CITY BULLETIN.

Sudden Death of the Chief Engineer of the Fire Department.—David M. Lyle, Esq., the Chief Engineer of the Fire Department, was found dead in his office at No. 817 Filbert street, on Saturday morning. On Saturday Chief Lyle was in his usual health and spirits. About two o'clock on Saturday afternoon J. West Blake, Esq., the Secretary of the Department, left the office and was told by the Chief that he need not return again. About an hour afterwards the deceased was observed at a place in the neighborhood and returned to his office. That was the last seen of him alive. On Saturday evening Mr. Blake was at the Central Telegraph office, but as there was no light in the Chief Engineer's office he did not go in. The Chief resided at No. 817 Filbert street, but was not at his house on Saturday or Sunday evenings. It was not an unusual circumstance for him to stay away all night and nothing was thought of it. This morning about seven o'clock Mrs. Elizabeth Hayes entered the office for the purpose of cleaning it, as was her custom every morning. She observed the Chief lying on the floor near the washstand with his head on a spittoon. She called Mr. William Stuard, an operator at the Central Station, and he, in company with Detective Marlow, entered the office and found that the Chief was dead. The appearance of the corpse indicated that he had died in a fit.

In his left hand was a $1,000 7-30 bond, and on the table were four similar bonds. Early last week he had been talking about investing some money, and had probably purchased the bonds just previous to his death.

The deceased was a native of this city, having been born on Ma...et street, near Seventeenth, and was about 45 years of age. He was a house painter by trade.—He had always taken a prominent interest in the affairs of the Fire Department. He was a member of the Fairmount Fire Company, and for many years had been its President. This company has a very large membership, and much of its success is due to the personal exertions of Mr. Lyle. In 1860 he was elected Chief Engineer of the Fire Department, and entered upon his duties on the 1st of October in that year. He was very popular among the members of the Department, and has twice been re-elected. His present term of office will expire on the 1st of October, 1868. He had expressed himself as a candidate for re-election, and there is no doubt that he would have been successful. He was very liberal in his expenditures for charitable purposes, and during the war many wounded soldiers were indebted to him for little luxuries. At every signal for the firemen's ambulance he was always ready, and no man worked harder in getting the maimed men comfortably into the ambulance. Anything which would tend to ameliorate the sufferings of the wounded heroes was not wanting, and Chief Lyle frequently bought whole boxes of oranges and other luxuries to be distributed among them. As an officer of the Department he was active and energetic, and to those having business with the office he was always courteous and obliging. There is scarcely a member of the Department who will not hear of his sudden demise with much regret. When companies from other towns and cities visited the city, the Chief was always foremost in extending to them a hearty welcome, and in escorting them to all the places of interest in the city. In that way he became well known throughout the country, and his death will be a source of regret to all. He was a single man, and his only immediate relations are James Lyle and General Peter Lyle, who was recently elected Sheriff and is now suffering with a broken leg.

The houses of the Hibernia and several other fire companies have been draped in mourning in memory of the deceased.

Fatal Accident.—While the Washington and New York train was at Chester, on Friday night, Dr. M. M. Mathews, of Rochester, N. Y., attempted to pass from the rear cars (which come only to this city) to the front ones, which go through to New York city, and having to pass some sleeping cars, the train got under considerable motion before he could reach the rear of the front car, and in the attempt to get on he missed his hold and was thrown to the ground, striking on the back of his head. The train was stopped; he got up unaided and walked to the car and got on, not supposing himself seriously hurt. In a few minutes, however, he showed symptoms of injury of the brain, and in about twenty minutes from the time of the fall he sank into a comatose state. Dr. J. W. Dale, of Albion, N. Y., his traveling companion, brought him on to this city, which they reached at 1 A. M., and put up at the Girard House, where Professors O. Hering, C. G. Raue and J. C. Morgan were called in, and rendered every assistance, but to no purpose, [and at 5 P. M. on Saturday he died, for the kind attentions shown to her husband. Dr. Mathews was one of the oldest and most influential physicians of New York State, and was known only to be loved.

Murderous Assault with a Sword.—Edward Maguire and James Maguire were before Alderman Beitler this morning, charged with assault and battery with intent to kill Edward Keeps in a tavern at Water and Callowhill streets. On Saturday evening a number of laboring men who were in the place got into a fight. Edward ordered them out, and finding that they were not disposed to go, he seized a cavalry sword and made a murderous charge upon them. He wounded four or five of them before he drove them out. While he was attacking the party, James was not idle; he was posted near the bar, throwing bottles, oysters, knives, etc., and applying a black-jack to the craniums of the fighters. The prisoners were arrested by Policeman Krip, of the Seventh District. They were held in $2,000 bail each, to answer.

A Desperate Fellow.—Mark Clifford was before Alderman Patchel this morning, charged with larceny and assault and battery. On Saturday and another man, name not known, went into the grocery store of Mr. Burk, at Seventeenth and Sansom streets, to sell some relics. While the unknown individual was effecting a sale, Clifford picked up a package of brooms and walked out with them. An officer approached him and made inquiry about the brooms, when, it is alleged, Clifford drew a knife and attempted to stab him. The accused was committed.

Terribly Burned.—On Saturday a little German girl, residing at Germantown road and Thoga streets, was terribly burned about the body by her clothes taking fire from a lighted stick in the hands of a boy named Charles Martin. A number of youths had built a bon-fire on a lot near the girl's home. She was playing near the fire, when Martin, it is alleged, purposely thrust the burning stick under her clothing. He was arrested and held by Alderman Good to await the result of her injuries.

Stabbing Case.—James Gibson was arrested at Sixth and Shippen streets, yesterday morning, by Policeman Simms, of the Fifth District, for committing a murderous assault upon two sailors, named Stark and O'Nell. The trio quarreled, and while thus engaged Gibson thrust a knife into the shoulder of O'Nell and then into the back of Stark. Alderman Tittermary committed him to answer.

The Turf.—On Wednesday next, if the weather be favorable, a race will take place at Point Breeze Park, between three of the best road horses in Philadelphia, mile heats, best three in five, to road wagons. Horses to start at three o'clock in the afternoon.

Robbery.—On Saturday evening $650 in Government bonds and $100 in cash were stolen from the house of Mrs. Wilson, on Nice street, Nicetown. John Wilson, alias John Robbits, her son, is alleged to have committed the robbery. He made his escape.

Alleged Pickpocket.—Henry Burton, alleged to be a professional thief, was arrested at an auction store on Second street, above Buttonwood, on Saturday, charged with attempting to pick the pocket of a lady. Ald. Toland committed him for trial.

Charged with Larceny.—William Mayberry was before Alderman Beitler this morning, upon the charge of the larceny of a diamond brooch and earrings. The jewelry had been pawned, and the owner allowed Mayberry to take the articles out and hold them as security for the payment for a sewing machine purchased of him. Mayberry kept the jewelry for about four months, and then, it is alleged, sold it without authority. He was held to answer.

Heavy Fog.—The city was enveloped in a dense fog this morning, and up to nine o'clock it was scarcely possible to observe persons across the street. The atmosphere is damp and chilly, and altogether the weather is very disagreeable.

Disturbing Religious Meetings.—Two young men were arrested in the Twentieth Ward last evening, for disturbing religious meetings. They were fined by Ald. Fitch. They are named Geo. McVey and John H. Snyder.

Accident.—A carriage, occupied by a man named Garvin and a lady, was driven at a rapid rate along Second street yesterday, and at South street was run into by a passenger car. The wagon was smashed and the occupants were thrown out. The lady was badly injured.

Great Lecture by Henry Vincent.—Mr. Vincent, who is announced to lecture to-morrow evening at Concert Hall, is one of the most pleasing and instructive speakers of the day. He has selected his great lecture on "John Milton" for the occasion, and will do justice to the subject. For brilliancy, the lecturer can hardly be surpassed, while he will, at the same time, instruct all who hear him. This morning the demand for tickets was good, nearly all the seats having been taken up to the centre of the Hall. All who desire to hear the lecture should secure tickets at once. They are for sale at Ashmead's, 724 Chestnut street.

A LETTER OF GENERAL INTEREST

FOR

THE PUBLIC!

HOME JOURNAL OFFICE, 107 Fulton Street, NEW YORK, July 11, 1867.

LEOPOLD HOFF, Esq., 542 Broadway, New York.

Dear Sir—As an act of gratitude to you, as well as for the advantage at ANY rate; I wish to say that my daughter has derived great relief and benefit from the use of your "MALT EXTRACT." She has been ill for some time, suffering (I believed) from consumption, general debility, loss of blood and strength, for which she has been treated by several physicians without any success, and in vain. It was through the advice of a friend that I followed the advice of the well known Dr. JOHN W. make the admission that from its use she has received great relief, and become so much stronger in health and strength. She feels compelled to take it continually, for if she stops but one day after considerable interval there is a relapse of her old complaint and a return of those symptoms; and so certain to make what use you are of this letter, and I shall be pleased at any time to testify personally (at the above address) to the valuable properties of your WONDERFUL REMEDY, so universally known as a fact.

Very truly yours, THOMAS HARFORD,
Book-keeper, Home Journal.
