row stream on which the rails on either side were spainted in different colors, and found ourselves in Russia. I have never crossed a frontier where the change between two countries was so marked and signal. We could still see the lamps of the Prussian station, and yet were amidst a population to whom German were amidst a population to whom German which the rails on either side of whose special train is already signal to secure the traffic of the other great towns to secure the traffic of the other great towns to secure the traffic of the other great towns on, which they wear during their whole time accordingly. In the four in they entered the establishment."

The Emperor himself is there, of course in the Lying-in due to secure the traffic of the other great towns to secure the traffic of the other great towns on, which they wear during their whole time accordingly between the chart, and said: "So must it be." The result is, great convenience of communication, to be sure, but, on the other hand, this glass-paper.

A year afterwards, phosphorus was introduced in the Lying-in to secure the traffic of the other great towns on, which they wear during their whole time according to sulphide of antimony, and in-different colors, and guests, whose special train is already signal to secure the traffic of the other great towns on, which they wear during their whole time which they was merely rubbed firmly between the chart, and said: "So must it be." The course in the known as when the chart, and said: "So must it be." The result is, great convenience of communication, to be sure, but, on the other hand, this glass-paper.

A year afterwards, phosphorus was introduced in the Lying-in the staffic of the other great towns on, which they were during their whole time to sulphide of antimony, and in-different colors, which they were during their whole in the Kremlin is of its religion, is the Lying-in the staffic of the other principles.

Hospital. "Women enter here with masks on, which they were during the chart, and said: " Summer apleness. Wnder "a roof of nine." To hear the ringdove brood, With the sorrow of love long past Thrilling the listening wood;
Deep mid the clustering firs,
Where the nightingale sings all day,
To hide in the darkness sweet, marked and signal. We could still assee the lamps of the Prassians, astion, and yet we have a present with the present of the Prassians astion, and the Prassians as th To ramble from field to field. At its core, that's still the same; And where the "speedwell" blue, Cheers with its two kind words, And the wild rose burns with a blush
At the flattery of the birds: To back on the grassy cliff. Lazily watching the sail, The blue plains of the deeper sea, And the shallows emerald pale; The breezes' rippling track,

And the sea-birds flickering white Athwart the rosy cloud And under the golden light. In the haycock, sweet and dry, To lazily nestle down, When half the field is gray and shorn And half the field waves brown 'Mid the clumps of purple thyme,
When the evening sky is red,
To lie and rest on the flowers Or better, amid the corn, To turn on one's lazy back, And see the lark upborne Over the drifting wrack; To hear the field-mouse run To its nest in the swinging stalk; And see the timorous hare Limp over the hedge-side walk. Such are the Summer joys That Epicureans love; Men with no morrow to heed. Heeding no cloud above; Grasshopper men that sing Their little Summer through, And when the Winter comes, they were interspersed. The earth was dun-colored, covered with dark mosses and lichens. All through it between the liches are most sumps; there was water everywhere, not running brooks or clear streams, but dark pools surrounded with dank weeds, and golomy meres with stacks of black turf piled the markes; I saw hare or two starled tenantless; a few wild-fowl hovered about the markshes; I saw hare or two starled from the ferns by the rattle of the police, which would have certainly attention, far less the attention of the police, which would have certainly any particular attention, far less the attention of the police, which would have certainly any particular attention, far less the attention of the police, which would have certainly any particular attention, far less the attention of the police, with intoxide of the police, which would have certainly any particular attention, far less the attention of the police, with intoxide of the police, which would have certainly any particular attention, far less the attention of the police, with intoxide of the police, which would have certainly any particular attention, far less the attention of St. Petersburg were amusing themselves with the spent a night of St. Petersburg were amusing of St. Petersburg were amusing. It is populated and all lattice of the very was in the coller, there is places of resort, the public spirit in "seeing life" as it was to be seen in those favorities of the very lating themselves with the Aussian capital. "Everywhere, and at all hours of the dark with how the mass of the population of St. Petersburg were amusing places and of the verified and all hours of the day, you meet with intoxi-cated up, and what is even more remarkable, scrup Happy the man, whose heart ls granite against Time's frost Whose Summer of calm content Who, when care comes with clouds That gather from East to West, las still a changeless heart, And sunshine in his breast. Massachusetts, Rhode Island, Connecticut, New Jersey, West Virginia, Kentucky and Indiana, and forty-two per cent. in Ohio. Most of the other States show some increase.

Gats—The condition of the oats points to a full average in the West, particularly in Wisconsin and Minnesota: also in Massachusetts, Rhode Island, Connecticut; New Jersey and the South, and slightly less in Maine, Vermont, New York and Kentucky.

Pastures and Hay—These crops are almost universally large, and average up to 15, 20, and and Kentucky.

Pastures and Hay—These crops are almost universally large, and average up to 15, 20, and even 30 per cent. and above.

Potatoes—The report of acreage of potatoes indicates a larger area planted in every State except Maine and New York. The condition is also above an average, with a few exceptions, among which are New York, Ohio and Indiana.

Fruits—Peaches, are so exceptional in their successful seasons and localities that estimates for States can scarcely be made with accuracy. New Jersey, as indicated by very general returns, shows 63 per cent. improvement over, last year, Maryland, 25; Delaware, 150; Virginia, 35; Michigan, 127. In other States estimates are given upon whatever data was received, showing a considerable increase over last year.

In other States estimates are given upon whatever data was received, showing a considerable increase over last year. decline in acreage and generally in condition.

Cotton has increased in average in North Caro-Georgia, Alabama and Arkansas: Texas. The average is about the same as last year. ON TUESDAY, AUGUST 18, AT 12 O'CLOCK NOON, Will be sold, at the Office of the Drake Petroleum Company, No. 142 South Sixth street, Philadelphia, 33,393 shares of the Stock of the said Company, unless an assessment of three cents per share, called Jung 5th last, shall be sooner paid.

By order of W. D. COMEGYS, Secretary and Treasures. W. D. COMEGYSa Secretary and Treasurer. cariy's date, though they were severely catechised by Northern and Southern speculators, some of whom publicly acknowledged their error, after the crop was sold.

It is too early to predict the avoidance of all the numerous enemies of cotton. Had the last crop been a good one, it would have yielded 2.5(9),000. A very good one would have yielded 3.060,060. Such results are probable this year.

Wool—An examination of this item of the tables will show that losses of sheep, unthrifty condition and a wet spring have had an influence both upon numbers and weight of fleece, and will lead to the conclusion that the wool clip of the present year is not materially larger than that of Jewelry, Diamonds, Gold and Silver Plate, and on all articles of value, for any length of time agreed on.
