THE JUMEL WILL CASE.—The trial of the celebrated "Jumel will case" came on in the Supreme Court yesterday, and resulted in a yerdict for the plaintiff—Mme. Jumel being declared to be of unsound mind when the will was executed. The executors did not contest the suit, and it is understood not contest the suit, and it is understood that a compromise was effected before the trial came on, by which Nelson Chase, the party who contests the will, agreed to pay the several bequests named in the will, the defendants relinquishing their claim to their respective shears of the residuery estate respective shares of the residuary estate. Some 200 witnesses had been summoned in the case, and it would have probably occu-pied the Court three weeks had not this compromise been effected. The object in having the trial was to get a formal verdict of a jury on the competency of the testator, and (as is supposed) to afford one of the defendants, Rev. J. Howard Smith, opportunity to correct a public misapprehension as to his con-nection with the will.-N. Y. Times.

SHORTLY before the collapse of the rebellion, Capt. Winslow and the U.S. gunboat Kearsarge, off Cherbourg, demonstrated, to the expressed mortification of British and French rebel sympathizers, the superiority of American men and metal over English-built boats, British-trained seamen and gunners, and British-cast guns. Recently, in the same waters, was witnessed a boat race. The entries included 15 French men-of-war boats, pulling 16 oars each, and an American cutter pulling only 12 oars. Notwithstanding'all attempts, very unscru-pulously made, to foul and lead them out of the course, the Yankee boys were win-ners by two boats' length. Cherbourg seems to be fated ground for European naval contests. when their craft are matched gunners, and British-cast guns. Recently, ics and manned by American seamen,

TENNYSON AND EYRE .- The London Revicw is responsible for the statement that Mr. Tennyson has joined the defenders of ex-Governor Eyre of Jamaica, and sub-scribed to the fund for his defence. The distinguished companionship of Carlyle, Kingsley and Ruskin, if this statement be true, will be no apology for the mistake. The warmest admirers of the great poet The warmest admirers of the great poet will most earnestly regret his sympathy with such a man as Eyre, especially if that implies sympathy with the atrocities com-mitted in Jamaica. is not merely sensuous, but moral to a higher degree than in most writers of the age. By virtue of his best qualities he should utterly condemn the course of Gov.
