is Charleston, there is not one theatre. It adds that when Mark Strakosch passes through the city, with his Italian troupe, twice a year, he is compelled to content himself with a room called Hibernian Hall, wherein the bright beauty of the Bay of the Bay of the bay and the property and the property of the bay Naples is portrayed on a paper screen, from behind which his artists emerge.

SAVANNAH.—The Savannah News and Heraid congratulates the people of that city on the disappearance of pestilential disease, and says that the business of the city increases steadily with the season: and, not-withstanding some stringency in financial operations, the best feeling pervades the business community. DANGEROUS GRASSHOPPERS.-The Chi-DANGEROUS GRASSHOPPERS.—The Chicago Tribune says that several valuable horses have died mysteriously in Loons township, Illinois. The mortality is reported to have been caused by the grasshoppers, which, being taken into the mouth, bite the tongues of the animals and make them so sore that they will not eat, and starve to death. The cases have occurred among horses turned out to grass.

A NEW FEATURE.—An Iowa paper says that the exhibition of peat seems destined that the exhibition of peat seems destined hereafter to form a prominent feature in the fairs of that State. A specimen was burned last week at the Cerro Gordo county fair, which, though not pronounced first-rate fully justified the general opinion that we have an abundant supply of this fuel, lacking only the proper method of its manufacture.

COMMERCIAL.

Finance and Business-Nov. 7, 1866. There was rather more demand for money on the street this morning, but it was freely met, and the rates are unchanged. The fact that the New York Banks permit twenty five millions of dollars, in legal tender notes, which have ceased to bear interest, to remain to their credit in the Sub Treasury, would seem to be conclusive evidence that the market will remain easy for a long time to come. Trade, however, is remarka ull in all departments, but the mercantile houses excepting those who have speculated in Catawissa Railroad, Oil, or other fugitive securities, were never stronger, or in better condition to enjoy a short period of repose. There was a steady inquiry for all the better class of investment securities, but the fancies moved sluggishly. Government Loans were hardly so strong closing at 114% for the Coupon Sizes. '81: 110%@110% for the new July '65 Five-Twenties; 160 for the Ten-Forties, and 105% bld for the June Seven-Thirties. State Loans were steady at yeserday's quotations. City Loans sold to a limited extent at 9) for the old, and 10214@:0222 for the new certificates. Reading Railroad closed at about 58-a decline of 1/2 from the opening yesterday. Pennsylvania Railroad sold at 55%@56 and a small lot at 55% 8.30; Camden and Amboy Railroad at 130; Catawissa Bailroad Preferred at bld for Philadelphia and Trenton Railroad; 66% for Lehigh Valley Railroad; 61% for Germantown Railroad; 26 for Little Schuylkill Rallroad; 331/2 for North Pennsylvania Railroad. Canal stocks were duli Bank shares were not offered to any extent. Passenger Railway shares were quiet.

The dividend of the Consolidation National Bank was erroneously printed in our table of dividends six per cent. It should have been eight per cent.
