Novel and Attractive Display.—Last night, notwithstanding the weather, there was quite a crowd attracted in front of Bennett's Fancy Bazaar, No. 20 North Eighth street, to witness the peculiar window display, and the novel mode of illuminating it, which was by means of two beautiful candelabras and a chandelier, surrounding a vase of natural flowers. The whole effect was striking, and was universally admired. The display of flowers was really magnificent. This evening the same style of lighting will be repeated, and we advise the public to visit that locality, as it will amply repay them.

Larceny of a Water.—James Gowan and Lucy Scott, both colored, were before Alderman Morrow, this morning, charged with stealing a watch.
