ADDITIONAL ELECTION RETURNS.

New York, Nov. 11, 1866.—The Tribune's despatches, up to midnight, make Fenton's majority 15,332.

Missouri.
St. Louis, Nov. 11.—General Piles' official majority over Hogan, in the First District, is one hundred and seventy; Newcomb, radical, in the Second District, has, it comb, radical, in the Second District, has, it is fully ascertained, a majority of over three thousand. Noel, conservative, in the Third District, is thirty votes ahead, with three counties to hear from, which will probably give him several hundred more. In these counties the registration was to a very great extent set aside, and the voting illegal. Colonel Gravely, radical, in the Fourth district, has twenty-two hundred majority in all the counties heard from. dred majority in all the counties heard from, with fifteen yet to hear from; his majority will be about six thousand. In the Fifth district McClurg Redistrict in the Fifth district, McClurg, Radical is now two thousand four hundred ahead, and certain of at least seven hundred more in the four counties to be heard. ties to be heard from. Van Horn, Radical, leads in the Sixth district by two hundred, with two counties to hear from that will certainly give him three hundred majority more. Loan, in the Seventh district, is five thousand nine hundred and sixty-five ahead, with seven good counties that will add about two hundred to those figures. In the Eighth district, Benjamin's majority is one thousand six hundred, with two counties to hear from that will not diminish it.

Anderson is beaten in the Ninth District by Switzler, On the present returns, Switzler gets thirteen hundred majority of Switzler gets thirteen hundred majority of raw rebels in Calloway, and is eleven hundred head. The Radical majority by the Congressional districts, will be about 23,000, but Jackson fell largely and Anderson considerably behind the ticket on the vote for School Superintendent. The Radical majority will be over 25,000. The returns elect Blair to the Legislature by 14 votes.

Wisconsin.

Madison, Nov. 11.—Additional returns received here show the official vote of the different Congressional districts with highly gratifying results. Gen. Halbert E. Paine, in the First district, has a majority of 4,090 over his Copperhead competitor; Benjamin F. Hopkins, in the Second district, has 5,500 majority; Amasa Cobb, in the Third, has 5,500 majority; Philetus Sawyer, in the Fifth, has 4,000 majority, and Cadwalader C. Washburne in the Sirth has 8,000 majority. Washburne, in the Sixth, has 8,000 majority. Charles A. Eldridge, the only Copperhead in the delegation, will represent the Fourth Congressional district. His majority is not large. The Legislature is more than two-thiras Republican, there being in the Senate twenty-two Union members and eleven Copperheads. In the House there are seventy-four Republicans and thirty-six Democrats. This will render the re-election of Senator T. O. Howe to the fortieth Con-

St. Paul, Nov. 11.—As returns continue to come in from the more remote counties they show large increases in the heretofore reported Republican majorities. Donnelly's majority becomes greater by every return. There are no Democratic gains except in one or two counties.

NEW YORK, Nov. 11.—A special despatch

to the New York Tribune, from St. Paul, Minnesota, Nov. 10, says that the Republi-can majority increases as returns come in. Donnelly, for Congress, will have about 4,500, and the State will give over 10,000 ma jority.

CHICAGO, Nov. 11.—The Republican majority in Illinois will be at least sixty thousand, and probably in excess of that number. In the Democratic Congressional Dis-tricts the official vote has not yet been ascertained. G. B. Baum has certainly been elected in the Thirteenth District; Kitchell has been defeated in the Eleventh District by S. S. Marshall, Copperhead; and A. J. Burr, Copperhead, is probably elected in the

In the Ninth District, the result is doubtful, though the Copperheads claim the elec-tion of their candidate, Lewis W. Ross, although future returns may put a different face on the matter. Shelby M. Cullum, Re-publican, has gained the day in the Eighth District, after a good fight.

Departure of General Sherman for Mexico. The New York Evening Post of Saturday

Lieutenant-General Sherman embarked this afternoon on board the United States frigate Susquehanna for Vera Cruz, in Mexico, having been ordered thitherto take care of the interests of the United States. He was accompanied by Colonel Audenreid, of his staff; and Mr. Campbell, the United States Minister, with Mr. Plumb, the Secretary for the Minister, were also on heard

General Sherman breakfasted this morning with Mr. William Scott, his cousin, at the residence of the latter in Twenty-third street. It was a very social occasion, in which Collector Smythe and his family were invited to participate and were present. He was rapidly carried to Pier No. I, North river, where a little steamer was in readiness to receive him.

At half-past one o'clock this afternoon, the General went to the Treasury, accom-panied by one or two friends. He remained a short time with General Dix, Assistant Tressurer Van Dyck, and others.

He had not been recognized when he en

tered the Treasury. On his departure his face was partly hidden by the wide brim of his soft felt hat, and wearing his cloak close-ly about him he quietly entered a carriage, and so escaped without public observation.

Afterwards Gen. Sherman was at the Metropolitan Hotel, where the final prepara-

tions for the voyage were made.

A considerable crowd of persons, among whom were many personal friends of the General, had assembled at the pier, and entered the steamer with him. Thence he was carried to the Susquebanna, Gen. Sherman's visit to Mexico will not probably be of long duration. He may re-

main there ninety days, possibly less.
In regard to what he will do, nothing can be said. Maximilian's unpopularity, he de-clared before he started, takes him to Mex-

ico.
There are, he added, thirty-four millions of sovereigns in this country who are op-posed to the presence of any more emperors in this part of the world.

From Mexico.

NEW ORLEANS, Nov. 10.—Advices from Chihuahua to October 17th have been received. Juarez is there, with his ministers and 800 soldiers. The department comman ders will not send him any troops. Escobedo has moved against Meija at San Luis Potos has moved against mella at San Luis rotosi. Four hundred French and eight hundred Mexican Imperialists hold Durango. They are expected to fall back on the capital. Both the Juarez and Imperial governments

are exhausted in finances.

Juarez is levying forced loans, extraordinary contributions, and confiscating property. His hopes are dependent on the quantity of Liberal loan taken by the United States government. He has greatly oppressed the American residents, taking \$5,000,000 in cash, and they have sent a memoral to Washington. Maximilian's prospects are very bad. He must leave with the French.

The Liberal generals and lawyers are understood to favor Ortega, and only recognize Juarez because he is recognized in Washington. Juarez has annulled the Louisiana Tehuantepec grant, and made a new one to other Americans, who pay \$100,000 in cash and reimburse the holders of the Sloo grant the money paid for it

and reimburse the holders of the Sioo grant the money paid for it.

A fine cotton crop has been made in Chihuahua. All Northern Mexico, except Durango, is in Liberal hands. The Mexican country is clear of Indiaus, but that of Texas is full of them—the frontier military posts
