A communication from the Board of School Controllers, submitting that th amount necessary to carry on the businesof the department for the year 1867, would be \$1,020,405. This was referred to the Com mittee on Schools.

the same committee made a report, in which the increase of salaries demanded by the employes of the Water Department is peratively recommended. Adopted.

Mr. Bumm, of the Committee on City Property, introduced a report relative to the time-honored building in Gothic street, where William Penn once lived. He reported that its proposed removal to Pair-inount Park is not practicable. Its walls are as solid as so much cast iron. The mortor that binds together its bricks is as hard as flint. Its material is as solid as steel, and its removal, without its previous demoition, is utterly impossible. Mr. Bumm, therefore, offered a formal

resolution requesting the Mayor of the city to inform the Chamber of Commerce of Philadelphis, who proposed to pay the cost of removing this relic to Fairmount Park, that the matter was beyond the limits of

that the matter was beyond the limits of possibility: This resolution was adopted. Mr. Wagner (Committee on Law) offere I an ordinance relative to the payment o aborers; under the contract for cleaning the streets of the city by Messrs. Hill & Smith. The ordinance provides that the money appropriated be paid to those laborers only who worked during the month of June, 1866. Mr. Wagner explained that this payment would cover the claims of a l this payment would cover the claims of all who were unpaid; but that the Mayor could not sign the original bill because of its pa-culiarly indefinite character. The bill in question is to correct this error. The bill passed.

Mr. Page submitted a resolution, that the Legislature be requested to pass laws, *First*—To prohibit members of Councils from taking any contract for erecting buildings of any kind or character for depart-ments not directly under the control of Councils, or for furnishing such departments with any kind of material or merchandise

with any sind of material or merchandise whatscever, or being interested therein di-rectly or indirectly. Second—To prohibit a member of Coun-cils from obtaining or being interested in any contract for building school houses, bridges, furnishing supplies of any kind to any department of the city in the name of any one of his employes, laborers or any other person whatsoever. Mr. Gray desired to amend this as thus:

'And that no member of Councils shall be a candidate for any office in any department for one year after the expiration of his term as a member of City Councils."

Mr. Page accepted this amendment. Mr, Smith (Twenty-second Ward) moved a further amendment, "That the Legisla-ture be requested to fix a salary of \$1,000 per annum for each member of Philadel-phia Councils,"

After some little cross-firing in the way of debate, the whole subject was referred to the Committee on Law.

Mr. Hodgdon, chairman of committee to verify the City Treasurer's accounts, made the annexed Statement of appropriation of balance of cash in the treasury on the first day of Novembel, 1866, \$1,098,051 59

The matter, after nearly an hour's debate, was restponed. A resolution to prosecute the sureties of Hill and Smith, late street contractors, to compel them to refund the amount paid by be city to the laborers in the streets, which

they failed to pay, was referred to the Com-mittee on Law. The ordinance to pay Samuel Sweeny, Assessor of Second Ward, for extra services, was concurred in. The bill relative to the selling of cooked food in market houses was referred to the Committee on Markets.

The bill making appropriations to repair certain police station houses was concurred in.

Also, the resolution relative to Cadbury avenue. Adjourned.

The first floor of Spring Garden Hall is rented at \$250 per annum; the second floor at \$600, and the third floor at \$400. The lower portion of the hall is used as a police station house, for which no rent is paid. These rentals are all paid to the city.

Mr. Marcer, Chairman of the Finance Committee, presented the securities of Rich-ard Peltz, Receiver of Taxes elect, with a recommendation of approval. They were approved,

The annual appropriations of the Department of Receiver of Taxes were reported by the Committee. Consideration was postponed.

A similar ordinance to the Inspectors of County Prison, \$12,500 in the aggregate, was reported by the same committee. The ordi-Mince was postponed. Mr. Miller, Chairman of the Committee

on Highways, reported a resolution to grade Franklin street, from Columbia avenue to Montgomery avenue. Also, to grade Apsley street, Twenty-second Ward. These were both agreed to. From the Police Committee was submit-

It was stated that the congregation desire to build a new church, and this wooden structure is intended to house the people until the new structure can be completed. Agreed to, with a restriction that it be re-moved at any time Councils shall require. A second report from the committee closed with an ordinance to increase the police force one hundred men. The ordinance passed.

Mr. Evans presented a resolution requir-ing the Board of Revision to submit to Councils a full list of all the property in the city exempt from municipal taxation. Agreed to.

"By the action of Philadelphia Councils all the ground west of the railroad and nerthward from Green street, to a point be-yond Girard avenue, excepting this tri-angle, has been secured for public use. As an accompaniment to this communication was the following received by the Mayor:

I, with others, united in the circular in which this is written. Pursuant to it, subscriptions to the amount of \$3,095 were received from Henry and Alfred Cope, Eli K. Frice, Wm. Sand, J. B. The sum of \$11,005 has been secured by mortgage to the selier of the property, which sum can re-main so long as the interest is paid. It was the intention of the promoters of the move-ment to place on the ground a bust in honor of some one of our distinguished citizens. It would, they think, be a fit memorial to of some one of our distinguished citizens. It would, they think, be a fit memorial to commemorate the gallant ones who have tallen in the late patriotic struggle for our nationality. The note closes thus: "My object in addressing you is that you may communicate the desire of the donors to the formula to scent a converge of this Councils to accept a conveyance of this ground, subject to the above encumbrance. By so doing the benefit of their subscrip-tions will inure to the city, and the intent, as expressed in the circular, will be ful-filled." The signer is John Welsh, Esq. The communication was referred to the Committee on Law.

Mr. Kamerly moved that the Finance Committee be instructed, in making their estimates for 1567, to make an allowance of \$4,400 to increase the salaries of the clerks

In the Water Department, Mr. Freeman protected against this in-crease. Thus far the city has managed to get on without any debt.
