ANOTHER LECTURE BY MR. HENRY VINCENT.—With Oliver Cromwell in English history stands John Wesley. Both these men made their mark and shaped, to a considerable extent, the age in which they lived, and gave tone to eras that followed. Georgia Legislature.
SAVANNAH, Dec. 1.—Mr. Henderson introduced the following resolutions yesterday, in the House, which have been unanimously adopted in both branches of the Legislature. Legislature:
Whereas, The General Assembly would do

minutice to the great heart of Georgia, not to give some formal expression of their respect for the character and services of the illustrous prisoner of State, Jefferson Davis. All the generous pulses of the heart beat in full unison and sympathy with his sufferings and misfortunes. Its warm affections cluster around the fallen chief of a once dear, but now abandoned cause. There they will cluster and centre while men admire all that is chivalric in nature, while they regard all that is noble in virtue.

Therefore, the General Assembly resolve that their sincerest condolence and warment.

that their sincerest condolence and warmest sympathy are tendered to Mr. Jefferson Davis in his confinement, and they look for-ward with anxious solicitude to the day ward with anxious solicitude to the day when a magnanimous and patriotic President shall put an end to his confinement, and by the interposition of his Executive elemency restore him to a people for whom haso faithfully struggled, and, on account of whom he endures with Christian fortitude the head him of a law conditions. the hardships of a long and rigorous imprisonment.

Burning of Artiltery.

HARRISBURG, Dec. 2.—A warehouse at the corner of Canal and State streets caught fire at about half-past one o'clock this morning and burned to the ground. A mong the property injured and destroyed were twenty-two pieces of artillery, belonging to the State, mostly old brass six-pounders,

for school practice and drilling.

The carriages were of course burned, but most of the iron was saved. The pieces can be remounted for about two hundred and fity dollars apiece, so that the total loss to the State will not exceed five or six thousand dollars. None of the late improved armory is lost, the pieces burned having been stored in the warehouse from a want of room in the State Arsenal. The building was owned by Mrs. Curtis, but had been leased by the State. The fire was undoubtedly the work of an incendiary.

condition of things.
