OITY BULLETIN.

A HANDSOME TESTIMONIAL.—During the war the Washington Steam Fire Engine Company removed in their ambulance 2,113 wounded soldiers. A certificate of the Committee of the Citizens' Volunteer Hospital has been gotten up in handsome style and is to be presented to the Company. It contains pictures of the Hospital and the Washington's ambulance. The whole is enclosed in an elegant and massive gilt frame, elaborately decorated. On the top is an eagle, and underneath it a bust of Washington. On each side are torches and axes, and at the oottom a miniature steam fire engine. The testimonial will no doubt be highly prized by the members of the Washington Steam Fire Company. It is now on exhibition at the store of G. W. Pitcher, Chestnut street,

J., and is the captain of a canal schooner. Yesterday his vessel was run into by the tugboat Thomas Krupp, off Five Mile Point, and had her boom carried away. This so enraged Monaghan that he ran into the cabin, got out a gun and fired into the pilot-house on the tug boat. The pilot-house was pretty well riddled with heavy shot, and one shot took effect in the cheek of the pilot, causing a painful though not dangerous wound. When the vessel arrived at the city, Monaghan was taken into cus-tody by the Harbor Police. He was held in \$1,500 bail for a further hearing.

Passing a Counterfeit.—John McClay was arrested yesterday for having passed a counterfeit \$100 note on the National Bank of Cincinnati at the store of Henry Lutz, at the Falls of Schuylkill, where he purchased some blankets. He said that the note had been sent to him from Baltimore. He was held for a further hearing before U. S. Commissioner Sergeant.

BREAKING THINGS .- A youth, named Frank Henry, 15 years of age, went into a house in Kates street, above Thirteenth, last evening, and amused himself by breaking the windows. When remonstrated with, he assaulted the proprietor. He was arrested and taken before Ald. Tittermary, by whom he was can't to Movementing. he was sent to Moyamensing.

INTERFERING WITH AN OFFICER.—Daniel Cahill was arrested yesterday at Kurtz street and Girard avenue for interfering with Officer Bartlemes in the discharge of his duties. He was taken before Ald. Fitch and held in \$500 bail to answer at

THE CLOSING SALE of the Oil Paintings, Crystal Medallions, &c., from the American Art Gallery, New York, will take place this evening, at Scott's Art Gallery, 1020 Chestnut street, at 7½ o'clock, when about 100 elegant gems, the cream of the catalogue, will be disposed of.

TILL TAPPING.—James Kelly boarded at a house on William street, below Richmond, in the Twenty-fifth Ward. Yesterday he decamped suddenly, after robbing the money drawer of \$15 in gold and silver. He was afterwards arrested and taken before Ald. O'Donald. He was held in \$500 bail for trial.

MALICIOUS MISCHIEF.—Three boys and one girl have been arrested at Manayunk, for maliciously burning fence rails. They were held to bail by Alderman Ramsdell. There has been much complaint of the destruction of fences letter. struction of fences lately.

SALE OF FINE OIL PAINTINGS.—B. Scott, Jr., auctioneer, will make a sale of fine oil Paintings, at the Art Gallery, 1020 Chestnut street. Parties wishing to contribute must have the paintings in the Gallery on or be-fore Wednesday next, 28th inst.

THE HARRISON BOILER A SAFE STEAM

I BOILER.—

This new Steam denerator combines essential advantages in Assolutte safety from Explosion. In first cost and cost of repairs, durability, economy of the facility of cleaning and transportation, not possessed by any other boiler.

It is formed of a combination of cast-iron hollow shheres—each eight inches in external diameter, and three eighths of an inch thick, connected by curved necks, and rebate machine made joints, held together by wrought iron boils with caps at the ends. The form is the surongest known; its strength to resist internal pressure yery great—unweakened as it is by punching or riveling, which leasens the strength of the wroughliron boiler plate about forty per cent. Every boiler is tested by hydraulic pressure at 500 pounds to the square inch. It cannot be burst under any ending, which might cause rupture in ordin ary brilers, every joint in this becomes a safety valve. No other steam generator possesses this property of reifer under extreme pressure without injury to itself, and thus preventing dissier.

It is not seriously affected by corrosion, which so soon impairs the strength of the wrought-iron boiler, it has economy in fuel, equal to the best boilers.

It gets up steam quickly, at d with little fuel—produces superseated steam without separate apparatus, and is not liable to priming or foaming.

It is easily transported, and may be taken apart so that no plece need weigh more transelpty pounds. In difficult places of access, the largest boiler may be put through an opening one foot square. It is readily cleaned inside and eat. Under ordinary circumstances that no plece need weigh more transelpty pounds. In difficult places of access, the largest boiler may be put under remains as good as new. The greater part of the water entirely out under full pressure once a week. It requires no special ski l is its management. Injured parts can be renewed with great facility, as they are uniform in shape and size. When renewed the entire boiler remains a
