FRENCH MEDICINES PREPARED BY GRIMAULT & CO. Chemists to H. I. H. Prince Napo-

leon, Paris. -----

These different medicines represent the most recent medical discoveries, founded on the principles of Chemis-try and therapeutors. They must not be confounded with secret or quack medicines, as their names sufficiently in-dicate their composition; a circumstance which has caused them to be apprecised and prescribed by the fa-culty in the whole world. They widely differ from those numerous medicines as divertised in the public papers as able to cure every possible disease, as they are applica-ble only to but a very few complaints. The most stringent laws exist in France, with regard to the sale of medical preparations, and cally those which have undergone an examination by the Academy of Medicine, and have been posed chicacions, either in the Hoapitals, or in the practice of the first medical nea, are authorized by the Government. This fact must be a guarantee for the ex-cellency of Mess. GRIMAULTS ET CO. medicines. DOCTOR LERAS'
