PHILADELPHIA, GERMANTOWN AND NOB-PHILADELPHIA, GERMANTOWN AND NORRISTOWN RAILROAD.—The annual report of
the managers of this road has just been
issued, and Col. John B. Peddle, the General
Ticket Agent, has lavored us with a copy.
The receipts for passengers and freight
during the fiscal year ending September 30,
1866, were greater than those of any former
year, amounting to \$574,721 28, and exceeding those of any prelious year, \$62,094 80,
vlz: increase of passenger receipts, \$3,433 33,
and of freight receipts, \$55,661 47. The
small increase in passenger fare is attributed
to the appearance of the cholera, the fear of
which had a tendency to deter many from
coming to the city.

coming to the city.

During the year, one-fifth of the road has been relaid with new rails (including 49 tons of steel rails) and cross ties, exclusive

of 2,000 feet of sidings.

To maintain the rolling stock, a new first-Class locomotive and two passenger cars were obtained and paid for; ten four-wheeled freight cars and five engine tanks were rebuilt in the shops of the Company.

The regular passenger trains each way, to and from Germantown number 21; to and from Norristown, Conshohocken and Manarusk 10. Chestont Hill 10.

yunk, 10; Chestnut Hill, 10.

The total number of passengers carried on

the regular trains during the year were 2,447,788, destined as follows: 1,346,840 Manayunk, 350,14) 83,338 Conshohocken, Norristown, Chestnut Hill, In addition, there were 21,573 excursion

passengers. One passenger fell from a car and was killed, while riding on the platform, in violation to the rules of the Company.

The funded debt of the company now amounts to \$162.800.

amounts to \$162,800.

From the ordinary receipts of the company, for the past fiscal year, after deducting all expenses for operating the road, maintenance of rolling stock, interest on loans, National, State and City Taxes, &c., two dividends were declared, one of four per cent., April 1st, and the other, five per cent., October 1st, leaving a balance of \$48, 504 71; carried to the credit of Continger 804 71; carried to the credit of Contingent

Account.

The officers of the road are President, Edward C. Dale; Secretary and Treasurer, A. E. Dougherty; General Superintendent, W. S. Wilson, and General Ticket Agent, Col. John B. Pedcle.

A PLEASANT REUNION.—On Wednesday evening next will be given one of those deevening next will be given one of those de-lightful Reunions, at the Musical Fund Hall, that have occurred regularly for the past fifteen years. We refer to the Contri-buting Members? Parties given by Beck's Philadelphia Band. They always seem to us like a family gathering, the same "old faces," with an occasional sprinkle of "new ones," and judging from the names and abilities of the gentlemen composing the Board of Managers, we feel satisfied that the company on Wednesday will not only be select, but that all former occasions will be eclipsed and thrown far back in the shade of time. To those that are members shade of time. To those that are members we know that a treat is in store for them that they "wot not of."

OUTRAGEOUS ASSAULT. - Before Alderman Beitler, this morning, Thomas Chance was charged with having committed a brutal assault upon a woman. The complainant is a poor, miserable creature, who has no home, but hes been wandering about the First Ward. The allegations are that Chance and another man enticed the woman into a boat, and there committed the assault. After meltresting her inthe assault. After maltreating her in the most brutal manner, they tied her down to the seats in the bottom of the boat, and set a dog upon her. The accused was held for a further hearing.

A DISHONEST BORROWER.-John Mc-Gruden was before Alderman Patchel this morning upon the charge of the larceny of a watch. He went to the house of a man on business. While there he borrowed a watch. Afterwards he denied having received the time-keeper and declared that he knew nothing about it. As the evidence showed otherwise, John was sent below in default of \$500 bail.

ROBBING SCHOOL BOYS.—For some time past the children attending school at Second and Pine streets have been stopped by boys who steal their hats, gloves, scarfs, &c. Yesterday John Maloney, the leader of the juvenile thieving party, was arrested. He is only 13 years of age. He was taken before Alderman Butler and was held in \$500 bail

CHURCH OF ST. MATTHIAS. - At this church, situated at Nineteenth and Wallace streets, a full choral service will be given on the morning of Thanksgiving Day. An Anthem, by Palestrina, will also be given by an enlarged choir. The Rev. R. G. Chase will preach will preach. Services commence at 101 o'clock.

A MUSICAL THIEF.—A negro named W. S. Butler was arrested yesterday at Sixth and Lombard for stealing songs from a man who was engaged in selling them about the streets. Alderman Butler sent the musical thief to Moyamensing.

THE HARRISON BOILER A SAFE STEAM BOILER.—
This new Steam demerator combines essential advantages in Assoluties assertly From Explosion in first cost and cost of repairs durability, economy of usel, is cliftly of cleaning and transportation, not possessed by any other bailer.
It is formed of a combination of cast-iron hollow spheres—each eight inches in external duameter, and three eighths of an inct hiles, connected by curved necks, and rebate machine madejoints, heid to sether by with useless the machine madejoints, heid to sether by with useless the services of the strongest known; its strength to resist internal pressor very great—unweakened as it is by punching or riveting, which lessens the strength of the wroughtion builer plate about fort, per cent every boiler is tested by the draulic pressure at 800 pounds to the square irch. IT CANNOT BE BURST UNDER ANY PRAOTICA-ELESTEAM PERSSURE.

Under pessure which might cause rupture in ordin ary by liers, every joint in this b-comes a safety valve. Under p essure which might cause rupturein ordin ary b liers, every joint in this b comes a safety valve. No other steam generator Under p essure which might cause rupture in ordinary by liers, every joint in this b-comes a safety vaive. No other steam generator possesses this property of relief under extreme pressure without injury to itself, and thus preventing disaster.

It is not seriously affected by corrosion, which so soon impairs the strength of the wroughtion boilers. It has economy in fuel, equal to the best boilers. It gets up steam quickly, a d with little fuel—produces super eated steam without separate a pparatus, and is tot liable to primin or foaming.

It is easily transported, and may be taken apart se that no piece need weigh more to an eighty pounds. In difficult places of sece a, the largest buller may be put inhough an of ening one foot square. It is readily cleaned inside and out. Under ordinary circumstances it is kept free from permacent deposit by blowing the water entirely out under full pressure once a week. It requires no special skil in its management. Injured pails can be renewed with the meast approach to the boiler will never need renewal, unless unfairly used.

A boiler can be increased to any extent by simply adding to its width, and being the muitip cation of a single form, its strength remains the same for all sizes. It has less weight and takes less than one-half the ground area of the ordinary cylinder boiler, without being increased in height.

Any kind of mel may be used under this belier, from the must expensive, to refuse coal dust.

Over, two hundred of these boilers are now in operation, some of them in the best establishments in this city. For descriptive circulars or prices apply to JOEEPH. HARRISON, Jr., Harrison Boiler Works, Ferry road, adjoining U WATCHES AND JEWELRY.
