At the trade-sale of Monday evening the lists of Charles Scribner & Co., and of Scribner, Welford & Co., were gone through with. Of the standard works, "Froude's History" and "Lang's Commentary" brought high prices and provoked a brisk demand, five hundred volumes of Lange alone being disposed of. The illustrated holiday books, "Bitter Sweet," "Cotter's Saturday Night, "Floral Belles," &c., were taken up very readily and promptly. In Scribner, Welford & Co.'s list, which was confined to English works

The Citizens' Association has recently made a protest against the expenditures for the support of the National Guard. The list of officers and men who appeared at the annual inspection of last October numbered 9,846, including the First, Second, Third and Fourth brigades. This computation is correct, with the exception of three regiments (the 73d, 77th and 79th, numbering 453 men, which have been disbanded.) It is held by good military authority, that the National Guard of this State should be reorganized, giving to this good mintary authority, that the National Guard of this State should be reorganized, giving to this city 10 regiments of 1,000 men each; it being provided that, when the membership of a regiment falls below eight hundred men, the remainder shall be distributed among other organizations. By this means, we should have a much more effective militie than at have a much more effective militia than at present, and at a considerably reduced expense.

NEW JERSEY MATTERS.

Religious Matters.—The impetus given to religious enterprise in South Jersey by the centenary efforts of Methodism is working decided advantages for that denomination of Christian worshippers. Unusual zeal and alacrity have been manifested in the building of new churches, and by the close of the present year some eight or ten will have been completed in the First Congressional District alone. But the most tasteful and commodious of these fine structures will be that one now in course of completion in Camden, known as the Centenary M. E. Church. The members of this congregation consist of many wealthy individuals, who branched off from the Third Street Church in March, 1866, and who have taken a deep interest and pride in the new structure they are erecting. When completed, it will be an ornament to the city and a credit to all who have exhibited an interest

Sanitary Measures. — The present warm weather has induced the authorities of Camden to attend to the matter of cleansing the streets as a necessary sanitary measure. An unusual amount of decomposing substances have accumulated in many of the principal streets, which emitted sickening miasma, which it was found necessary should be removed, and the streets cleaned, in kness. order to prevent the prev

To Be COMMENCED.—The route of the Camden Horse-Car Passenger Railroad has been surveyed, and nearly all the preliminary preparations for commencing the work perfected. The citizens of commencing the work perfected. The eltizens of Camden will hail with joy the completion of this road, for it will inaugurate a new system of progressive improvements which cannot fail to advance materially the prosperity and growing in-terests of the city and its inhabitants.

ATLANTIC COUNTY.—At the present time there are seven persons confined in the jail at May's Landing for various offences, awaiting trial. This is the largest number ever in that jail at one time, and as the court commenced its September term yesterday, it is most likely their cases will be acted upon this week.

ELEGANT CARS .- Six new and improved passenger railroad cars are now building at Borden-town for the New Jersey Railroad Company. They are to be finished in the most superb style. NEW BUILDINGS .- About two hundred new and commodious private residences are now in progress in Camden.

THE DOMINION OF CANADA.

A New Governor-General and New Commander-in-Chief—A "Rouge" Election Victory.

Montreal, Sept. 10, 1867.—Earl Mayo succeeds Lord Monck as Governor-General of the

Dominion next June. General Charles Windham, known as "Redan" Windham, from having led a successful assault on the Redan, replaces Michel as Commander-in-, Chief of the army.

His appointment will be officially announced

this week.

The Earl of Mayo belongs to the ancient house of Clanricarde, in Ireland, and the earldom is one of considerable influence. The family name is Bourke. I believe the peerage is now held by Richard Southwell Bourke, Lord Naus, who was

Chief Secretary for Ireland during the Fenian insurrection, and was spoken of in connection with the Governor Generalship of Canada before Lord Monck. His father (Robert Bourke, Earl of Mayo) would be now about seventy years of age, and, to the best of my recollection, died a short time since.

The families of the Bourkes and Windhams—

that of the new Commander-in-Chief-are related by marriage. Mr. Doomie has been elected to the Dominion Parliament by a majority of twenty,
The result is a "Rouge" victory.

AMUSEMENTS.

THE WALNUT .- A Midsummer Night's Dream will be performed this evening.

THE ARCH.—Julia Dean will appear to-night as "Lady Isabel," in the drama of East Lynne. THE CHESTNUT .- Mr. and Mrs. W. J. Florence will appear in Caste at the Chestnut this evening.

THE BLACK CROOK .- The Black Crook will be presented in good order at the Academy of Music to-morrow night.

Concert Hall is crowded nightly with most respectable audiences listening to the wonderful performances of Blind Tom. His playing three tunes at once; playing a piece with his back to the plane; giving his imitation of the Dutch woman with her hand-organ, and then spelling out with the keys of the instrument any article held up by the audience without his seeing it, is certainly a marvel. He plays every night this week at Concert Hall, and gives matinées on Wednesday and Saturday afternoons at half-past two o'clock. We advise all our readers to hear

BURNETT .- Mr. Alf. Burnett will give one of his humorous entertainments at Assembly Build-

ing to-night. BLITZ.-The Signor will legerdemain for the benefit of the public at Assembly Building tonight.
