It will become one of the most attractive editions of this favorite author, not only on account of its cheapment, but for its excellent typography. - Traveller, Boston. The engravings are on steel by Darteler, Roston.

The engravings are on steel by Dartely and Gifbert, and are far superior in point of finish and appropriateness of design to those which accompany either of the other editions.—Times, St. Louis.

It differs from both the other cheap editions of Dickens's Works issued by other publishers, in being printed with much better, clearer type, and on good paper, while it is bound with equal elegance and taste.—Logal Intelligences, Philadelphia. For the cye, it is the most agreeable edition of Dickens's Works yet presented.—Commonwealth, Bosson.

The "Globe" is the best ordinary, and the "Riverside" incomparably the most attractive and useful for the library—this edition surpasses all that we have seen.—Union, Brooktyn.
