THE MORMON PEST. A serious sekism is reported to have begun among the Mormons in Utah. Amasa Lyman, Orson Hyde and Orson Pratt. who have been numbered among the Twelve Apostles, have been denounced by Brigham and it is understood that they have a large number of followers. They declare their dechurch. The difficulty seems to be as much one of finance as of faith, the exclusive control of the funds of the church by the Youngs gerous as is the lodging of absolute power. It is a scandal to the age and the nation that such a civil and ecclesiastical despotism as that of the Youngs should exist in any part of the United States, and especially that its foundation should rest, on the licentions and detestable practice of polygamy, which is contrary to the laws in every other part of the country. Decent people should, therefore, and will, rejoice at any circumstance that in-

But, my friends, we recognize in this celebration a devolion to science and art ennobling to the heart and mind. With you the attainment of a knowledge of music is not a mere accomplishment, but made part of the education of your life. In harmony with your natural taste you received your first lessons in your youth, and have pursued them eagerly and earneally. You have exhibited to us with an ease the most graceful, a skill the most excelling, and a force the most impressive, the compositions of the master minds; and in your riendly contention for victory, have proved that you are NATIONAL BANK OF THE REPUBLICA 809 AND 811 CHESTNUT STREET, PHILADELPHIA.
