Total deaths from cholera during the year, STAMPING RECEIPTS.—The following correspondence between the Collector of Internal Revenue of the First District and Com-

missioner Rollins, will explain itself: FIRST COLLECTION DISTRICT INTERNAL REVENUE, PHILADELPHIA, Dec. 20. 1866 .-Hon. E. A. Rollins, Commissioner of Intermal Revenue, Washington, D. C.—Sire: I
submit the following question upon the inclosed evidences, arising out of a case now
under consideration by me. In giving a
receipt, who is required to affix the internal
revenue stamp? The person giving or receiving the receipt? In my judgment,
while a receipt is a matter of courtesy and
right due to the person making the payright due to the person making the payment, it is questionable whether the person benefitted should pay for the legality of the receipt when it is his right as a protection. It is the practice, I am informed, of all the corporate bodies in this city, to make the person paying the money pay for the in-ternal revenue stamp affixed to the receipt, and, therefore, I consider the settlement of this mooted question by the ruling of the Department, beneficial to the service and advantageous to the public, independent of the fact that upon this ruling I shall dispose of the case now undetermined by me.

Trusting to learn from you at your earliest

convenience, I am, truly yours,
A. B. SLOANAKEB, Collector. A. B. SLOANAKER, Collector.
TREASURY DEPARTMENT, OFFICE OF INTERNAL REVENUE, WASHINGTON, Dec. 28,
1866.—A. B. Stoanaker, Esq., Collector of Internal Revenue, First District Pennsylvania,
Philadelphia, Pa.: Sir.: In answer to your
letter of December 20th, asking who is required to stamp a receipt, I have to say that
any person who issues an unstamped receipt with the intent to evade the provisions
of the law, becames liable to the penalty of of the law, becames liable to the penalty of fifty dollars in the law provided; and that the receipt so issued shall be deemed invalid and of no effect.

and of no effect.

In relation to the other question asked by you, I would state that it is not believed to be incumbent upon this office to decide who shall pay for the stamp to be placed upon a Very respectfully, E. A. Rollins,

At the close of the addresses a collection

was taken up. FIRE IN A CHURCH.—Last evening an intense excitement was created in St.
Peter's Roman Catholic Church, southeast
corner of Fifth street and Girard avenue.
One of the candles upon the altar was tipped over, and the flame coming in contact with some drapery, set it on fire. A panic en-sued among the congregation, but the cool-ness of some of the members allayed the fear of those who were making from the building, and thus prevented any accidents. Though Mr. Wright said he was not corscious of having violated the reveaue law in any respect, yet he was willing to give any reasonable amount in order to be able to resume operations. Subsequently interviews took place between Faunce and McGuinn in reference to the raunce and McGuinn in reference to the amount to be paid by Mr. Wright to enable him to recover possession of the distillery. Finally a sum was named which he agreed to pay, and McGuinn was then withdrawn from the place, and Mr. Wright put back his own watchman. The New Ulm Minnesota Tragedy. The New Ulm Minnesota Tragedy.

St. PAUL, MINN., Dec. 29.—The New Ulm tragedy is causing great excitement in all that region, especially at Mankato, where the lynched men resided and were well-known. A letter says the infuriated people of New Ulm have refused to allow the bodies to be brought down for burial, and a large body of citizens have started up, with a determination to have them at all hazards and as they are well armed they will bring them back or make a few more funerals in New Ulm. Another collision is feared, a great exasperation exists on both sides.

In the twenty-two Northern States 679,000,000 bushels, instead of 704,000,000 bushels, in 1865, showing a decrease of 25,000,000 bushels, while the decrease in quality is equivalent to 75,000,000 bushels, making a total loss in feeding value equival lent to 100,000,000 bushels. The cotton crop estimates are also completed, showing total produce of \$1,750,000 bales of 400 pounds each. THE CONSPIRATORS.—Some days ago an application was made by J. A. It was returned yesterday to the counsel, with the following indorsement;— "The within application has been considered and is denied. This does not, however, prevent a similar application from being made to some other judge or civil tribunal in Florida or elsewhere."

MAJOR STILL, the Pardon Clerk, has been busily employed for some time past in making out a list of pardoned rebels, to be transmitted to the House of Representatives, in answer to their resolution calling on the President to furnish the same.
