New Trials Refused the Fenian Prisoners New Trials Refused the Fenian Prisoners in Canada.

Toronto, Dec. 1.—In the cases of the Rev. Mr. McMahon, Colonel R. Lynch, and other Fenians, appealing for new trials, judgment was given this atternoon. In McMahon's case, the Chief Justice stated at length the law under which the prisoners were tried, and after reviewing the different objections counsel, said that he was of opinion that all the grounds taken by the prisoners' counsel for granting rule to show cause had failed, and that if granted, it would be merely wasting time and words to no purpose, the Court would not have made it absolute, After the most careful consideration, he

could not come at any other conclusion than to refuse the rule.

Justice Haggerty then delivered judgment in the case of the Queen vs. Lynch. Having recapitulated the objections scriatim, he said he perfectly concurred in the views ex-pressed by the Chief Justice. He had given careful study to all the different points involved and objections raised, and had come to the decision that no sufficient grounds had been made out to warrant the Court in

granting a rule.

Justice Morrison delivered judgment in the case of the Queen vs. School, and said that he perfectly concurred with the learned Chief Justice and Justice Haggerty in the course they had pursued. He had no doubt of the law on the subject, and must, therefore, refuse the rule.

Mr. McKensie then moved for leave to ap-

peal. The Chief Justice said the court anti-cipated such a motion, and having refused the rule, they did not consider they would be warranted in granting the application. Chief Justice Richards delivered judg-ment in the Court of Common Pleas, in the case of the Queen vs. Slevin, refusing to grant a rule, on the same grounds as those urged by the other judges

Official Report of the Arrest of John Suratt.

This Government had information as long ago as last winter, that John H. Suratt had gone to Europe. The person who communicated the facts conversed with him during the voyage across the Atlantic, and also reported that Suratt, believing he was far removed from danger, was free and outspoken about his connection with the assassinatio conspiracy. On Sunday Secretary Seward received a despatch by the Atlantic cable as

follows:
"I have arrested John H. Suratt, one of President Lincoln's assassins. No doubt of HALE, identity.

State that in the Alabama House of Representative systerday, Mr. Brooks, of Lowned scounty, presented a bill to alter the Constitution of the State, to admit conditional negro suffrage. The conditions are that the yoter shall possess property valued at \$200, and shall be able to read the Constitution of the State and of the United States, and write a legible hand; these conditions holding good also in case of white men.

Mr. Brooks was closely identified with the Confederate cause, having expended his last dollar in its support, and in presenting his bill said that he did so as a measure of policy and public good. After an exclising debate the bill was tabled.

Mexican Affairs.—It is now confidently stated in Washington that the object of the Government in interfering in Mexican affairs is not to establish a protectorate over Mexico, but to form an alliance, offensive and defensive, with Juarez, and parties assert that the grant of Lower California to certain Americans is the motive power of the affair.

Letters from the City of Mexico dated November 10th, state the fact that General Bazzine had given arms and ammunition to the Mexican Liberals, and promised them that they should not be interfered with by the French forces provided they promoned for General Ortega and proclaimed him as President of Mexico.
