OITY NOTICES.

THE BEST THING YET. - We have recently had sufficient evidence of the excellence of Mr. Speer's Port Grape Wine, which not only convinces us that all we can say in its praise is deserved, but that we are really conferring a favor on our readers in advising them to use it. The wine is a pure grape wine, entirely unixed, and the most agreeable and delicious in flavor of any we have tasted. Of its medicinal qualities, we entertain the highest opinion, and upon the evidence of our own observations. Three bottles of this wine have nearly effected a perfect cure in the case of our little boy, who has been seven years afflicted with incontinence of the urine. A great number of remedies having been tried without benefit, and the most eminent physicians consulted with a like result. Speer's Port Grape Wine is effecting a cure. We have given this testimony without the knowledge of Mr. Speer, in the hope that others may be induced to try the virtues of this wine. -Mr. Pangborn, Editor of Jersey City Times.

Sold by druggists. For profitableinvestment, letting out of the question the philanthropy of the undertaking, we know of nothing better than taking one or more shares in the Riverside Institute at one dollar per share. The Washington Library, under the control of some of our best citizens, are offering inducements that every person should seize hold of, and though they buy but one share, in that much will they be the good cause, and placing it in the power of these honorable and well-known citizens to give every Orphan of a deceased Soldier and Sailor a home and an education fitting them to become, as their fathers before them, patriotic and good citizens. Persons calling at 1225 Chestnut street will receive all the in-

formation they may desire. HOME AGAIN. The Capes are now almost entirely deserted, the Springs attract but few visitors, and the falls are abandoned for the sake of the Fall trade. The fashionable streets have resumed their wonted activity, and swarms of appreciative people flock to the great popular confectionery of E. G. Whitman & Co., No. 318 Chestnut street, below Fourth. This firm is always found fully up to the requirements of the time, and their stock of seasonable confections is such as will gladden the hearts and tickle the palates of the lovers of choice dainties. For variety, deliciousness, purity and wholesomeness, the manufactures of E. G. Whitman & Co. stand A No. 1.

IMPORTANT TO HOUSEKEEPERS AND BUILDERS. -What the community have long wanted is a good cooking range suitable for summer and winter. Mr. J. S. Clark, No. 1008 Market street, has been many months perfecting such a range. He has two cylinders-one for summer and the other for winter-which can be easily adjusted, and give but little heat in the kitchen in summer, while in winter it will heat three rooms comfortably. It bakes, boils, roasts, and heats the bath water, all at the same time. It is a perfectly air-tight Gas Consumer, and requires but half the coal of any other range in use. It keeps fire for a greater length of time, and is a perfect model in every respect. Everybody should see this range at the warerooms of the patentee, J. S. Clark, No. 1008 Market street, as all who are about to purchase will be convinced of its superior advantages:

THE LAME WALK! THE BLIND

DRS. EVANS & RUTTLEY'S PRACTICE is mostly diseases of a chronic nature, and cases given up as incurable. Their treatment is peculiar to theinelvos; although there have been men in all ages who have had the same magnetic power over the diseases of the body and n ind, (some call it the "diff of Healing,") yet few have possessed it to such an extent over nearly all diseases and persons. It is a life and vitality passed from a strong, healthy body to a weak one, that restores the lost or unequal circulation of the visal or nervous fluid. Bo powerful is this influence, the persons who have for many years suffered from diseases which have been pronunced incurable, and to whom medicine has been administered with no good effect, have been restored to health in an incredibly short space of sime.

By this treatment it takes but a few minutes for inveterate cases of almost any curable chronic disease, and so such is the effect that but few diseases require a second operation, except Deafness, Broken Bones, Dislocation, bad Curvature of Spine, and Suppurating Tumors. Even these will be much benefited—always relieved from pain, and sometimes fully cured.
