CITY BULLETIN.

A NEW DEPOT.—The increasing passenger travel on the North Pennsylvania railroad has induced the management to remove the terminal station in this city from the present depot, on Third street, above Thompson, to the corner of Berks and American streets, where they have erected a large and substantial edifice, admirably adapted to the purposes of passenger travel, with all the appliances which should be found in a well ordered establishment of the kind. Although some distance further removed from the centre of the city than their present terminus, ample facilities of access are offered in the city passenger cars, no less than three lines converging in the immediate vicinity of the new depot. We notice, within the enclosure of their grounds at this point, several new passenger cars, intended for their through line to Wilkesbarre, which for excellence of finish and durability of material may challenge competition.

By reference to the advertisement of the Company, a change of hours, to take effect January 1, 1867, incident upon the removal of the depot, will be noticed, as also the various lines of city cars that run to or near the depot.

THE FRAUDS ON THE INTERNAL REVENUE.—One of the Sunday papers, yesterday, contained what purported to be a report of the evidence taken in this city, by Mr. Darling's Congressional Committee, in the matter of alleged frauds on the Internal Revenue. We have it upon the best authority that the report in question is almost entirely a fabrication, and that it was evidently gotten up in the interest of an official, who desires to be confirmed, and who has, on former occasions, resorted to sharp practices to accomplish his ends. The report gives detailed accounts of what witnesses said who had not been before the Committee at all, it puts language that was never uttered in the mouths of others, and brings forth imaginary parties to glorify the official in question. It is a sharp expedient to secure Senatorial support in Executive Sessions; but the Congressional Committee's antidote will probably accompany the lying newspaper bane to Washington, and the trick will fail of its object.

SUNDAY SCHOOL ANNIVERSARY.—The Church of the Epiphany was crammed to suffocation yesterday afternoon, on the occasion of the anniversary celebration of the Sunday Schools. The schools numbering over a thousand children occupied the whole ground floor of the church. The exercises consisted of singing a number of hymns in beautiful style, an address by the Rector, Rev. Dr. Newton and the presentation of the Christmas offerings of the schools. The offerings, amounting to about $2,000, were accompanied with bouquets which were arranged in a beautiful cross, six feet high, surmounted by a crown in gas-jets and supported by a base on the face of which the word LOVE was formed in bouquets presented by the Mission School of the Church. The whole celebration passed off with much spirit and was alike creditable to rector, teachers and scholars.

SUPPOSED MURDEROUS ASSAULT.—This morning, about four o'clock, a man was found lying headforemost in the area of a house on Congress street, above Front. His skull was fractured at the back part, and there were also wounds on other parts of the head. The man was conveyed to the Second District Police Station, and was attended by Dr. Reed. His recovery is considered impossible. There was nothing about his person to indicate his name or address. It is supposed that the man had been beaten and thrown into the place where he was found. He was apparently about twenty-eight years of age, and was very respectably dressed in dark clothing.

SNOW STORM.—Snow commenced falling in this city about 3 o'clock this morning, and continued to come down steadily until after 11 o'clock. Since that time the white flakes have continued to fall, but not so thick or fast. At noon about two inches on a level had fallen, but owing to the high winds there were heavy drifts, and in some places the snow was upwards of a foot in depth.

TILL TAPPING.—Michael Murray, John McKeagney and John O'Neill were before Ald. Lutz upon the charge of having robbed the money drawer of a public house, on Fitzwater street below Fifteenth, of $20. One engaged the proprietor in conversation in a back room while the others helped themselves. The accused were committed to answer.

LARCENY.—Thomas Cox and Henry Kramer, the mate and second mate of brig Waverly, were arrested by officers Ellis and Brown, of the Harbor Police, and were taken before Ald. Williams, on the charge of having sold some of the rigging of the vessel, and also upon the charge of having stolen coats and pants belonging to some of the crew. They were held to answer.

THE COCHRAN ROBBERY.—Mr. William G. Cochran offers a reward of $1,000 for the recovery of the bonds, stocks, &c., stolen from his store in Walnut street, on the night of the 21st inst. The different companies have been notified of the loss of these securities, and therefore the property is not of any value to anybody except Mr. Cochran.

DISORDERLY HOUSE CASE.—On Sunday morning, about half-past three o'clock, the Fifth District Police made a descent upon an alleged disorderly house at Seventh and St. Mary streets. Fifteen persons, all blacks, males and females, were captured. The prisoners all had a hearing before Ald. Swift and were committed.

LARCENY OF CHICKENS.—Charles Henry and George Freeman were arrested at Front and Norris streets, upon the charge of the larceny of seven or eight pair of chickens, which are awaiting an owner at the Eleventh District Police Station. The prisoners were committed by Ald. Clouds.

NO HORN BLOWING.—The horn blowers have come to grief. The noise and confusion created on Christmas eve became such a nuisance that the Mayor has issued an order to prevent a repetition this evening. Every person found blowing a horn in the streets is to be arrested and locked up.

THE SALE of Crystal Medallions, Pastels &c., from the American Art Gallery, New York, will be continued this evening at 7½ o'clock, at Scott's Art Gallery, 1020 Chestnut street. Sale positively without reserve.

LICENSES.—The first of January is the day fixed for the issue by the Mayor of licenses to pawnbrokers, to places of amusement, and for the storage of coal oil.

AMENDE PROPER.—If by chance you neglected to make a "Christmas" present to father, husband, son, grandson, brother, uncle, nephew, or to a much esteemed male friend, do not fail to make proper amends now "New Year" is at hand. The gift at this time of one of Warburton's inimitable Silk Hats, or one of his admirable Felt Hats, Winter Caps or Skating Caps, would gracefully cover up all previous omissions, and at the same time prove a comfortable covering for the head of the wearer. Go at once to Warburton's and make your selection. His store is at 430 Chestnut street, next door to the Post Office.

A MERRY CHRISTMAS AND HAPPY NEW has been secured to a large number of families in this city, we are glad to say, by the seasonable gift of a Wheeler & Wilson Sewing Machine. The agents for the sale of these superior machines, Messrs. Peterson & Little, No. 701 Chestnut street, have been overwhelmed with orders for several weeks, and have exhibited their usual promptness in filling them. We need hardly add that, for all kinds of family use, the Wheeler & Wilson machines are infinitely superior to any others.

"I COULD a tale unfold whose narrowest word would harrow up thy soul, freeze thy young blood," in the words of Hamlet's ghost, and indeed in these winter days it would be nothing difficult to freeze one's young or old blood, either. To secure ourselves against such a mishap, we should wear a "Louis V." whose tail will not unfold. These new and superior overcoats are only to be had at Chas. Stokes & Co.'s First Class Ready-made Clothing House, under the Continental.

The best Holiday Gift for a Lady.
The most useful and lasting present that can be made a lady friend is a
Florence Sewing Machine.
It will please her better than a thousand dollars worth of trinkets. The objections to other Sewing Machines are overcome in the Florence, and it is the only Machine warranted to give entire satisfaction.

THE GOLD MEDAL,
(highest premium awarded), to the FLORENCE SEWING MACHINE CO., for the BEST FAMILY SEWING MACHINE. Great Fair, American Institute, New York. Report of Committee,
REASONS:
1st. Its simplicity and great range of work.
2d. Its making four different stitches, viz: the Lock-Knot Double Lock and Double Knot.
3d. The Reversible Feed Motion, enabling the operator to run the work to the right or the left, and convenience of self-fastening the ends of seams.
4th. The perfect finish and substantial manner in which the machine is made.
5th. The rapidity of its working and the quality of the work done.
6th. The Self-Adjusting Tension.

At the NEW ENGLAND and VERMONT STATE FAIR, held at Brattleboro, Vt., Sept., 1866, the Committee on Sewing Machines submitted the following report:

THE FLORENCE SEWING MACHINE
"We consider the perfect finish and successful working of the Florence Sewing Machine deserves more than a passing notice. This machine combines all the excellencies, but none of the defects of other Sewing Machines with which we are acquainted. The great variety of work that can be accomplished by its four different stitches, the reversible feed motion, the self-adjusting tension, the rapidity and quality of the work done by it, clearly demands of us the award of the Society's highest premium—its silver medal."

At the NEW HAMPSHIRE STATE FAIR, held at Nashua, Sept. 1866, the "FLORENCE" was awarded the highest premium given to Sewing Machines.

At the MECHANICS' ASSOCIATION FAIR, held in Boston, September, 1866, the "Florence" received a Silver Medal and Diploma, together with all other Sewing Machines on exhibition.

At the late STATE FAIRS of Pennsylvania, Ohio and California the Florence was awarded the highest premium over all competitors. The verdict of the people is unanimously in favor of the Florence on account of its many advantages over all others. Must be seen to be appreciated. Call at the office,
630 Chestnut Street.
The Florence Sewing Machine Co. warrant every Machine sold.
