This ordinance excited considerable debate. It was complained, and justly, by those least able to lose the money (teachers, policemen, etc.), that their warrants did not bring what was marked upon their face-that they were compelled to accept a discount on what they earneed—to hawk them about the streets, and sell them at what price they might.

The terms of Mr. Potter's ordinance are these:
That hereafter upon the presentation of city warrants at the office of the City Treasurer, it shall be the duty of the Treasurer to pay the same on demand and in the order of their presentation—and in the event of the inability of the City Treasurer to so pay the same on their first presentation, he shall cause such unpaid warrants to be stamped, with date of presentation and number; and he shall then announce to the holders the earliest possible time within which he shall be able to pay the same. And thereafter no new or unstamped warrants shall be cashed until all those which have been stamped have first been paid; and in order of the number—the Treasurer making previous publication by printed notice, printed on the door of his office, of the time at which he will be able to commence the payment of stamped warrants.

Mr. Littleton's amendment was rejected and the ordinance finally passed.

Mr. Potter explained that Mr. Raiston's claim had passed Select Council.

Mr Littleton wanted to know whether we were not paying too much to a man who carted dirt to the Park, as rumor hed it. That was his own convenience. He also thought that \$200 was too high a sum to pay Dr. Levis for his services. He moved to amend by making it \$100.
