Cowes, Dec. 30.—Yesterday the three American yachts Henrietta, Fleetwing and Yesta, upon invitation of Queen Victoria, sailed up Osborne bay. Her Majesty came down to the beach, and spent some time in witnessing the various manceuvres of the yachts. As the winner of the great race. the Henrietta, passed by, she saluted it by waving her handkerchief.

At the grand banquet given by the citizens of Cowes, last evening, the hall was profusely decorated with British and American flage, and pictures of the contending yachts, while the walls were hung around with friendly mottoes. Sir John Simon, M. P., presided at the entertainment, and the greatest international good feeling prevailed among the guests. Toats were drunk with great enthusiasm to the Queen, the President, and the Armies and Navies of both countries.

Toasts to Peace and Prosperity to the United States, to Old England, were also drunk; the New York Yacht Squadron; the health of Mr. J. G. Bennett, Jr., and a host of others toasts of a friendly character.

Major-General Seymour, by command of the Queen, expressed Her Majesty's interest in the race, and her thanks for the display made in the bay during the afternoon. At the dinner given by Lord Lennox, His

Royal Highness, the Duke of Edinburg, accepted the challenge of Mr. J. G. Bennett, Jr., and agreed to sail round the Isle of Wight next August, for a prize of one hundred pounds. The Duke will sail his own yacht, the Viking. This announcement has created a great sensation in yachting

FIRE IN THE TWENTY-SEVENTH WARD. -This morning about two o'clock a fire broke out in a small frame cooper-shop attached to the coal and wood establishment of P. McGary & Son, at Thirtieth and Chestnut streets. The structure was destroyed. The stames extended to some of the coal sheds and they were partially burned. A stable took fire but was not much injured. The horses and mules were all safely rescued by the police and firemen. Some of the sheds of Harris & Hannings's coal oil establishment were also damaged. Fortunately the oil did not take fire, the barrels mostly in danger having been rolled out.

The wind was blowing strong from the northeast at the time. Had it been in another direction the destruction of property would have been much more serious.

Dale, whose sudden death last week, shocked the business community, was Prothonotary of the District Court, and in 1850, sixteen years ago, refired from that office with \$14,900 as the net proceeds of his tenure in office, and, as he at the time avowed, about all of his earthly possessions. This sum he placed in the hands of Amos Phillips, a personal friend and shrewd manager of money, without writen acknow-ledgment, to be used as his own, and to make return to him or his heirs when called on. The fact of this deposit, thus called on. The fact of this deposit, thus made sixteen years ago, was known in Mr. D.'s lifetime only to the parties immediately connected with it, and Mr. D. having died suddenly, leaving no will or other record of this particular investment, from which he had never drawn anything, and which had steadily increased, his heirs, a son and daughter, on Friday last, were not a little surprised to receive from Mr. Phillips, in first-class securities and cash, the handsome sum of \$50,416. Though Mr. Dale had subsequently made and saved since his deposit of \$14,900 with Mr. Phillips, in 1850, a very handsome estate, these unknown securities passed over by Mr. Phillips was a perfect windfall. From Washington.

[Special Despatch to the Bulletin.] WASHINGTON, Dec. 31.—A leading Republican Senator has informed Governor Patton, who is urging the adoption of the Constitutional Amendment, that if the South did not accept it before the fourth of March, he would not be answerable for what followed. The President obstinately persists in opposing it.

The Ways and Means Committee are considering the question of reducing the cotton tax. As yet no result is reached. Chief Justice Chase having refused to grant the writ of habeas corpus in Dr. Mudd's case, his counsel have decided to

bring the matter before another United States judge. The wool manufacturers meeting here are opposing any increase of duty on wool. Several foreign ministers residing in Northern cities have arrived, to participate

in the New Year ceremonies at the White House.

NEW YORK, Dec. 61.—The steamer Henry Chauncey, with San Francisco dates to the 10th, and Panama to the 23d, arrived this

morning, bringing \$630,118 in specie. The U. S. flagship Powhatan, Admiral Dablgren, sailed from Panama for Callao, on the 16th. The brig Jacmel Packet was seized at As-

pinwall by U.S. Consul Rice on suspicion that the captain, who was offering the cargo, consisting of spices, for sale at half its value, was a runaway. The vessel had sailed from Singapore for Melbourne, but had been run off her course. Matters were very quiet on the Isthmus.

Mosquera continues his war against the Church, and has ordered the further confiscation and sale of church property. He has also ordered the seizure of all war materials, crossing the Isthmus for the Pacific Republics at war with Spain. He has decreed neutrality and gives liberty to both belligerents to bring prizes into the ports of the Republic for sale.

No final decision has yet been arrived at regarding the peace propositions of England and France. Peru still talks of war, although a minister from Chile had been sent to Lima to consult and advise.

Mexican News,

[To the New York Associated Press.] CHARLESTON, Dec. 30th.—Late Mexican advices at New Orleans, make no mention of the execution of Escobedo, and the previous report is therefore held to be un-

founded. The co-operation of Marshall Bazaine with Maximilian is regarded with distrust, as the two have been little better than open enemies for nearly a year. Trade is without any symptoms of recovering. Juarez is expected at Durango in a week, and would make that place his seat of government for the present.

Interesting from South America. NEW YORK, Dec. 31.—The U. S. steamer Powhatan, bearing penant of Admiral Dahlgren, left Panama on the 15th, for the South Pacific.

Bishop Vaquiz, of Panama, was banished for refusing to take the oath recently ordered by President Mosquera.

Mosquera has ordered the seigure of all cannon and other material of war attempted to be transported across the Isthmus for the Pacific Republics at war with Spain. Mosquera has decreed the Republic shall remain neutral, and that neither belli-

gerent shall have a right to bring prizes into the ports of Columbia for adjudication and sale. Senor Aqueldo has been appointed Columbian Consul General to the United States.

Valparaiso date of December 3d, and Callao 14th. It was not known at Valparaiso whether there would be peace or war with Spain.

The Chilean foreign Minister had gone to Callao by a special steamer, and the visit was belived to have reference to the offered European mediation. The late Peruvian Minister to England is

charged with gigantic frauds on the Government, with guano contracts, alone, amounting to nine millions of dollars. It was expected at Callao, that the

Spanish fleet, which left Rio Janeiro in Oc-

tober, with six months' provisions on board, was bound to Peru. The copper market at Valparaiso was active. About 22,000 quintals of bar copper were sold at \$1,612 50 on shore, and \$1,550 per quintal on board. Three cargoes of nitrate of soda had been sold at previous

Among the visitors we noticed Senator Doolittle and General Clingman, of North Carolina, late of the rebel army. General Clingman arrived last night and leaves this afternoon for New York on business connected with gold mining in his State. He has applied for, but never received a pardon. Scieure of an American Vessel at Aspinwall.
[To the U.S. Associated Press.] NEW YORK, Dec. 31.—Advices from Panama state that the American brig Jacmel Packet, Capt. Davies, from Singapore, was seized at Aspinwall, by the U.S. Consul, under suspicious circumstances. She left Singapore for Melbourne, with a cargo of spices, &c., consigned to Melbourne. Australia, for which voyage her papers

were made out in regular order. The vessel originally was built in the United States and afterwards transferred to the British flag, and then illegally transferred back to the United States flag by the American Consul at Singapore, Having obtained the fullest evidence of this, and the attempted swindle on the part of Captain Davies, Consul Rice seized the vessel and placed a guard of marines from the United States ship Mackinaw on board. Captain Davies previously disposed of his cargo, but the purchasers declined to fulfill their agree-

ments on learning the circumstances. The vessel will be placed at the disposal of our Government.
