Judge Kinney dissents from the conclusions in the report of General Sanborn (heretofore published), and says: "The question recurs what the same of yeilow fever has occurred in Yonkers, N. Y.

The State Department learns that Onoto Megero and Matzmotu Judava, the Japanese Commissioners, safely returned to Yeddo on the 2ction insistence. The judge suggests that the Indians be located in new reservations. He says:

"A reservation is his only ark of safety. As long as he receives your presents and bounty outside of reservations, he will not adopt industrial habits. Withdraw, then, agents and support from all who so romain, and transfer them to the military department. Subdue the fivo or six thousand who are now fighting us, and, as here proposed, make the conditions of peace a prompt resort to reservations.
