Naval Affairs.

Rear Admiral S. W. Godon reports, under date of November 24th, from Rio de Janeiro, that the Juniata sailed on the 4th for Bahia, and will return to this port about the 1st of December.

On the 19th of November, the Shamokin, with Mr. Washburn on board, went up the Parana river, and was last heard from officially at Corrientes, which place she was to leave on the 26th inst.

The Admiral announces that he would leave for Montevideo on the 20th of November, and stop at St. Catharine's.

The Navy Department has received a communication from Rear Admiral J. A. Dahlgren, dated December 12, announcing that he had on that day relieved Rear Admiral Pearson, in command of the South Pacific squadron. At that time there was no other United States ship there but the storeship Jamestown.

Commander E. Simpson, of the steamer Mohichan, from Cara, Brazil, under date of Nov. 7th, reports to the Navy Department that on the afternoon of the 30th of September, when off the Lencores Grandes, one hundred miles east of Maranham, the back of a large fish was seen about a cable's length from the ship, and inclined diagonally toward her. A few moments afterwards the engines suddenly stopped, steam was shut off and a hurried examination made, but no cause could be discovered for the remarkable result. Steam was again turned on, but the engines could not be forced ahead. At this time several pools of blood were seen to rise to the surface of the water under the stern, and after a few moments it was discovered that a large black fish or whale had been caught between the propeller and its frame. The shock on the engines was very great.

From China.

SAN FRANCISCO, Dec. 22.—The bark Parsee, from Hong-Kong, arrived yesterday with advices of October 5th. The ship China, from Shanghai for Batavia, arrived at Hong-Kong, October 4, with the chief mate and seventeen of the crew of the ship Westminster, bound to London, which they reported ashore at Prata Shoal. The captain took a boat and made the east end of the island for assistance, leaving the mate in charge of the ship, which was soon after boarded by Chinese, who ordered all on board to leave.

The mate and crew left the ship in two boats. The captain and six men returned to the vessel, and are supposed to have been murdered by the pirates, as the mate afterwards hailed the ship and was told the captain had left some time before. The waterboats were soon after picked up by the ship China. Commodore Jones, hearing the particulars reported, sent a gunboat to the assistance of the vessel. The Westminster had a large cargo from Calcutta.

There is a report of the shipwreck of 40,000 bales of cotton for the Hong Kong markets.

The case of the British steamer Prince Albert, seized and confiscated by the Chinese authorities at Hong-Kong, is to be reopened by order of the British minister resident at Pekin.

Hong-Kong advices of October 6 announce the capture of the American brigantine Cuba by Chinese pirates, near Pedro Branca. The captain was deliberately shot, and the vessel pillaged, set on fire, and abandoned. Through the exertions of the survivors the fire was extinguished, and the vessel brought safely into port.

California and Oregon.

SAN FRANCISCO, Dec. 22.—The British ship Mary Ann, for Liverpool, with 23,296 sacks of wheat, cleared yesterday from Portland, Oregon.

Mount Hood was plainly seen from Salem, Oregon, on December 12, sending forth volumes of smoke, which puffed upwards like discharges of steam from an exhaust-pipe.

SAN FRANCISCO, Dec. 21.—During the past twenty hours 7 76-100 inches of rain have fallen, double the quantity recorded on any Christmas day. Last night, while a construction train on the San Jose Railroad was passing over a small bridge near San Mateo, it broke through, throwing the tender and cars down in a mass, killing two persons and injuring several others.

The steamer Moses Taylor, from San Juan del Sur, arrived to-day. Stephen H. Scott died on board on November 20th. The ship Uncle Toby was in the port of San Juan when she left.

LATER—P. M.—The storm continues, and accounts of the destruction of property by floods and wind come in from every direction. Several serious accidents have occurred on the different lines of railroad from the washing away of culverts and embankments. Stage travel is temporarily suspended by the destruction of bridges and the overflow of streams.

The Fenian Trials.

The trial of McDonald was continued at Sweetsburg, C. E., on Monday, on a charge of robbery. Testimony was given by Magloire, Hebert and Mrs. Whittemore, to establish the robbery of a pocket-book containing thirty to fifty cents. Reardon, who was with the Fenian party, said he had never seen either of the witnesses.

The judge charged the jury and they retired.

The Grand Jury indicted George Crawford, an American, on a charge of plundering at Felighsburg. He pleaded not guilty.

Cornelius Owens was next placed on trial for levying war.

The testimony went to prove that he had been wounded, but could not establish his complicity, and he was therefore discharged.

Charles McGowan, shoe-black, was also discharged.

The jury at 7.30 P. M. were unable to agree on McDonald's case, and so were locked up over Christmas.

The government physician attempted to-day to extract bullets from the neck of the prisoner Martin, but failed.

The court then adjourned until Wednesday.

Matters in New Orleans.

A New Orleans despatch of the 24th says: The Hon. B. M. Boyer, a member of the Congressional Investigating Committee, arrived here last evening.

The Hon. L. D. Campbell arrived here last evening.

Lieutenant General Sherman had an interview with Governor Wells to-day.

The joint committee of the Common Council waited on the Congressional committee for the purpose of tendering rooms, etc., on the part of the city, agreeably to the special resolutions of the City Council. The offer was declined.

Lieutenant General Sherman leaves to-night for St. Louis. Commodore Olden left on the flag-steamer to join the Susquehanna. Rooms have been engaged at the St. Louis Hotel for the accommodation of the Congressional excursion party, which is expected to arrive on the 27th.

The United States steamers Winooski, from Vera Cruz, arrived yesterday. The officers of the Susquehanna say that the statement of civilities of the French officers at Vera Cruz are entirely untrue. The ship was forbidden to approach nearer the city than the Verde island, and the only intercourse with the French was a message delivered to Mr. Campbell by the officers of the French navy, that if chains or anchors were wanted they would be happy to supply them.

Mr. Campbell replied that he stood in no particular need of such articles, and he imagined that United States ships of war were generally well supplied with them. Mr. Campbell declares his purposes and expectation to find Juarez within forty days.

THE State Department has not as yet officially received the particulars of Lieutenant-General Sherman's and Minister Campbell's recent mission to Vera Cruz.
