CITY COUNCILS.

A stated meeting was held yesterday. SELECT BRANCH.

A message was received from the Mayor, stating that the ordinance to increase the police force was prepared at his own sugges-tion. The present police force is entirely inadequate to the proper protection of the city. The police force of New York numbers 1,800 men; in this city it is but 700. The Mayor recommends the passage of the ordinance increasing the police force. This was postponed for the present. A further communication from the Mayor,

making sundry police appointments, was referred to the Committee on Police, A communication was received from the

Controllers of Public Schools, asking, on be-half of the Second School Section, the use of Moyamensing Hall for school purposes. Also, one asking \$175 to introduce water

into the Hancock school house. A draft of a bill to be presented to the next. Legislature, relative to the payment of spe-cific salaries to the District Attorney, Sheriff and Coroner of the city, and requiring the Prothonotaries of the Supreme, District and Common Pleas Courts, the Register of Wills and the Recorder of Deeds to provide their own books and stationery, was introduced. It also authorizes the Chief Commissioner of Highways to collect by distraintall sums due by railway companies for necessary repairs to streets, which they neglect to make. The bill pays to the District Attorney \$4,000 per annum: to the Clerk of Quarter Session \$2,000 per annum; to the Sheriff, \$2,500, and to the Coroner \$3,000. The subject was re ferred to the Committee on Law. A bill paying \$150 to certain parties for in-

juries accruing to them in the laying of water-pipe was passed. An ordinance authorizing the purchase of

water-pipe was passed, An ordinance authorizing the purchase of

a lot of ground in George street, east of Fourth, 120 feet by 100, at a ground rent of \$720 per annum, for school purposes, was passed. Also, a bill to buy a lot on Milton street

eighty feet west of Eleventh, 102 by 64 feet, at a ground rent of \$459 per annum. Passed.

An ordinance authorizing the purchase of a lot on Morris street, east of Second, for school purposes, was passed. Also, an ordinance appropriating \$15,850

for inclosing and furnishing the new Court House. Passed, The amount appropriated is as follows: For an iron railing, with stone foundations and granite base, and to renew the entrance gates on Chestnut street, and adapt the entrance for the convenient in-gress and egress of the prison vans and paving around the Court House, \$3,800; For wooden cases, shelving, tables and chairs, matting and furniture for the office of the District Attorney, \$1,800; For seats for spec-tators and auditors in Court Rooms, elevated floors, railing for bar and witness stands; revolving chairs for jurors, docks for wit-nesses and prisoners, &c., &c., \$6,400; Gas fixtures throughout, \$1,350. Mr. Wagner, of the Committee on Law, reported an ordinance requiring all charge of the section.

reported an ordinance requiring all Insur-ance Companies to pay into the City Trea-sury, for the support of the Fire Department, the sum of one per cent, on the amount of their premiums, and 25 cents upon every transfer. This matter was debated at some length, and postponed for one week. Mr. Freeman offered a bill authorizing the

Board of Revision to employ twelve persons, At \$9 each, to aid in revising the tax returns. Referred to Committee on Finance. The bill to increase the police force was then taken up. A motion to postpone for the present, was lost. Pressed to vote on the bill it fall by this vote.

sioners reported, through Mr. Evans, that they had considered the subject for which they were appointed; that they had con-ierred with the Fire Marshal and Chief of Police. That a change of the government of the Fire Department is necessary none

of the Fire Department is necessary none will deny. The only thing requisite is to protect the interests of the taxpayers. The Fire Marshal's representations induced the committee to drop its most radical features, but the features of the commissionership are not changed. The department cannot go-vern itself, and therefore it must have a go-vernment appointed for it. The ordinance following was the result of the deliberations ollowing was the result of the deliberations of the committee:

avoid the regular meeting on Thanks-giving day. Agreed to, Also, to request Select Council to meet Common Council in joint convention on that day, at 4 30 P. M., to elect three Di-rectors of the Pennsylvania Railroad, and three of the Northwestern Railroad. The Chamber called up the ordinance to purchase the triangular lot of ground near Fairmount Park. Mr. Kuupp opped the purchase

Mr. Krupp opposed the purchase. Mr. Hetzel thought the whole affair cal-

culated to waste the public money. Mr. Fox advocated the purchase, and so did Mr. Bardsley. The ordinance was postponed indefinitely

The Committee of Finance presented or-dinances making annual appropriatiens to the City Commissioners and Superintendent of City Railroads. The ordinances were ordered to be printed. Also, to appropriate \$2,000 to the City Trea-surer for pay for extra clerk services. Passed. The Committee on Wichman Superior

The Committee on Highways presented resolutions to grade Sixteenth street from Master to Montgomery avenue, Twentieth Ward; to pave Forty-third street, Twenty-seventh Ward. These were agreed to. The Police Committee offered an ordinance

requiring all persons to remove all awnings, branches of trees, or other obstructions, that are not eleven feet above the pavement, wherever these obstructions interfere with the light from public lamps. The time al-lowed for the removal is three months, and no such erection will be allowed in future. The ordinance was recommitted to the

committee. Mr. Billington presented a report of the

Mr. Billington presented a report of the Police Committee, with an ordinance in-creasing the salaries of the Chief of Police to \$2,000, Lieutenants \$1,155, Sergeants \$1,052 40, and Policemen \$912 50 per annum, being in the latler case \$2 50 per diem. The report was signed by Messrs. Han-cock and Shane, of Common Council, and Cattell, of Select. To bring the bill before Councils, Mr. Billington,off Common Coun-cil, and Messrs. Jones, Marcns, and Manual, of Select, afilxed their signatures to the bill. to the bill.

Mr. Evans offered an amendment to make the pay of the Fire Marshal \$1,700, the high constables \$1,200, detectives \$1,200, clorks to Mayor \$1,500, messenger to Mayor \$912 50. Mr. Billington argued against the bill as

Mr. Billington argued against the bill as a bad financial measure. Mr. Wolbert said that Mr. Billington was already rich beyond measure. He was pos-sessed of great means, yet he denied to poor policemen the pay he would award to the laborers who pave the street in front of his door. Alexander Henry recommended the ordinance as one worthy of the approval of Councils. The laborer is worthy of his hire. Had the Chairman of the Police Committee read his Bible he would have known this. Mayor McMichael warmly recommends the

Mr. Hetzel moved the indefinite postpone-

ment. Mr. Simpson said that many policemen

were resigning weekly from the simple fact that they cannot live at the salaries paid. They are subject to be called for duty thirtysix hours out of forty-eight hours. We mus have good men on the force, and must pay them, or we will have our police demoral-ized. The tax-payers of the city are pre-pared to pay the policemen the increase. Mr. Wolvert said that the only one who had asked him to vote against the bill was a bail goer for thieves.

Mr. Billington went on to argue agains the increase. No calculation was made for it in the annual estimates for 1867. The po-lice force can be refilled with good men in day were the staff to resign a day were the staff to resign.

f the city. Mr. Evans said the pretext of postponement was frivolous. The bill would not cost the city \$3,000,000. There is no feature of the bill which imposed a dollar. Councils were ready to act and should do so. The motion was agreed to—yeas 23, nays 10. Select Council bills were considered. Ad-
